Program Description

Overview

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

This program will support the efforts of states, communities, tribal jurisdictions, nonprofit organizations, for-profit organizations, and institutions of higher education to implement programs and strategies that identify, respond to, treat, and support children, youth, and families impacted by the opioid epidemic to ensure public safety.

Statutory Authority

Department of Justice Appropriations Act, 2021 Pub. L. No. 116-260, 134 Stat. 1182, 1261.

Specific Information

The opioid epidemic has disrupted public safety and public health, and significantly increased the burden on state and local law enforcement, substance abuse treatment delivery systems, mental health systems, child welfare and foster care, and the juvenile justice and criminal justice systems. Through this program, OJJDP is helping states and communities develop a data-driven, coordinated response to opioid abuse-related challenges that impact youth and community safety. Funding under this program may be used to support programs and services to youth and families impacted by both opioids and other substance use disorders.

This solicitation provides funding for two categories—Category 1: Opioid Affected Youth Programs and Services and Category 2: Opioid Affected Youth Initiative Training and Technical Assistance.

Goals, Objectives, Deliverables, and Timeline

Category 1: Opioid Affected Youth Programs and Services

Goals

The goal of this category is to provide programs and services to youth and families impacted by both opioid and other substance use disorders.

Objectives

Objectives include implementing programs and services that address public safety concerns, intervention, prevention, diversion, and treatment services for children, youth, and families directly impacted by opioid abuse. Sites should work in partnership with representatives from law enforcement, education, probation and community supervision, juvenile court, mental health service providers, medical physicians/examiners, prosecutors, community-based organizations that address substance abuse, child welfare agencies, child protective services, first responders, and other community health agencies.

Deliverables

Deliverables include the implementation of prevention, intervention, diversion, and treatment programs and strategies that respond to both opioid and substance use disorders to ensure public safety.

Category 2: Opioid Affected Youth Initiative (OAYI) Training and Technical Assistance

Goals

The goal of this category is to build the capacity and effectiveness of OJJDP-funded OAYI grantees and communities across the nation to develop and implement programs and strategies that address the opioid epidemic.

Objectives

Objectives include developing, implementing, and enhancing training and technical assistance (TTA) materials and activities based on best practices for addressing the opioid epidemic, and helping OJJDP identify promising, innovative, and effective programs and strategies for addressing the opioid epidemic.

Deliverables

- A transition work plan (if necessary) that describes how the grantee will incorporate data, materials, and processes from the current OJJDP-funded TTA provider into the applicant's proposed TTA approach, including collaboration and interface between outgoing and incoming providers during the transition phase.
- A plan that documents protocols for managing TTA requests and delivery of consistent and quality TTA.
- A needs assessment that analyzes data and information on the opioid epidemic to identify program and service needs and gaps.
- A strategy to collect, maintain, and disseminate information about effective policies, practices, and trends related to opioids and substance use disorder.
- A plan to develop and disseminate resources and tools to inform OAYI grantees and communities on best practices.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed,

as discussed under Application and Submission Information.

OJJDP Training and Technical Assistance Awardee Standards

OJJDP has developed the Core Performance Standards for Training, Technical Assistance, and Evaluation to promote among providers the consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with the OJJDP National Training and Technical Assistance Center (NTTAC) by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these protocols at any time with reasonable notice to the grantee prior to project completion.
- **OJJDP-funded webinars.** The award recipient must comply with OJJDP's webinar guidelines, as described in the Core Performance Standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP in advance of all events for the online calendar, record events, and provide the final files (which must be compliant with Section 508 of the Workforce Rehabilitation Act) to OJJDP or OJJDP's representative. For more information on Section 508 of the Workforce Rehabilitation Act, visit <https://www.section508.gov/>.
- **Training information sharing.** OJP will collect information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP's standard electronic training request form, submit information to OJJDP on all training events (e.g., name of requester, description of request, dates of event) 30 days in advance of the event date, and report additional data, as OJJDP requires.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

OJP Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community. In FY 2021, OJP will give priority consideration in award decisions to applications that demonstrate ways in which their projects will advance one or more of these areas.

To receive priority consideration for advancing one or more of the Department's priorities, the applicant must provide a sufficient narrative explanation as an attachment, that specifies how the project will advance the promotion of civil rights, access to justice, support to crime victims, protecting the public from crime and evolving threats, or building trust between law enforcement and the community.

In addition, OJP will give priority consideration, if applicable, to applicants that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent poverty counties. For purposes of this priority consideration, the term "high-poverty area" means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term "persistent poverty counties" means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saie.html>).

Priority consideration is one of many factors that OJP considers in making funding decisions and is not a guarantee of an award.

The following sections must be included as part of the program narrative:

a. Description of the Issue

Applicants should briefly describe the nature and scope of the problem that the program will address. The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding. Applicants should also submit letters of support and commitment from experts, stakeholders, partners, task force members, or key agencies and groups who will work closely with you on your project, receive grant funds, or contribute funds to the completion of project activities.

d. Plan for Collecting the Data Required for This Solicitation's Performance Measures

Describe the process for measuring project performance. Identify who will collect the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the impact of the project. Describe the process that will be used to accurately report data.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
