Program Description

Overview

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community

The Juvenile Drug Treatment Court Program builds the capacity of states, state and local courts, units of local government, and federally recognized tribal governments to implement new juvenile drug treatment courts (JDTCs) and enhance existing JDTCs for individuals with substance abuse problems or co-occurring mental health disorders, including histories of trauma.

When describing substance abuse, the [Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition](#), uses the term "substance use disorder" for the clinical and functional assessment of an individual's recurrent use of alcohol and/or drugs that causes significant impairment, such as health problems; disabilities; or failure to meet work, school, or home responsibilities. For more information, see <https://www.samhsa.gov/disorders/substance-use>.

Statutory Authority

34 U.S.C. 10611 et seq. and the Department of Justice Appropriations Act, 2021, Pub. L. No. 116-260, 134 Stat. 1182, 1259.

Specific Information

The JDTC must also meet the requirements of 34 U.S.C. 10611(a), including:

- Continuing judicial supervision over juveniles, and other individuals under the jurisdiction of the court, with substance abuse problems who are not violent offenders.
- Coordination with the appropriate state or local prosecutor.
- The integrated administration of other sanctions and services, which shall include:
 - Mandatory periodic testing for the use of controlled substances or other addictive substance during any period of supervised release or probation for each participant.
 - Substance use treatment for each participant.
 - Diversion, probation, or other supervised release involving the possibility of prosecution, confinement, or incarceration based on noncompliance with program requirements or failure to show satisfactory progress.
 - Offender management and aftercare services such as relapse prevention, healthcare, education, vocational training, job placement, housing placement, and childcare or other family support services for each participant who requires such services.
 - Payment, in whole or in part, by the offender for treatment costs, to the extent practicable, such as costs for urinalysis or counseling.
 - Payment, in whole or in part, by the offender, of restitution, to the extent practicable, to either a victim of the offender's offense or to a restitution or similar victim support fund.
- Although the authorizing statute requires JDTC Program grant recipients to require participant payments for treatment and restitution, it does not allow recipients to impose a fee on an offender that would interfere with his or her rehabilitation. Applicants should include in their application provisions for determining if these costs would interfere with an offender's rehabilitation or graduation. See 34 U.S.C. 10611(b).
- Furthermore, consistent with the authorizing statute at 34 U.S.C. 10611(c), JDTC Program grant recipients must require mandatory periodic drug testing that is accurate and practicable. Each participant must be tested for every controlled substance that the participant has been known to abuse and for any that the court may require. The courts must impose graduated sanctions that increase punitive measures, therapeutic measures, or both whenever a participant fails a drug test. Such sanctions and measures may include, but are not limited to one or more of the following:
 - Incarceration.
 - Detoxification treatment.
 - Residential treatment.
 - Increased time in the program
 - Termination from the program.
 - Increased drug screening requirements.
 - Increased court appearances.
 - Increased counseling.
 - Increased supervision.
 - Electronic monitoring.
 - In-home restriction.
 - Community service.

- Family counseling.
- Anger management classes

Goals, Objectives, Deliverables, and Timeline

Category 1: Juvenile Drug Treatment Court Planning and Implementation

Goals

The goal of this category is to support jurisdictions that identified a need to establish a JDTC.

Objectives

The objective is to support courts in providing treatment and accountability to youth with substance use disorders by offering access to treatment and recovery services that will ultimately ensure public safety and productive adults.

Funding under this category will support a 12-month planning process that will educate the JDTC team about the basic components of a JDTC and develop a program that integrates court and treatment functions. OJJDP expects the court to be operational and providing services at the conclusion of the planning process.

Deliverables

The deliverables for this category will be a strategic plan for program implementation that includes a timeline and a JDTC Policies and Procedures Manual for the program.

Applicants must include in their application:

- Signed letters of commitment from each of the key drug court team members: judge, prosecutor, defense attorney, treatment provider, drug court coordinator, law enforcement, and community supervision representative.
- A plan to hire a JDTC coordinator to manage the coordination of activities and the strategic plan.
- Certification that all treatment programs and providers used in the drug court program are licensed, certified, or accredited by appropriate state government or professional agencies.

Category 2: Juvenile Drug Treatment Court Enhancement

Goals

The goal of this category is to expand adolescent substance use disorder (SUD) treatment services in existing JDTCs, including screening, assessment, case management, recovery support services, and program coordination to JDTC participants. Successful applicants will be expected to provide a coordinated, multisystem approach designed to combine the judicial oversight authority of JDTCs with effective SUD treatment services in order to reduce recidivism and substance use. Funds may be used to hire a coordinator to support statewide strategies to implement the JDTC model with fidelity, standardize JDTC practices, and increase access to and/or availability of SUD treatment and recovery services.

Objectives

The objectives of this category are to improve access and availability of adolescent (and family when appropriate) SUD services to a larger number of clients, increase the number of individuals served, and/or propose enhancements to improve the quality of treatment services by adding evidence-based treatment approaches or adding new treatment services to address unmet or emerging trends.

Deliverables

The deliverable for this category will be a long-term strategy and detailed implementation plan to enhance the JDTC and include an overview of (1) the JDTC's current practices and (2) proposed enhancements to change or implement during the project period.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under Application and Submission Information.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

OJP Priority Areas

In FY 2021 and in addition to executing any program-specific prioritization that may be applicable, OJP will give priority consideration to applications as follows:

- Applications that address specific challenges that rural communities face.
- Applications that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.
- Applications that offer enhancements to public safety in economically distressed communities (Qualified Opportunity Zones).

To receive priority consideration under the rural priority, applicants must describe what makes the geographic service area rural (using U.S. Census or other appropriate government data; for assistance, applicants may wish to refer to <https://www.census.gov/programs->

[surveys/geography/guidance/geo-areas/urban-rural.html](https://www.census.gov/surveys/geography/guidance/geo-areas/urban-rural.html)), how isolated the area is from needed services, and how they will address specific challenges in rural communities.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent poverty counties. For purposes of this priority consideration, the term “high-poverty area” means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term “persistent poverty counties” means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saipe.html>).

To receive priority consideration under the Qualified Opportunity Zones priority, applicants must include information that specifies how the project will enhance public safety in the specified QOZs. For resources on QOZs, and for a current list of designated QOZs, see the U.S. Department of the Treasury’s resource webpage, accessible at <https://www.cdfifund.gov/pages/opportunity-zones.aspx>

OJP policy priority consideration will consist of receiving additional points in the application scoring process. Receipt of priority consideration does not guarantee that an application will be funded; nor will the failure to receive priority consideration necessarily mean that an application will not be funded.

Applications that meet basic minimum requirements will be evaluated by peer reviewers. Applications will be evaluated on how the proposed project/program addresses the following criteria:

1. Description of the Issue (10%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (45%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (25%) - evaluate administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (10%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

b. Additional Review Criteria

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to addressing specific challenges that rural communities face, high-poverty areas or persistent-poverty counties, demonstrable potential enhancement to public safety in one or more federally designated Qualified Opportunity Zones), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (Web-based Form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting peer review. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
