

"Name of State/Territory" FY 2021 Title II Budget Detail Worksheet

*Note that at least 75 percent of funds, other than SAG allocation, must be expended, directly or via subgrant, on the program areas described at 34 U.S.C. § 11133(a)(9). Please indicate the purpose area (by letter (A) – (W) [See reference attachment on pg. 30]), under which the programs or activities in your budget fall.

Pursuant to 34 U.S.C. § 11132(c), states are now required to designate not less than one individual who shall coordinate efforts to achieve and sustain compliance with the core requirements and certify whether the state is in compliance with such requirements.

Budget Narrative:

The budget narrative should thoroughly and clearly describe the activities funded under the “Planning & Administration” and in each of the “Program Contracts & Subawards” budget categories. Budget Narratives should accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. The narrative should be used to describe subawards and contracts that the designated state agency will make available through programs of units of local government or combinations thereof, to the extent such programs are consistent with the state plan; to carry out part of the required activities under the Title II Formula Grant award.

The budget narrative should be mathematically sound and correspond clearly with the information and figures provided in the Budget Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how those costs are necessary to the completion of the proposed project. The narrative may include tables for clarification purposes, but need not be in a spreadsheet format. As with the Budget Worksheet, the budget narrative should describe costs by year. The narrative should describe how the state will meet the requirement to spend 75% of the award for programs listed at 34 U.S.C. § 11133(a)(9), including identifying the specific program area (using Program Areas A to

W), subrecipient selection criteria, any local match requirements imposed by the state, goals and objectives, plans and procedures required of subrecipients, and any collaboration methods for involving the State Advisory Group (SAG) in the implementation of activities and services.

1. identify (if known) the proposed subrecipient(s),
2. describe in detail what each subrecipient will do to carry out the federal award and federal program, and
3. provide a justification for the subaward(s), with details on pertinent matters such as special qualifications and areas of expertise.

Pertinent information on the 66 and 2/3 percent pass-through [34 U.S.C. § 11133(a)(5)] and 75 percent requirement [34 U.S.C. § 11133(a)(9)]: should appear not only in the Program Narrative but also in the Budget Narrative.

Note: The JJDP Act provides that unless the OJJDP Administrator grants a waiver to any state in which the services for delinquent or other youth are organized primarily on a statewide basis, the state plan must provide that at least 66 and 2/3 percent of these award funds as reduced by the percentage (if any) specified by the state under 34 U.S.C. § 11133(a)(25) and excluding funds made available to the state advisory group under 34 U.S.C. § 11132, shall be expended consistent with 34 U.S.C. § 11133(a)(5).

* Applicants are to disaggregate Planning and Administrative (P&A) costs by the subcategories listed above, which are to primarily cover:

1. The salaries of staff, such as a juvenile justice specialist, compliance monitor, and/or administrative assistant.
2. Travel costs of staff for the following:
 - To attend national and regional OJJDP-sponsored conferences and workshops, as appropriate.
 - To attend local conferences and workshops, as appropriate.
 - To monitor contracts and subgrants with providers throughout the state.

State may use up to the 10% of the award amount for Planning and Administration. 34 U.S.C. § 11132(c). (Please note that the state must provide a cash match for the amount spent on planning and administration.)

Sample Calculations of the Pass-Through (Subaward) Requirement, SAG Funds, and Planning and Administrative (P&A) Costs

The following is an example only; the dollar amounts and percentages may vary depending on whether the state has a waiver of the 66 and 2/3 percent pass-through requirement and whether the state expends the full amounts allowed for SAG and P&A.

To calculate the amount the state may use for P&A:

\$600,000 FY 2021 award amount x 10% P&A = \$60,000 P&A federal share (must be matched)

To calculate the amount the state must pass through to units of local government or combinations thereof:

\$600,000 FY 2021 award amount - \$20,000¹ SAG allocation = \$580,000

\$580,000 x .6666 = \$386,280 must be passed through.

¹ States and territories may not use more than 5 percent of their annual allocation to support the SAG in carrying out the activities required under 34 U.S.C. § 11133(a)(3)(B)-(D), which must be described in the state plan

NOTE: To demonstrate that the state meets the pass-through requirement, put a “P” next to each line item that is being passed through, as in the sample budget above. If a line item includes both funds that are being passed through and funds that are not being passed through, clearly identify the amount for each. For example, if the Racial and Ethnic Disparities (RED) line item includes funds for staff salary as well as program funds, list one RED line item with the staff salary amount and a second RED line item with the amount of funds being passed through for programming, with a “P” next to the amount.

Important note: If a state is out of compliance with one or more of the core requirements of the Formula Grants Program, OJJDP must reduce its award by 20 percent for each requirement with which the state fails to comply, pursuant to 34 U.S.C. § 11133(c)(1)(A). To receive any allocation, the state must use 50 percent of the amount received after the reduction for noncompliance to achieve compliance, pursuant to 34 U.S.C. § 11133(c)(B)(i).

Alternatively, per 34 U.S.C. § 11133(c)(1)(B)(ii), the state need not expend 50 percent of the remaining funds to come into compliance with any of the four requirements if the OJJDP Administrator determines that the state (I) has achieved substantial compliance with such applicable requirements with respect to which the state was not in compliance and (II) has made, through appropriate executive or legislative action, an unequivocal commitment to achieving full compliance with such applicable requirements within a reasonable time.
