The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Office of Juvenile Justice and Delinquency Prevention](#) (OJJDP) is seeks applications for funding for the fiscal year (FY) 2022 Enhancing Juvenile Indigent Defense program. This program will provide funding to states and localities and training and technical assistance to enhance youth defense delivery systems.

This program furthers the DOJ’s mission to reduce violent crime by supporting states and localities in their efforts to address barriers and gaps within their juvenile justice systems for indigent youth.

This solicitation incorporates the [OJP Grant Application Resource Guide](#) by reference. The OJP Grant Application Resource Guide provides guidance to applicants on how to prepare and submit applications to OJP for funding. **If this solicitation expressly modifies any provision in the OJP Grant Application Resource Guide, the applicant is to follow the guidelines in this solicitation as to that provision.**

Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

OJJDP envisions a nation where our children are free from crime and violence. If they come into contact with the justice system, the contact should be rare, fair, and beneficial to them. This program supports improvements for youth defense. In alignment with current knowledge and understanding of adolescent development, juvenile justice leaders—including the defender community, in particular – are shifting the vernacular used to describe young people to ensure system actors are using language that affirms the dignity and value of all youth, supports positive identity development, and promotes fairness, equity, and justice for all youth. For this reason, this solicitation uses the term “youth” in lieu of the term “juvenile.” Funding awarded under this solicitation must be used to improve what has historically been referred to as “juvenile indigent defense.” Where the term “youth defense” or “youth indigent defense” is used in this solicitation, it means the defense of juveniles who are indigent.

Statutory Authority

Any awards under this solicitation would be made under statutory authority provided by a full-year appropriations act for FY 2022. As of the writing of this solicitation, the Department of Justice is operating under a short-term "Continuing Resolution"; no full-year appropriation for the Department has been enacted for FY 2022.

Specific Information

The goal of this program is to ensure that youth involved in the juvenile justice system have access to high-quality legal representation and access to resources that address the collateral consequences of justice system involvement. Studies and dozens of state assessments conducted by national organizations reveal that nearly every state falls short of its constitutional obligation to provide effective legal representation for children. Few children in this country currently receive valuable access to a qualified youth defender. Deficiencies in youth defense service delivery include:

- Lack of access to qualified counsel throughout the delinquency process, leading to poor case dispositions, costly incarceration, and collateral consequences that undermine youth success.
- Children being financially responsible for paying for their attorney because burdensome indigence determinations and counsel-related fees prompt many to waive their right to counsel.
- Inexperienced, untrained, nonspecialized, and under-resourced defenders with unmanageable caseloads representing children in juvenile court.
- Children navigating the system without a qualified attorney by their side, particularly during interrogation, where coercive tactics elicit waivers of rights and confessions.
- Children languishing in costly out-of-home placements, when community-based services are more effective at addressing their underlying needs and providing them pathways to become successful, productive adults.
- Children forgoing legitimate opportunities for appeal because they have no knowledge or understanding of appellate law, are unequipped to handle their own legal appeal process, and have no access to appellate counsel.
- Unaddressed collateral consequences – such as barriers to educational attainment, gainful employment opportunities, and safe, secure housing – undermining children’s post-incarceration reentry process due to a dearth of post-disposition legal advocates.
- In addition, because youth of color, LGBTQ+ youth, and youth from economically-distressed households are already overrepresented in the juvenile justice system, these vulnerable youth populations and their families and communities are disparately impacted by the lack of representation.

All of these and other unaddressed systemic gaps and needs lead to increased recidivism and potential adult criminal justice system involvement, decreased public safety, and diminished public trust and confidence in the juvenile justice system. [See *Access Denied: A National Snapshot of States' Failure to Protect Children's Right to Counsel* (2017).] This program supports states and localities, through a combination of direct grants and national training and technical assistance, to implement sustainable system improvements that result in improved youth outcomes, reduced recidivism, safer communities, cost savings, and increased public confidence in the juvenile justice system. This program also provides training, technical assistance, and resources to regional youth defender groups, youth defender offices, and individual (public and appointed) youth defenders to elevate the quality of youth defense nationwide.

Goals, Objectives, Deliverables, and Timeline

This solicitation has two categories.

Category 1: State and Local Youth Defense System Improvements

Goals, Objectives, and Deliverables

Category 1 will support grants to states and localities to improve youth defense delivery by implementing tailored strategies to meet existing gaps and needs.

Goals

The goal of this program is to implement youth defense delivery system enhancements that strengthen and improve youth defense.

Objectives

Program objectives are to ensure that all youth involved in the juvenile justice system have access to high-quality, specialized legal representation and access to resources that address the collateral consequences of justice system involvement. Awardees will implement national best practices for enhancing youth defense, which can be found in the National Juvenile Defense Standards.²¹

Deliverables

Deliverables may include, but are not limited to:

- Conduct youth defense delivery system assessment(s) to identify service gaps and needs and implement recommendations to address those gaps and needs.
- Conduct rigorous system monitoring to assure quality in youth defense.
- Establish and implement formal youth defense-specific standards of practice, including standards addressing racial justice.
- Strengthen youth defense contracts to promote specialization.
- Conduct data collection and analysis on youth defense, strengthen data capacity, and promote data-informed decision-making.
- Send youth defenders to national youth defense specialized training (examples include the national Youth Training Immersion Program Summer Academy and train-the-trainer certification program, and the annual Youth Defender Leadership Summit).
- Host youth defense specialized training events.
- Establish a series of youth defense specialization programs (examples include racial justice advocacy or juvenile appellate practice).
- Conduct outreach to new youth defenders and build community by hosting regular networking opportunities.
- Conduct outreach to local universities and law schools to build interest in youth defense as a career path.

Applicants should implement improvements that are designed to support sustainable system-level change and/or

capacity after the award period concludes.

Category 2: National Youth Defense Training and Technical Assistance

Goals, Objectives, and Deliverables

Category 2 will support training and technical assistance to state and local youth defense grantees, regional youth defender groups, youth defender offices, and individual (public and appointed) youth defenders.

Goals

The goals of the training and technical assistance are to strengthen and improve the quality of youth defense practice nationally; help youth defender offices improve service delivery and build sustainable capacity; advance racial justice through youth defense; and cultivate youth defense leaders, build communities of practice, and elevate youth defense as a specialized legal career path.

Objectives

Program objectives are to ensure that youth defenders have access to high quality, specialized legal training, practice tools, resources, publications, communities of practice and leadership development opportunities; support state and local grantees to implement effective, system-level enhancements that sustainably improve youth defense service delivery; and, identify and respond to youth defense gaps, needs, and emerging issues at the local, state, regional, and national levels.

Deliverables

Deliverables may include, but are not limited to:

- Establish a national leadership and advisory board to guide and advise the national training and technical assistance provider on state and regional priorities in youth defense.
- Provide tailored technical assistance to the state and local youth defense grantees to help them implement effective, sustainable youth defense system improvements that are aligned with national best practices.
- Provide direct technical assistance to public defender offices to help them improve service delivery and build sustainable capacity.
- Provide youth defense specialized training for public and appointed youth defenders.
- Implement a specialized youth defense train-the-trainer certification program and recruit, certify, and periodically recertify highly effective youth defense trainers.
- Build a support infrastructure for all current and future certified trainers, and pair newly certified trainers with experienced and distinguished trainers in a mentorship framework.
- Provide direct technical assistance to individual public and appointed youth defenders
- Promote collaboration and community among youth defenders.
- Recruit, cultivate, train, and support new youth defense leaders, encouraging diversity in leadership and across the defense community.
- Identify and promote practices and policies that advance racial justice, develop a racial justice training series, and convene racial justice practice groups.
- Conduct outreach to universities and law schools to build interest in youth defense as a specialized career path.
- Conduct outreach to new youth defenders, and develop resources and networking opportunities across regions and states to support them.
- Establish a corps of youth defense fellows in each of the nine established youth defense regions to support regional outreach efforts, provide research and support for regional racial justice work, and support and connect youth defenders across their assigned regions.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the results of the completed work, as discussed in the “Application and Submission Information” section.

OJJDP Training and Technical Assistance Awardee Standards

OJJDP has developed the Core Performance Standards for Training, Technical Assistance, and Evaluation to promote among providers the consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with the OJJDP National Training and Technical Assistance Center (NTTAC) by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these protocols at any time with reasonable notice to the grantee prior to project completion.
- **OJJDP-funded webinars.** The award recipient must comply with OJJDP’s webinar guidelines, as described in the Core Performance Standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP in advance of all events for the online calendar, record events, and provide the final files (which must be compliant with Section 508 of the Workforce Rehabilitation Act) to OJJDP or OJJDP’s representative. For more information on Section 508 of the Workforce Rehabilitation Act, visit <https://www.section508.gov/>.
- **Training information sharing.** OJP will collect information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP’s standard electronic training request form, submit information to OJJDP on all training events (e.g., name of requester, description of request, dates of event) 30 days in advance of the event date, and report additional data, as OJJDP requires.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

OJP Priority Areas

Category 1: State and Local Youth Defense System Improvements

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

Consistent with this Executive Order, the term “underserved community” refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically

underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.

In support of Executive Order 13985, OJP will:

- A. Give priority consideration to applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, when making award decisions.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential inequities and barriers to equal opportunity, and/or contribute to greater access to services for underserved and historically marginalized populations.

- B. OJJDP will give priority consideration to applicants that demonstrate a commitment to ensuring fairness, equity, and access to justice for all children and families regardless of their race or ethnicity; religion; socioeconomic status; gender; age; mental health; cognitive, sensory, or physical disability; sexual orientation or gender identity or expression; geographic location; or other characteristics historically linked to discrimination or exclusion.

To receive this priority consideration, applicants must include in their application a plan that describes how the applicant will incorporate these values and priorities into their program design.

- C. Give priority consideration to applicants that can demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because the applicant (or at least one proposed subrecipient that will receive at least 30% of the requested award funding, as demonstrated in the Budget Worksheet and Budget Narrative) identifies as a culturally specific organization. To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project (s) and should also specify which culturally specific populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas is not a guarantee of an award.

The following sections must be included as part of the proposal narrative:

a. Description of the Issue

Applicants should briefly describe the nature and scope of the problem that the program will address. b. Project Design and Implementation

Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section. If the applicant is seeking priority consideration for Priority 1(B), it should address in this section how the proposed project(s) will ensure fairness, equity, and access to justice for all children and families regardless of their religion; gender; age; mental health; cognitive, sensory, or physical disability; sexual orientation or gender identity; or other characteristics historically linked to discrimination or exclusion not already identified under Priority 1(A).

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” [here](#)). Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program’s organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

If the applicant is seeking priority consideration under Priority 1(C), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 30% of the project budget) will enhance its ability to implement the proposed project(s) and should also specify which culturally specific populations are intended or expected to be served or have their needs addressed under the proposed project(s).

d. Plan for Collecting the Data Required for This Solicitation’s Performance Measures

Describe the process for measuring project performance. Identify who will collect the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the impact of the project. Describe the process that will be used to accurately report data.

Note: Applicants are **not** required to submit performance data with the application. Rather, performance measure information is included as an alert that successful applicants will be required to submit performance data as part of each award’s reporting requirements.

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified in the “Goals, Objectives, and Deliverables” discussion. Applicants can visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at: <https://ojdp.ojp.gov/funding/grant-performance-measurement/fy-2021-performance-measures>.

Applicants can also visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

OJJDP will require award recipients to submit performance measurement data and performance reports in JustGrants. OJJDP will provide further guidance on the post-award submission process, if selected for award.

How to Apply

Step 1: The applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html>.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants in JustGrants.usdoj.gov.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424** and the **SF-LLL** must be submitted in Grants.gov by 11:59 p.m. eastern time May 17, 2022.

(IMPORTANT: Please carefully review UEI Transition details under Step 1. of the Submission Information section above). The **full application** must be submitted in JustGrants by 8:59 p.m. eastern time on May 31, 2022.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates to allow sufficient time to correct errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline.

Experiencing Unforeseen Technical Issues

An applicant that experiences unforeseen SAM.gov, Grants.gov, or JustGrants technical issues beyond its control that prevent application submission by the deadline must demonstrate all efforts in requesting technical

support in order to submit an application by the deadline. Technical support is available via phone and email to the applicable SAM.gov, Grants.gov, or JustGrants support centers or service desks in which an applicant received a ticket number for resolution. If an applicant misses a deadline due to unforeseen technical difficulties, the applicant may request a waiver to submit an application after the deadline. *Note: If an applicant does not submit all of the required Grants.gov forms by the Grants.gov deadline, the applicant will not be able to proceed to the JustGrants portion of the application process.*

An applicant experiencing technical difficulties with the following systems must contact the associated support desk indicated below to report the technical issue and receive a tracking number:

- Grants.gov - contact the [Grants.gov Customer Support Hotline](#)
- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#)
- JustGrants - contact the JustGrants Support Desk at JustGrants.Support@usdoj.gov or 833-872-5175

An applicant requesting a waiver to submit a late application must document their request for technical assistance in an email to the OJP Response Center at grants@ncjrs.gov **within 24 hours after the application deadline** to request approval to submit its application after the deadline. If an applicant has technical issues with Grants.gov, the applicant must contact the Response Center within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. However, waiver requests will not be reviewed until after the JustGrants deadline to allow time for all waivers to be submitted. Waiver requests to submit after the submission deadline must:

- Describe the technical difficulties experienced.
- Include a timeline of the applicant's submission efforts (e.g., what date and time did the error occur, what date and time was action taken to resolve the issue and resubmit, and what date and time did support representatives respond).
- Include an attachment(s) of the complete grant application and all required documentation and material.
- Include the applicant's Unique Entity Identifier and any applicable SAM.gov tracking number(s), Grants.gov Help Desk ticket numbers, and JustGrants Support Desk ticket numbers.

OJP will review each request for late submission and required supporting documentation and notify the applicant whether the request has been approved or denied. For more details on the waiver process, OJP encourages applicants to review the "Experiencing Unforeseen Technical Issues" section in the [OJP Grant Application Resource Guide](#)

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Description of the Issue (10%) – evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (45%) – evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (25%) – evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for This Solicitation's Performance Measures (10%) – evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.

5. Budget (10%) – evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to priority areas), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
