Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

[OJJDP's](#) guiding philosophy is to enhance the welfare of America's youth and broaden their opportunities for a better future. To bring these goals to fruition, OJJDP is leading efforts to transform the juvenile justice system into one that will [Treat Children as Children](#); [Serve Children at Home, With Their Families, in their Communities](#); and [Open Up Opportunities for System-Involved Youth](#). OJJDP encourages all proposed applications that work with youth to highlight how the proposed program aligns with these priorities.

OJJDP envisions a juvenile justice system centered on the strengths, needs, and voices of youth and families. Young people and family members with lived experience are vital resources for understanding and reaching persons involved or at risk of involvement with youth-serving systems. OJJDP asks stakeholders to join us in sustainably integrating bold, transformative youth and family partnership strategies into our daily work. OJJDP believes in achieving positive outcomes for youth, families, and communities through meaningful engagement and active partnerships, ensuring they play a central role in collaboratively developing solutions.

With this solicitation, OJJDP seeks to provide funding for applicant organizations to increase the technological investigative capacity of ICAC task forces and their affiliates as well as related state, Tribal, and local law enforcement and prosecutorial agencies through training and the development and/or enhancement of widely used investigative tools, methods, and technologies that address child sexual abuse material (CSAM) and online child exploitation.

Statutory Authority

Department of Justice Appropriations Act, 2023, Pub. L. No. 117-328, 136 Stat. 4459, 4539.

Specific Information

OJJDP has supported the ICAC Task Force Program since 1998. The ICAC Task Force Program supports a national network of 61 multiagency, multijurisdictional task forces engaged in investigations, forensic examinations, and prosecutions related to

technology-facilitated child sexual exploitation. Additionally, the task forces provide forensic and investigative technical assistance to law enforcement and prosecutorial officials. The ICAC Task Force Program also provides community education information to parents, educators, prosecutors, law enforcement, and others concerned with understanding the technological challenges of investigating and prosecuting child sexual exploitation matters.

There are three categories of funding under this solicitation:

Category 1: Investigative Tool and Technology Development – Develop new and innovative widely used investigative tools, methods and technologies for law enforcement, prosecutors, and other professionals that address child sexual abuse material, child sexual exploitation, and child sex trafficking nationwide. The development of these tools will help the law enforcement community and prosecutorial agencies nationwide to overcome current technology-related investigative challenges. Examples of such tools include, but are not limited to, those that efficiently and effectively parse through digital evidence; expedite evidence collection and the transfer of digital files; facilitate decryption; address mobile chat encryptions; automate data intelligence; and support ICAC case management, case deconfliction, and high-priority suspect identification. In addition, this category will support the development of tools that assist the law enforcement community nationwide in overcoming challenges in covert operations; provide national reporting and information-sharing capabilities among federal, state, local, and Tribal law enforcement (particularly ICAC task forces); and support peer-to-peer investigations.

Category 2: Investigative Tool and Technology Enhancement – Enhance and/or refine existing widely used investigative tools, methods, and technologies for law enforcement, prosecutors, and other professionals that address child sexual abuse material, child sexual exploitation, and child sex trafficking nationwide. Improvements to these widely used tools will help the law enforcement community and prosecutorial agencies nationwide to overcome current technology-related investigative challenges. Examples of such tools include, but are not limited to, effective interviewing tactics (to include polygraphs) to ascertain whether an offender has previously engaged in hands-on abuse; case deconfliction tools; high-priority suspect identification; covert operation tools; national reporting and information sharing capabilities among federal, state, local, and Tribal law enforcement (particularly ICAC task forces); evaluation of existing technical resources and tools; and peer-to-peer investigative tools.

Category 3: Investigative Tool and Technology Training – Develop and deliver new training and/or advanced skills training for the law enforcement community and prosecutorial agencies nationwide on tools, methods, and technologies that address child sexual abuse material, exploitation, and sex trafficking. Applicants can propose to develop and deliver new training curricula to deliver content through multiple cost-effective delivery mechanisms.

Goals, Objectives, and Deliverables

Goals

The goal of this program is to increase the technological investigative capacity and associated training of law enforcement, prosecutors, and other professionals nationwide to combat CSAM and online child sexual exploitation, including cases of child sex trafficking.

Objectives

An applicant should address all the objectives that are relevant to their proposed program/project in the Goals, Objectives, Deliverables, and Timeline web-based form.

OJJDP has developed the following program objectives.

Category 1 - Support the development of widely used investigative tools, methods, and technologies that address CSAM and online child sexual exploitation, including cases of child sex trafficking.

Category 2 - Support the enhancement and/or refinement of widely used investigative tools, methods, and technologies that address CSAM and online child sexual exploitation, including cases of child sex trafficking.

Category 3 - Increase the amount and availability of new skill-based training for the law enforcement community and prosecutorial agencies nationwide on widely used tools, methods, and technologies that address CSAM and online child sexual exploitation, including cases of child sex trafficking.

To achieve these objectives, it is expected that the successful applicant for any of the three categories will address the following in the "Project Design and Implementation" section of their program narrative:

- Outline and describe the proposed investigative tools, methods, or technologies and/or describe the proposed training for the law enforcement community and prosecutorial agencies nationwide on tools, methods, and technologies.
- Identify the gaps or planned improvements in existing investigative tools, methods, and technologies that the proposed product and/or training will address.
- Demonstrate that they have consulted with criminal justice agencies to gain a fuller understanding of any challenges and the operational context within which these tools would be employed.
- Indicate how the proposed product will target emerging technologies, target offender organizations, target high-value individual offenders, better identify victims, or enhance international collaboration.

OJJDP encourages applicants, especially those who propose coalition-building and support, work with pilot sites, or work with project partners as part of their activities, to clearly document support and engagement from their proposed and/or existing partners through letters of support and/or memoranda of understanding (MOU), where appropriate.

Deliverables

The following lists the required deliverables, such as expected products, services, or activities that should be developed/delivered as a result of this program:

For all three categories:

- Develop a timeline/work plan for the development, refinement, and advancement of the proposed investigative tools, methods, technologies, or training.
- Develop a plan for how the proposed product or training will be marketed and made available to law enforcement, prosecutors, and other professionals on a nationwide basis.
- Create a sustainability plan for the proposed product.

Category 1: Development of widely used investigative tools, methods, and technologies that address CSAM and child sexual exploitation.

Category 2: Enhancement and/or refinement of widely used investigative tools, methods, and technologies that address CSAM and child sexual exploitation.

Category 3: Development and delivery of new and/or advanced training for the law enforcement community and prosecutorial agencies nationwide on tools, methods, and technologies that address CSAM, exploitation, and sex trafficking. Applicants are expected to develop curricula, create an agenda, identify instructors/speakers, select training sites, provide logistical support, and execute each training event. Proposals may employ traditional classroom, hands-on laboratory-based, web-based, or other mechanisms for training delivery, depending on the objectives of the training program.

Funding under this initiative may support technology development and maintenance; the staff required to operate, update, and maintain the proposed platform or service; training and technical assistance on the purpose and use of the technology (including outreach and publicity activities); and staff engaged in coalition-building activities regarding the use of technology. Trainings must be provided at no charge to the participants; costs associated with travel and lodging for the trainers must be included in the budget.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this [Executive Order](#), OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization (s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or Tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

Proposal Abstract

A Proposal Abstract (no more than 400 words) summarizing the proposed project — including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known) — must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Proposal Narrative

The Proposal Narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 30 numbered pages. The Proposal Narrative must include the following sections:

a. Description of the Issue

Applicants should briefly describe the scope of technology-facilitated crimes against children across the country; the need to investigate these crimes; and the need for support, training, and tools to increase law enforcement and prosecutorial capacity to investigate and prosecute Internet crimes against children. The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Applicants must demonstrate that they have consulted with criminal justice agencies to gain a fuller understanding of these challenges and the operational context within which these tools would be employed. Any data or research referenced in the narrative should include information about the source of the data and/or a citation. Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

b. Project Design and Implementation

Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section. OJJDP encourages applicants to select evidence-based practices for their programs. This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities.

c. Capabilities and Competencies

This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity and success in the development and/or delivery of training for law enforcement and prosecutorial agencies nationally as well as their experience in managing subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 40% of the project budget) will enhance its ability to implement the proposed project(s), should also specify which populations are intended or expected to be served or have their needs addressed under the proposed project(s), and should include the website address (if applicable) and formal or informal mission statement or principles of the culturally specific organization.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

Describe the process for measuring project performance. Identify who will collect the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the impact of the project. Describe the process that will be used to accurately report data.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at <https://ojjdp.ojp.gov/funding/performance-measures/performance-measures-ICAC.pdf>.

OJJDP will require award recipients to submit performance measure data and performance reports in JustGrants. OJJDP will provide further guidance on the post-award submission process, if the applicant is selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "Note on Project Evaluations" section in the [OJP Grant Application Resource Guide](#).

Goal, Objectives, Deliverables, and Timeline

The applicant will submit the project's goals, objectives, deliverables, and timeline in the JustGrants web-based form. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

Goals. The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the previous section and outline the project's goals.

Program Objectives. The applicant should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project's desired results. They should be measurable and clearly linked to the goal.

Deliverables. Project deliverables refer to outputs—tangible or intangible—that are submitted within the scope of a project.

Timeline. Applicants should submit a realistic timeline or milestone chart in JustGrants that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using "Year 1," "Month 1," "Quarter 1," etc., not calendar dates (see "Sample Project Timelines" [here](#)). On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

Budget and Associated Documentation

Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. For additional information, see the [OJP Grant Application Resource Guide](#) and the [Complete the Application in JustGrants – Budget](#) training.

Applicants should budget funds to support as many as two staff members to travel to participate in a 2-day training/meeting, as OJJDP directs. This includes an in-person meeting during the second year of the project period. Applicants should budget approximately \$2,000 per person to attend the meetings and record this as part of the travel line item in the budget. The Office of the Chief Financial Officer requires cost calculations for all line items in your budget, including this required travel. The cost breakdown should include airfare, per diem rate, lodging, number of travelers, number of days, etc. (for example, 2 people x airline ticket (\$500) = \$1,000, 2 people x 2 full travel days x per diem (\$76/day) = \$304, 2 people x lodging (\$251) x 2 nights = \$1,004). Use U.S. General Services Administration per diem rates.

If the applicant is seeking priority consideration under Priority 1(A) and has proposed activities (such as community or stakeholder meetings, community outreach or public awareness campaigns, community participation in project design, implementation, or evaluation, etc.) to incorporate the input and participation of communities that have been historically underserved, marginalized, and adversely affected by inequality, financial support for the identified activities and participation must be reflected in the web-based budget form.

If the applicant is seeking priority consideration under Priority 1(B) based on the identification of at least one proposed subrecipient as a culturally specific organization, the proposed funding for the subrecipient in the web-based budget form **must reflect a minimum of 40% of award funding**. The budget narrative must also describe how the activities that will be funded with the (minimum) 40% of award funding provided to the subrecipient **specifically relate to the priority consideration requested** and described in the Capabilities and Competencies section of the application.

Memoranda of Understanding (MOUs) and Other Supportive Documents

Applicants should include, for each named partner, a signed or draft Memorandum of Understanding (MOU), Letter of Intent, or subcontract that confirms the partner’s agreement to support the project through commitments of staff time, space, services, or other project needs. Applications submitted from two or more entities are encouraged to develop and submit signed or draft MOUs or Letters of Intent that provide a detailed description of how the agencies will work together to meet project requirements.

Each MOU or Letter of Intent should include the following: (1) names of the organizations involved in the agreement, (2) scope of the direct service(s) and other work to be performed under the agreement, and (3) duration of the agreement. Subcontracts, MOUs, or Letters of Intent should be submitted as one separate attachment to the application.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

Curriculum Vitae or Resumes

Provide resumes of key personnel.

Tribal Authorizing Resolution

An application in response to this solicitation may require inclusion of Tribal authorizing documentation as an attachment. If applicable, the applicant will upload the Tribal authorizing documentation as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for information on Tribal authorizing resolutions.

Letters of Support

Applicants, especially those who propose coalition-building and support, work with pilot sites, or work with project partners as part of their activities, must also clearly document support and engagement from their proposed and/or existing partners through letters of support and/or memoranda of understanding, where appropriate.

A DOJ High Risk Grantee is an award recipient that has received a DOJ High Risk designation based on a documented history of unsatisfactory performance; financial instability; management system or other internal control deficiencies; noncompliance with award terms and conditions on prior awards or is otherwise not responsible. See the [OJP Grant Application Resource Guide](#) for additional information.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://www.justgrants.usdoj.gov) by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the

JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 PM eastern time on April 26, 2023.

The **full application** must be submitted in JustGrants by 8:59 PM eastern time on May 10, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday

from 8 a.m. to 8 p.m. ET at 866-606-8220.

- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Description of the Issue (10%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (45%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (30%) - evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (10%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (5%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP

checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
