# **Program Description**

# Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

OJJDP's guiding philosophy is to enhance the welfare of America's youth and broaden their opportunities for a better future. To bring these goals to fruition, OJJDP is leading efforts to transform the juvenile justice system into one that will <u>Treat Children as</u> <u>Children</u>; <u>Serve Children at Home, With Their Families, in their Communities</u>; and <u>Open</u> <u>Up Opportunities for System-Involved Youth</u>. OJJDP encourages all proposed applications that work with youth to highlight how the proposed program aligns with these priorities.

OJJDP envisions a juvenile justice system centered on the strengths, needs, and voices of youth and families. Young people and family members with lived experience are vital resources for understanding and reaching persons involved or at risk of involvement with youth-serving systems. OJJDP asks stakeholders to join us in sustainably integrating bold, transformative youth and family partnership strategies into our daily work. OJJDP believes in achieving positive outcomes for youth, families, and communities through meaningful engagement and active partnerships, ensuring they play a central role in collaboratively developing solutions.

Applicants must describe how their proposed project/program will integrate and sustain meaningful youth and family partnerships into their project plan and budget. Depending on the nature of an applicant's proposed project, youth and family partnership could consist of one or more of the following:

- Individual-level partnership in case planning and direct service delivery (before, during, and after contact with youth-serving systems).
- Agency-level partnership (e.g., in policy, practice, and program development, implementation, and evaluation; staffing; advisory bodies; budget development).
- System-level partnership (e.g., in strategic planning activities, system improvement initiatives, advocacy strategies, reform efforts).

With this solicitation, OJJDP seeks to support targeted efforts to address youth violence through implementing evidence-based prevention and intervention efforts in a school-based setting (K–12th grade only). The goals of the program are to (1) reduce the incidence of school violence through improved school safety and climate and (2) prevent youth violence, delinquency, and victimization in the targeted community.

Page 7 of 35 O-OJJDP-2023-171658 NOTE: This solicitation is funded to support the purposes authorized under the Students, Teachers, and Officers Preventing School Violence Act of 2018 (or STOP School Violence Act). Funds may not be used for the purchase of target-hardening equipment to secure schools, such as cameras, security systems, fencing, locks, etc. In addition, these funds may not be used to pay for armed security officers or school resource officers. Applicants interested in funding for target hardening should refer to the Office of Community Oriented Policing Services (COPS) School Violence Prevention Program (SVPP).

The Bureau of Justice Assistance (BJA), OJJDP, and the Community-Oriented Policing Services (COPS) office are all releasing solicitations in FY 2023 with funding supported by the STOP School Violence Act. Applicants should not submit duplicate applications with a similar project design in response to more than one of these DOJ solicitations. BJA, COPS and OJJDP work collaboratively to ensure these programs complement efforts undertaken and to prevent duplication.

#### **Statutory Authority**

Department of Justice Appropriations Act, 2023, Pub. L. No. 117-328, 136 Stat. 4459, 4537.

#### **Specific Information**

Violence in our communities and in our schools has a significant impact on our nation's youth. Exposure to violence can harm a child's emotional, psychological and even physical development. Children exposed to violence are more likely to have difficulty in school, abuse drugs or alcohol, act aggressively, suffer from depression or other mental health problems and engage in criminal behavior as adults. (National Institute of Justice, "Children Exposed to Violence," September 21, 2016, nij.ojp.gov) Violence in the community can prevent children from feeling safe in their own schools and neighborhoods. Such exposure can cause them significant physical, mental, and emotional harm, with long-term effects that can last well into adulthood. Exposure to violence can limit children's potential, negatively affect their health, and increase their likelihood of becoming involved in the juvenile or criminal justice system (*Nature and Risk of Victimization: Findings From the Survey of Youth in Residential Placement,* 2013; and *Psychological Trauma: Theory, Research, Practice, and Policy* 6(4): 430–437, 2014).

To address violence within the school, many school administrators may already have strategies in place that are oftentimes underfunded and at times must be supported by teachers/administrators as "added duties." This includes a variety of programs and strategies to improve school climate. Creating a supportive school climate requires close attention to the social, emotional, and behavioral needs of all students. While there is evidence that many of these strategies have proven effective, schools would benefit from enhancing/expanding their partnerships with local community-based

Page 8 of 35 O-OJJDP-2023-171658 organizations that have a specific skill set in dealing with the root causes of violence.

This solicitation aims to increase school safety through the development and expansion of violence prevention and reduction programs and strategies. Through this initiative, OJJDP expects applicants to utilize a collaborative approach between schools and community-based organizations (CBOs) to develop and implement these strategies. Funded sites under this initiative will operate from the following three principles:

- Relationships between schools and CBOs require open lines of communication and a shared commitment at the leadership level to accomplish the core goal of increasing school safety.
- Key contributors to youth violence include risk factors within the individual, family, and school/community domains. Funded strategies must address all three to be successful.
- Families are critical partners in dealing with school violence, and their engagement is a critical ingredient for success.

Each funded project site will identify a service network of CBOs that have experience in operating violence prevention and early intervention programs with youth and families. This cross-sector network will offer a bridge between families and the identified school to prevent and reduce violence. Funding from this solicitation must support the following components for project sites:

- A local coordinator to lead the project, support the development of any needed memorandums of understanding (MOUs), host regular meetings, and ensure that each involved agency and school identifies a dedicated liaison to the initiative.
- Development or expansion of violence prevention/reduction strategies to be implemented by CBOs that provide the target youth population with service "backpacks." These services should:
  - Be individualized to the particular student.
  - Engage the family as a critical change agent.
  - Include an intensive case management approach delivered by a CBO that connects youth and families with the existing network of services to meet the needs of the individual youth. This includes addressing access to service issues. We know that if the basic needs of the students are not met, they will show up in the classroom in a behavioral way.

In addition to the above components (not instead of), funding may also support prevention strategies for all students at target schools that help to supplement the interventions for the target youth population and build a positive school climate. For example, this program may be used to fund positions such as community resource navigators within CBOs that work with students and families who help identify needed services, and then for the provision of those direct services. Applicants must propose and undertake their work through a multidisciplinary, multiagency team of stakeholders. This can be an existing collaborative group or one that is formed specifically for this project. At a minimum, stakeholders should include representation from the Local Education Agency (LEA) where the initiative is taking place, as well as relevant CBOs that support the identified "backpack" of services to be provided. In addition to educators, this multidisciplinary team could include mental health, child welfare and social services, youth-serving community organizations, county/local public sector leadership, courts/probation, and law enforcement. OJJDP recognizes youth and families as major stakeholders and strongly supports positive youth development and leadership opportunities for youth in its programs. As such, the collaborative group must include youth/student engagement and participation as well as family/parent/caregiver representation. Applicants should include a brief description of the team structure in the program narrative section and submit the list of team members in an attachment labeled "multidisciplinary team list."

For the purposes of the service network, applicants should submit a draft or fully executed MOU or analogous document for all identified CBOs included in the service network as part of the original application will receive priority consideration. This fully executed MOU must be signed and dated by both the LEA (i.e., board of education chairperson, superintendent, or school principal) and the CBO representative(s) who will be providing "backpack" supports for the project as part of the service network. Applicants will submit the MOU by uploading the document as an attachment in JustGrants. For those applicants unable to complete a fully executed MOU at the time of application, if awarded, they will be required to submit documentation (i.e., MOU or analogous document) that demonstrates the partnership for implementing the funded approach. A special condition will be added, if awarded, that will require the fully executed MOUs before funds will be made available.

Furthermore, there is nothing that would prevent an applicant from adding CBOs to the service network after receiving a federal award and this would need to be formally communicated to OJJDP.

Applications must ensure that the initiative to be funded under the grant is:

- Protective of student privacy, as required by the Family Educational Rights and Privacy Act and applicable state privacy laws, and ensure that students are not discriminated against on the basis of race, national origin, disability, religion, sex, or gender identity.
- Limited to allow personnel in law enforcement agencies to receive student information from education records only when such disclosure is necessary to protect the health or safety of the student or other individuals (e.g., necessary to prevent school violence).
- Consistent with a comprehensive approach to preventing school violence and promoting a positive school climate.

Page 10 of 35 O-OJJDP-2023-171658

- Transparent so that students, parents/guardians, and community members know what is being done and have the data necessary to monitor its effectiveness and compliance with privacy and nondiscrimination requirements.
- Individualized to the needs of each school at which those improvements are to be made.

# STOP funds may not be used to address violence on the campus of an institution of higher education.

All applicants should be aware that under federal law, OJP may not award grant funds to procure or obtain any equipment, system, or service that uses "covered telecommunications equipment or services" as a substantial or essential component of any system, or as critical technology as part of any system. In general, with limited exceptions, "covered telecommunications equipment or services" includes telecommunications and video surveillance equipment or services produced by a foreign entity that is specifically designated by statute or designated by the federal government pursuant to statute.

#### **Goals, Objectives, and Deliverables**

#### Goals

The goal of this initiative is to support the development and expansion of strategies that increase school safety and promote a positive and supportive school climate by preventing and reducing school violence.

#### Objectives

An applicant should address all of the objectives listed in the Goals, Objectives, Deliverables, and Timeline web-based form.

OJJDP has identified the following specific program objectives:

- Improve school capacity to prevent and intervene early to incidents of violence.
- Enhance and expand partnerships between school systems and community-based organizations to address school violence.
- Expand opportunities for family engagement with school personnel to mutually address risk factors for violence.
- Improve communication between home and school to enhance protective factors for student success.

#### Deliverables

Project sites must address the following deliverables in their application as part of their project design and implementation:

• Develop a school safety strategic plan that is informed by available local data and

Page 11 of 35 O-OJJDP-2023-171658 existing plans. This strategic plan is to be submitted within 9 months of the date of the award and should be comprehensive and updated annually as a key deliverable.

- Identify a service network of CBOs that have experience in operating violence prevention and early intervention programs with youth and families. This network will offer a bridge between families and the identified school to prevent and reduce violence.
- Develop program strategies that provide the target youth population with service "backpacks" that are individualized to the particular student and engage the family as a critical change agent for the student.

OJJDP has a dedicated training and technical assistance provider for this initiative, and a funded site is expected to work with the technical assistance provider during the grant award period. Funded sites need to include their community partners and stakeholders in the collaborative learning process that the training and technical assistance provider will establish.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

#### **Evidence-Based Programs or Practices**

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the <u>OJP Grant</u> <u>Application Resource Guide</u>.

The National Institute of Justice's <u>Comprehensive School Safety Initiative</u> and <u>CrimeSolutions.gov</u> are resources that applicants may use to obtain more information about evidence-based programs. Additional resources related to school safety best practices and threat assessments can be found at <u>SchoolSafety.gov</u> and the <u>National</u> <u>Threat Assessment Center</u>. In addition, applicants can refer to the U.S. Department of Education's <u>Laws and Guidance on School Climate and Discipline</u> for additional support in developing their projects.

Additional resources include:

The <u>National Center for School Safety</u> is the BJA STOP Program National Training and Technical Assistance provider and is a multidisciplinary, multiinstitutional center focused on improving school safety and preventing school violence.

The U.S. Department of Education's Office on Elementary and Secondary Education has a multitude of resources on <u>School Climate</u>, including the <u>National Center on Safe</u>

The <u>OJJDP Model Programs Guide</u> contains information about evidence-based juvenile justice and youth prevention, intervention, and reentry programs. It is a resource for practitioners and communities about what works, what is promising, and what does not work in juvenile justice, delinquency prevention, and child protection and safety.

Youth.gov provides interactive tools and other resources to help youth-serving organizations and community partnerships plan, implement, and participate in effective programs for youth. This website includes information on the <u>National Forum on Youth</u> <u>Violence Prevention</u>, which was created to build the capacity of localities across the country to more effectively address youth violence through multidisciplinary partnerships, balanced approaches, data-driven strategies, comprehensive planning, and sharing common challenges and promising strategies. The Forum is a strategy for federal and local collaboration that encourages its member jurisdictions to review and improve internal decisionmaking structures, policies, and practices; increase communication; and implement strategic, coordinated action to change the way they do business.

The National Mentoring Resource Center supports a multitude of prevention and intervention goals in a wide variety of areas of policy interest, including the prevention of juvenile crime and recidivism, fostering academic achievement, encouragement of positive peer relationships and healthy behaviors, and supporting youth with specific severe needs, such as those struggling with mental health challenges. Family engagement in juvenile justice involves establishing a collaborative relationship in which families are partners in both their children's treatment and in developing the policies, programs, and practices of the system. An Executive Summary from a series of OJJDP Family Engagement Listening Sessions, as well as a literature review on Family Engagement in Juvenile Justice, are some existing resources.

The <u>National Gang Center</u> disseminates information, knowledge, and outcome-driven practices that engage and empower those in local communities with chronic and

Page 13 of 35 O-OJJDP-2023-171658 emerging gang problems to create comprehensive solutions to prevent gang violence, reduce gang involvement, and suppress gang-related crime. The website includes information on OJJDP's <u>Comprehensive Gang Model</u>, which is an evidence-based framework for the coordination of multiple strategies to address serious, violent, and entrenched youth street gang problems. The model combines prevention, intervention, and deterrence tactics to address the root causes of criminal gang activity within a community.

#### Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the <u>OJP Grant Application Resource Guide</u> section entitled "Information Regarding Potential Evaluation of Programs and Activities."

#### **Priority Areas**

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

In support of this <u>Executive Order</u>, OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project

Page 14 of 35 O-OJJDP-2023-171658 feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluations, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization (s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or Tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. For detailed information on this certification requirement, please visit <u>https://cops.usdoj.gov/SafePolicingEO</u> to access the Standards for Certification on Safe Policing for Safe Communities, the Implementation Fact Sheet, and the List of Designated Independent Credentialing Bodies.

# Application and Submission Information

#### **Content of Application Submission**

The following application elements **must** be included in the application to meet the basic minimum requirements to advance to peer review and receive consideration for funding:

- Proposal Abstract
- Proposal Narrative
- Budget Web-Based Form (The web-based form includes the budget details and the budget narrative.)

If OJP determines that an application does not include these elements, it will neither proceed to peer review, nor receive further consideration.

# Information to Complete the Application for Federal Assistance (SF-424) in Grants.gov

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the <u>OJP Grant Application Resource Guide</u> for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information *(email address)* to assign the application to this user in JustGrants.

**Intergovernmental Review:** This solicitation ("funding opportunity") **is not** subject to <u>Executive Order (E.O.) 12372</u>. In completing the SF-424, an applicant is to answer question 19 by selecting "Program is not covered by E.O. 12372."

#### Standard Applicant Information (JustGrants 424 and General Agency Information)

Page 18 of 35 O-OJJDP-2023-171658 The "Standard Applicant Information" section of the JustGrants application is prepopulated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization's unique entity identifier, legal name, and address.

#### **Proposal Abstract**

A Proposal Abstract (no more than 400 words) summarizing the proposed project — including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known) — must be completed in the JustGrants webbased form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the OJP Grant Application Resource Guide for an example of a proposal abstract.

#### **Proposal Narrative**

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 15 numbered pages. If the proposal narrative fails to comply with these length restrictions, OJJDP may consider such noncompliance in peer review and in final award decision.

The Proposal Narrative must include the following sections:

a. Description of the Issue

Applicants should briefly describe the nature and scope of the problem that the proposed program will address (e.g., school-aged youth exposed to violence, juvenile delinquency, youth violence, crime prevention). The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and/or a citation. Applicants should describe the target population and any previous or current attempts to address the problem. Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

b. Project Design and Implementation

Applicants should detail how the project will operate throughout the funding period

Page 19 of 35 O-OJJDP-2023-171658 and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section. OJJDP encourages applicants to select evidence-based practices for their programs. This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Completely describe the strategy to address the needs identified in the Description of the Issue section. Applicants should be specific when listing the proposed project activities and describe how they relate to the stated objective. Activities are the specific actions to be undertaken to fulfill the program objective and reach the program goal and should not be vague generalities. Provide a detailed description of the method(s) to be used to carry out each activity and include a description of all individuals/groups involved in the project and that will be served by the project.

The applicant must clearly outline the different school(s)/school district(s) where the project will be implemented. Include a description of why these schools were selected. The applicant should describe how grant funding will address the strategy proposed and the benefits. The applicant should include how the proposed project fits into the overall safety strategy of the school(s) or school district(s) and how the project will ensure compliance with all applicable privacy and civil rights laws.

Applicants should describe their vision and plan for meaningfully and sustainably integrating youth and family partnership into their proposed project. Applicants should address any corresponding budget implications in their application's budget detail and budget narrative. For resources/guidance on effective youth and family partnership strategies and practices, click <u>here</u>.

If an applicant believes that their project design is in no way amenable to incorporating youth and family partnership, the applicant should instead provide a detailed explanation and justification for excluding this element.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities.

c. Capabilities and Competencies

This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude.

Page 20 of 35 O-OJJDP-2023-171658 Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

Describe completely the capabilities and competencies of the individuals who will be assigned to the project to accomplish the goal and objective of the program. Résumés should be included as separate attachments and will not count against the 15-page limit.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 40% of the project budget) will enhance its ability to implement the proposed project(s), should also specify which populations are intended or expected to be served or have their needs addressed under the proposed project(s), and should include the website address (if applicable) and formal or informal mission statement or principles of the culturally specific organization.

#### d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

Describe the process for measuring project performance. Identify who will collect the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the impact of the project. Describe the process that will be used to accurately report data.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at <u>www.ojp.gov/performance</u> for an overview of performance measurement activities at OJP.

> Page 21 of 35 O-OJJDP-2023-171658

A list of performance measure questions for this program can be found at <u>https://ojjdp.ojp.gov/funding/performance-measures/performance-measures-children-exposed-violence-program.pdf</u>.

OJJDP will require award recipients to submit performance measure data and performance reports in JustGrants. OJJDP will provide further guidance on the post-award submission process, if the applicant is selected for award.

#### Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "Note on Project Evaluations" section in the OJP Grant Application Resource Guide.

#### **Goal, Objective and Deliverables**

The applicant will submit the project's goals, objectives, deliverables, and timeline in the JustGrants web-based form. The applicant will also enter the projected fiscal year and quarter in which each objective and deliverable will be completed. Please refer to the <u>Application Submission Job Aid</u> for step-by-step directions.

Goals. The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the previous section and outline the project's goals.

Program Objectives. The applicant should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project's desired results. They should be measurable and clearly linked to the goal.

Deliverables. Project deliverables refer to outputs—tangible or intangible—that are submitted within the scope of a project.

Timeline/Project Plan outlining key tasks, benchmarks, and persons or entities responsible. Applicants will submit the timeline by uploading the document as an attachment in JustGrants.

#### **Budget and Associated Documentation**

#### **Program Income**

Program income means gross income earned by the nonfederal entity that is directly generated by a supported activity or earned as a result of the federal award during the period of performance. See 2 C.F.R. § 200.80 (definition of "Program Income"). Program Income is not allowable per this solicitation.

Page 22 of 35 O-OJJDP-2023-171658

#### Food and Entertainment Costs

Food and entertainment, including amusement, diversion, social activities, and any associated costs (i.e., tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities) are unallowable. Certain exceptions may apply when such costs have a programmatic purpose and have been approved by the awarding agency. See Section 3.13 of the DOJ Financial Guide.

#### Incentives

Incentive means a monetary payment or any other form of compensation given to the youth participants. Incentives are not allowable per this solicitation.

#### Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. For additional information, see the OJP Grant Application Resource Guide and the <u>Complete the</u> <u>Application in JustGrants – Budget</u> training.

If the applicant is seeking priority consideration under Priority 1(A) and has proposed activities (such as community or stakeholder meetings, community outreach or public awareness campaigns, community participation in project design, implementation, or evaluation, etc.) to incorporate the input and participation of communities that have been historically underserved, marginalized, and adversely affected by inequality, financial support for the identified activities and participation must be reflected in the web-based budget form.

If the applicant is seeking priority consideration under Priority 1(B) based on the identification of at least one proposed subrecipient as a culturally specific organization, the proposed funding for the subrecipient in the web-based budget form **must reflect a minimum of 40% of award funding.** The budget narrative must also describe how the activities that will be funded with the (minimum) 40% of award funding provided to the subrecipient **specifically relate to the priority consideration requested** and described in the Capabilities and Competencies section of the application.

#### Pre-agreement Costs (also known as Pre-award Costs)

See the section on Costs Requiring Prior Approval in the <u>DOJ Grants Financial Guide</u> <u>Post Award Requirements</u> for more information.

#### Indirect Cost Rate Agreement (if applicable)

If applicable, the applicant will upload their indirect cost rate agreement as an attachment in JustGrants. See the <u>OJP Grant Application Resource Guide</u> for more information on indirect costs.

Page 23 of 35 O-OJJDP-2023-171658

#### **Consultant Rate**

See the <u>DOJ Grants Financial Guide</u> for information on the consultant rates which require prior approval from OJP.

#### Limitation on Employee Compensation; Waiver

See the <u>OJP Grant Application Resource Guide</u> for information on the Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver.

#### Financial Management and System of Internal Controls Questionnaire (including

#### applicant disclosure of high-risk status)

The applicant will download the questionnaire, complete it, and upload it as an attachment in JustGrants. See the <u>OJP Grant Application Resource Guide</u> for the link to the questionnaire and additional information.

#### **Disclosure of Process Related to Executive Compensation**

This solicitation expressly modifies the OJP Grant Application Resource Guide by not incorporating its "Disclosure of Process Related to Executive Compensation" provisions. Applicants to this solicitation are not required to provide this disclosure.

#### Memoranda of Understanding (MOUs) and Other Supportive Documents

Applicants should include, for each named partner, a signed Memorandum of Understanding (MOU), Letter of Intent, or subcontract that confirms the partner's agreement to support the project through commitments of staff time, space, services, or other project needs. Applications submitted from two or more entities are encouraged to develop and submit signed MOUs or signed Letters of Intent that provide a detailed description of how the agencies will work together to meet project requirements.

Each MOU or Letter of Intent should include the following: (1) names of the organizations involved in the agreement, (2) scope of the direct service(s) and other work to be performed under the agreement, and (3) duration of the agreement. Subcontracts, MOUs, or Letters of Intent should be submitted as one separate attachment to the application.

The MOU should include representatives from the multidisciplinary team supporting elements of the project design, as they will be involved in planning and guiding the proposed project. Specifically, the MOU should be signed and dated by both the local education agency leadership (i.e., board of education chairperson, superintendent, or school principal) and the community-based organization representative(s) who will be providing "backpack" supports for the project. Understanding that the completion of an MOU may take longer than the application period, a draft MOU may be submitted that includes the names and titles of all parties that will be signing the document. A special

Page 24 of 35 O-OJJDP-2023-171658 condition will be added if an award is made that will require the signed document before funds will be made available. Applicants will submit the MOU by uploading the document as an attachment in JustGrants.

#### **Additional Application Components**

The applicant will attach the additional requested documentation in JustGrants.

#### **Curriculum Vitae or Resumes**

Provide resumes of key personnel.

#### **Tribal Authorizing Resolution**

An application in response to this solicitation may require inclusion of Tribal authorizing documentation as an attachment. If applicable, the applicant will upload the Tribal authorizing documentation as an attachment in JustGrants. See the <u>OJP Grant</u> <u>Application Resource Guide</u> for information on Tribal authorizing resolutions.

#### **Letters of Support**

Optional letters of support between key partners to the project to reflect their support, roles, and agreements about collaboration.

#### **Research and Evaluation Independence and Integrity Statement**

Research and/or evaluation activities are not supported under this program. Any costs associated with such activities will be disallowed. Project evaluations that are intended only to generate internal improvements to a program or service or are conducted only to meet OJP's performance measure data reporting requirements, likely do not constitute "research." For additional information, see the <u>OJP Grant Application Resource Guide</u>.

#### **Position Descriptions**

Provide position descriptions of key personnel.

#### **Disclosures and Assurances**

The applicant will address the following disclosures and assurances.

#### **Disclosure of Lobbying Activities**

for additional information.

#### Applicant Disclosure and Justification - DOJ High Risk Grantees

If applicable, submit the DOJ High Risk Disclosure and Justification as an attachment in JustGrants. A DOJ High Risk Grantee is an award recipient that has received a DOJ High Risk designation based on a documented history of unsatisfactory performance; financial instability; management system or other internal control deficiencies; noncompliance with award terms and conditions on prior awards or is otherwise not responsible. See the OJP Grant Application Resource Guide for additional information.

#### How to Apply

<u>Registration</u>: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

<u>Submission</u>: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

**Step 1:** After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <u>https://www.grants.gov/web/grants/register.html</u> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48** hours before the Grants.gov deadline. If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

**Step 2:** The applicant must then submit the **full application**, including attachments, in JustGrants at <u>JustGrants.usdoj.gov</u> by the JustGrants deadline.

Page 26 of 35 O-OJJDP-2023-171658 Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from <u>DIAMD-NoReply@usdoj.gov</u> with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the "How to Apply" section in the <u>OJP Grant Application</u> <u>Resource Guide</u> and the <u>DOJ Application Submission Checklist</u>.

#### **Submission Dates and Time**

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 pm eastern time on May 3, 2023.

The **full application** must be submitted in JustGrants by 8:59 pm eastern time on May 17, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

# Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are

> Page 27 of 35 O-OJJDP-2023-171658

encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov contact the <u>SAM Help Desk (Federal Service Desk)</u>, Monday Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov contact the <u>Grants.gov Customer Support Hotline</u>, 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or <u>support@grants.gov</u>.
- JustGrants contact the JustGrants Service Desk at <u>JustGrants.Support@usdoj.gov</u> or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at <u>grants@ncjrs.gov</u> within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at <u>grants@ncjrs.gov</u> within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Unforeseen Technical Issues" section in the <u>OJP Grant Application</u> <u>Resource Guide.</u>

Page 28 of 35 O-OJJDP-2023-171658

# **Application Review Information**

#### **Review Criteria**

#### **Merit Review Criteria**

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

- 1. Description of the Issue (20%) evaluate the applicant's understanding of the program/issue to be addressed.
- 2. Project Design and Implementation (35%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
- 3. Capabilities and Competencies (30%) evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
- Plan for Collecting the Data Required for this Solicitation's Performance Measures (5%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
- 5. Budget (10%) evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

#### **Other Review Criteria/Factors**

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

#### **Review Process**

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.

Page 29 of 35 O-OJJDP-2023-171658 • The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important Note on FAPIIS:** An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
