The Center for Reducing Racial and Ethnic Disparities (R/ED) in Juvenile Justice has two goals: (1) to strengthen state and territory-level compliance with a core requirement of the Formula Grants Program authorized under the Juvenile Justice and Delinquency Prevention (JJDP) Act, and (2) to develop and implement comprehensive training and technical assistance that supports state, territorial, Tribal, and community-level efforts to reduce racial and ethnic disparities among youth who come into contact with the juvenile justice system. This includes identifying and assisting to implement strategies that have been shown to reduce disparities and that divert youth from formal processing. This project furthers the DOJ's mission by supporting efforts to reform and strengthen the juvenile justice system to ensure fair and just treatment.

Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

[OJJDP's](#) guiding philosophy is to enhance the welfare of America's youth and broaden their opportunities for a better future. To bring these goals to fruition, OJJDP is leading efforts to transform the juvenile justice system into one that will [Treat Children as Children](#); [Serve Children at Home, With Their Families, in Their Communities](#); and [Open Up Opportunities for System-Involved Youth](#). OJJDP encourages all proposed applications that work with youth to highlight how the proposed program aligns with these priorities.

OJJDP envisions a juvenile justice system centered on the strengths, needs, and voices of youth and families. Young people and family members with lived experience are vital resources for understanding and reaching persons involved or at risk of involvement with youth-serving systems. OJJDP asks stakeholders to join us in sustainably integrating bold, transformative youth and family partnership strategies into our daily work. OJJDP believes in achieving positive outcomes for youth, families, and communities through meaningful engagement and active partnerships, ensuring they play a central role in collaboratively developing solutions.

Applicants must describe how their proposed project/program will integrate and sustain meaningful youth and family partnerships into their project plan and budget. Depending on the nature of an applicant's proposed project, youth and family partnership could consist of one or more of the following:

- Individual-level partnership in case planning and direct service delivery (before, during, and after contact with youth-serving systems).
- Agency-level partnership (e.g., in policy, practice, and program development, implementation, and evaluation; staffing; advisory bodies; budget development).
- System-level partnership (e.g., in strategic planning activities, system improvement initiatives, advocacy strategies, reform efforts).

With this solicitation, OJJDP seeks to fund a new Center for Reducing Racial and Ethnic Disparities (R/ED) in Juvenile Justice to assist states and territories to strengthen their compliance with a core requirement of the Formula Grants Program authorized under the Juvenile Justice and Delinquency Prevention (JJDP) Act. The Center will also more broadly develop and implement comprehensive training and technical assistance that

supports state, territorial, Tribal, and community-level efforts to reduce racial and ethnic disparities among youth who come into contact with the juvenile justice system.

Statutory Authority

34 U.S.C. 11131(b)(1)).

Specific Information

OJJDP assists states, territories, Tribes, and localities with developing effective and equitable juvenile justice systems that create safer communities and empower youth to lead productive lives. One of the most effective ways this is done is through the agency's comprehensive training and technical assistance efforts and its administration of the Title II Part B formula grant program under the Juvenile Justice and Delinquency Prevention Act (JJDP Act). The JJDP Act requires states and territories participating in the formula grant program to identify and reduce racial and ethnic disparities among youth who come into contact with the juvenile justice system. Specifically, the JJDP Act requires participating states and territories to "implement policy, practice, and system improvement strategies at the state, territorial, local, and Tribal levels, as applicable, to identify and reduce racial and ethnic disparities among youth who come into contact with the juvenile justice system, without establishing or requiring numerical standards or quotas."

OJJDP has provided training and technical assistance to states and territories for many years to support compliance with all of the core requirements of the JJDP Act, including the Reducing Racial and Ethnic Disparities core requirement. While there has been limited progress overall, the data across the country still reflect dramatic disparities in how youth from some racial and ethnic groups are handled by the juvenile justice system, when compared to white youth. The latest data show that youth from some racial and ethnic groups are far more likely to be arrested, referred to court, detained, and placed after adjudication in a locked correctional facility when compared with white youth.[\[1\]](#)

The Center for Reducing Racial and Ethnic Disparities in Juvenile Justice project will broaden the training and technical assistance that OJJDP provides regarding best practices in reducing racial and ethnic disparities, and how to implement those practices and strategies. Through this program, OJJDP will select an applicant to provide comprehensive training and technical assistance (TTA) tailored for state and territory recipients of OJJDP Title II Part B formula grant program funding to achieve and maintain compliance with the Reducing Racial and Ethnic Disparities core requirement. In addition, the successful applicant will expand the TTA to the broader juvenile justice field, to assist with other efforts to reduce racial and ethnic disparities among youth who come into contact with the juvenile justice system.

This project will engage an agency or consortium of agencies to:

- Work with states and territories that participate in the Title II Part B formula grant program to develop, strengthen, and implement their Reducing Racial and Ethnic Disparities plan, in response to this core requirement;

- Help state, territorial, Tribal, and local governments develop and implement the evidence-based and research-informed practices that demonstrate meaningful progress in reducing racial and ethnic disparities at the various contact points in the juvenile justice system.

In addition, this technical assistance project will help state, local, and Tribal governments develop long-term strategic partnerships with other stakeholders to create environments that foster systemic change at every level of the juvenile justice system and in other child-serving agencies that touch the lives of minority youth.

OJJDP encourages applicants to present creative and innovative concepts on how they would implement the project. As a key competitive factor, applicants must identify how they will implement the identified tasks, describe how they will ensure the timely delivery of requested training and technical assistance, and determine the cost efficiencies they will achieve in the management and staffing of the project.

Goals, Objectives, and Deliverables

Goals

The goal of the Center for Reducing Racial and Ethnic Disparities in Juvenile Justice is to design, develop, and provide training and technical assistance services to strengthen the overall response to end racial and ethnic disparities in the juvenile justice system. This TTA Center will assist OJJDP in responding to the needs of state, territorial, Tribal and/or local governments to implement policy, practice, and system improvement strategies at the state, territorial, Tribal and local levels, as applicable, to identify and reduce racial and ethnic disparities among youth who come into contact with the juvenile justice system.

Objectives

An applicant should address the objectives that are relevant to their proposed program in the Goals, Objectives, Deliverables, and Timeline web-based form.

Specific objectives include:

- To work directly with states and territories that participate in the Title II Part B formula grant program to assist them in developing, strengthening, and implementing their Reducing Racial and Ethnic Disparities plan, in response to this core requirement;
- Help state, territorial, Tribal, and local governments develop and implement the evidence-based and research-informed practices that demonstrate meaningful progress in reducing racial and ethnic disparities at the various contact points in the juvenile justice system;
- Provide robust and comprehensive training curricula and technical assistance on

issues related to reducing racial and ethnic disparities among youth in the juvenile justice system. This training should enhance the knowledge base in areas that include, but are not limited to, cultural competency, equity, implicit bias, institutional racism and its effects, and promising and effective interventions to reduce racial and ethnic disparities among youth who come into contact with the juvenile justice system.

- Increase the knowledge base of key stakeholders and multidisciplinary team members on the best practices of responding to improve the training and education of professionals who work to reduce racial and ethnic disparities in juvenile justice systems at the state and local levels, in order to develop their capacity to create sustainable long-term partnerships that foster systems change.
- Identify and share information about promising and evidence-based strategies that have a sound theoretical basis and/or have demonstrated measurable success in reducing racial and ethnic disparities among youth in the juvenile justice system.
- In consultation with OJJDP, develop and disseminate topical publications and contribute content to the OJJDP website.

Deliverables

The expected deliverables under this award include the following:

- Develop a training and technical assistance strategic plan. The plan should detail the products and deliverables that will be produced. OJJDP expects the successful applicant to complete a minimum amount of **10** training events per year. This may include leveraging partnerships with other national organizations to provide access to state-of-the-art training that is national in scope, but locality specific in its approach.
- Work with OJJDP and other entities designated by OJJDP to establish comprehensive online resources (special reports, brochures, best practices papers, etc.) for all existing information and other information to be developed about reducing racial and ethnic disparities among youth in the juvenile justice system.
- Contribute content for the OJJDP website for the effective dissemination and communication of training and technical assistance services and products, as OJJDP deems suitable.
- Develop a Technical Assistance Manual for Title II Part B formula grant program recipients, to support their compliance with the Reducing Racial and Ethnic Disparities core requirement and design a comprehensive strategy for conducting technical assistance with states and territories as part of the dissemination of the Technical Assistance Manual.
- Create a toolkit for communities that will describe how racial and ethnic disparities reduction strategies are developed and sustained, and provide stakeholders with techniques to substantially engage youth and families in the strategies.
- Retain subject matter experts with extensive expertise on issues of racial and ethnic equity and disparities in justice systems to provide onsite consultations.
- Develop and implement a plan to efficiently and effectively manage all tasks related to project support. At a minimum, the plan should detail ongoing activities, including staffing structures, staff salary rates and percentages of time devoted to the project,

- and other information relative to the operation of the cooperative agreement.
- The plan should also include an approach for communicating regularly with OJJDP to discuss emerging priorities and assignments, status of products and deliverables, and strategies for overcoming obstacles to enhancing the awardee's responsiveness to OJJDP priorities. In addition, the plan should outline a process for monthly reporting of project task accomplishments and an accounting of expended funds.
 - Provide content updates for OJJDP's online vehicles, publications, and reports specifically tailored for various stakeholders involved with youth, including probation/parole professionals, child welfare professionals, prosecutors, judges, defense attorneys, community advocates, and other child-serving professionals.

OJJDP will expect the successful applicant to work cooperatively with other TTA providers, as identified by OJJDP, to support seamless and successful delivery of services to the field.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this [Executive Order](#), OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or Tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 30 numbered pages. If the proposal narrative fails to comply with these length restrictions, OJJDP may consider such noncompliance in peer review and in final award decision. Tables, charts, and/or graphs included in the program narrative can be created in a legible font smaller than 12 point. Those items will count toward the page limit.

The proposal narrative must include the following sections:

a. Description of the Issue

Applicants should briefly describe the nature and scope of the problem that the program will address (reducing racial and ethnic disparities among youth who come into contact with the juvenile justice system). The applicant should use data to provide evidence that the need exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Applicants should describe the target population and any previous or current attempts to implement a training and technical assistance program. Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions.

b. Project Design and Implementation

Applicants should detail the strategy to address the needs identified under the Description of the Issue. List the activities and describe how they relate to the stated objectives. Activities include the specific actions to be undertaken to fulfill the program's objectives and reach the program's goal(s). Provide a detailed description of the method(s) to be used to carry out each activity. Provide a timetable indicating roughly when the activities or program milestones are to be accomplished. Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section. OJJDP

encourages applicants to select evidence-based practices for their programs. This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Applicants should describe their vision and plan for meaningfully and sustainably integrating youth and family partnership into their proposed project. Applicants should address any corresponding budget implications in their application's budget detail and budget narrative. For resources/guidance on effective youth and family partnership strategies and practices, click [here](#).

If an applicant believes that their project design is in no way amenable to incorporating youth and family partnership, the applicant should instead provide a detailed explanation and justification for excluding this element.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities.

c. Capabilities and Competencies

This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 40% of the project budget) will enhance its ability to implement the proposed project(s), should also specify which populations are intended or expected to be served or have their needs addressed under the proposed project(s), and should include the website

address (if applicable) and formal or informal mission statement or principles of the culturally specific organization.

d. Plan for Collecting the Data Required for This Solicitation's Performance Measures

Award recipients will be required to provide the relevant data by submitting semi-annual performance metrics through OJJDP's online JustGrants System. Log in to the JustGrants system and locate the performance report or contact the OJJDP PMT Helpdesk for guidance related to a specific award. The application should demonstrate the applicant's understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at <https://ojjdp.ojp.gov/funding/grant-performance-measurement/progress-reporting-questions.pdf>.

OJJDP will require award recipients to submit performance measure data and performance reports in JustGrants. OJJDP will provide further guidance on the post-award submission process if the applicant is selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "Note on Project Evaluations" section in the [OJP Grant Application Resource Guide](#).

Goal, Objectives, Deliverables and Timeline

The applicant will submit the project's goals, objectives, deliverables and timeline in the JustGrants web-based form. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

Goals. The applicant should describe the project's intent to change, reduce, or eliminate

the problem noted in the previous section and outline the project's goals.

Program Objectives. The applicant should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project's desired results. They should be measurable and clearly linked to the goal.

Deliverables. Project deliverables refer to outputs—tangible or intangible—that are submitted within the scope of a project.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using "Year 1," "Month 1," "Quarter 1," etc., not calendar dates. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

Budget and Associated Documentation

Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. For additional information, see the [OJP Grant Application Resource Guide](#) and the [Complete the Application in JustGrants – Budget](#) training.

If the applicant is seeking priority consideration under Priority 1(B) based on the identification of at least one proposed subrecipient as a culturally specific organization, the proposed funding for the subrecipient in the web-based budget form **must reflect a minimum of 40% of award funding**. The budget narrative must also describe how the activities that will be funded with the (minimum) 40% of award funding provided to the subrecipient **specifically relate to the priority consideration requested** and described in the Capabilities and Competencies section of the application.

Applications submitted from two or more entities are encouraged to submit signed Letters of Support that provide a detailed description of how the agencies will work together to meet project requirements.

Each Letter of Support should include the following: (1) names of the organizations involved in the agreement, (2) scope of the direct service(s) and other work to be performed under the agreement, and (3) duration of the agreement. Letters of Support should be signed and then submitted as one separate attachment to the application.

financial instability; management system or other internal control deficiencies; noncompliance with award terms and conditions on prior awards or is otherwise not responsible. See the [OJP Grant Application Resource Guide](#) for additional information.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://www.justgrants.usdoj.gov) by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424** and the **SF-LLL** must be submitted in Grants.gov by 11:59 pm eastern time on July 11, 2023.

The **full application** must be submitted in JustGrants by 8:59 pm eastern time on July 25, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at

grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Description of the Issue (10%) - evaluate the applicant’s understanding of the program/issue to be addressed.
2. Project Design and Implementation (40%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (40%) - evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation’s Performance Measures (5%) - evaluate the applicant’s understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (5%) - evaluate for completeness, cost effectiveness, and allowability (e.g.,

reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OJJDP recommendations, but also other factors as

indicated in this section.
