Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

[OJJDP's](#) guiding philosophy is to enhance the welfare of America's youth and broaden their opportunities for a better future. To bring these goals to fruition, OJJDP is leading efforts to transform the juvenile justice system into one that will [Treat Children as Children](#); [Serve Children at Home, With Their Families, in their Communities](#); and [Open Up Opportunities for System-Involved Youth](#). OJJDP encourages all proposed applications that work with youth to highlight how the proposed program aligns with these priorities.

OJJDP envisions a juvenile justice system centered on the strengths, needs, and voices of youth and families. Young people and family members with lived experience are vital resources for understanding and reaching persons involved or at risk of involvement with youth-serving systems. OJJDP asks stakeholders to join us in sustainably integrating bold, transformative youth and family partnership strategies into our daily work. OJJDP believes in achieving positive outcomes for youth, families, and communities through meaningful engagement and active partnerships, ensuring they play a central role in collaboratively developing solutions.

Applicants must describe how their proposed project/program will integrate and sustain meaningful youth and family partnerships into their project plan and budget. Depending on the nature of an applicant's proposed project, youth and family partnership could consist of one or more of the following:

- Individual-level partnership in case planning and direct service delivery (before, during, and after contact with youth-serving systems).
- Agency-level partnership (e.g., in policy, practice, and program development, implementation, and evaluation; staffing; advisory bodies; budget development).
- System-level partnership (e.g., in strategic planning activities, system improvement initiatives, advocacy strategies, reform efforts).

Court appointed special advocates (CASAs) are trained volunteers appointed by the family or juvenile court to advocate for the best interests of children who have been victims of abuse or neglect. CASA volunteers ensure that the psychological, educational, and social needs of abused and neglected children in dependency courts are met and support the goal of achieving safe, stable, and permanent homes for these children.

These volunteers work with child welfare professionals, educators, and service providers to ensure that judges have the information needed to make the best decisions for each child.

With this solicitation, OJJDP will select an organization to develop and administer a subgrants program for local and state CASA programs. Subgrantees will use their awards to initiate, sustain, and expand CASA programs and provide CASA services in communities where representation rates are low, the numbers of abused and neglected children are high, and service systems are not meeting the needs of families and children. State CASA organization subgrantees may use their awards to strengthen their capacity to provide services to local programs. The successful applicant will also provide training and technical assistance services to help subgrant applicants and sub-awardees apply for, implement, and administer their subawards over the life of the project period.

Statutory Authority

34 U.S.C. § 20323

Goals, Objectives, and Deliverables

Goals

The goal of this program is to improve outcomes for children in the foster care system and to provide effective and timely advocacy for abused and neglected children in dependency courts. Under this program, this will be done by successfully issuing and managing subgrants to local and state CASA organizations around the nation. These programs will work to increase the numbers of children receiving services from CASA programs.

Objectives

- To design and implement a competitive subgrant funding strategy to support local and state CASA programs nationwide.
- To administer and oversee subgrants to initiate, sustain, and expand local and state CASA programs with a focus on distributing subgrants to localities that have no existing CASA program.
- To design and implement training and technical assistance services to help local and state CASA organizations apply for, implement, and administer their subawards.

Deliverables

- Requests for proposals (RFPs) to support local and state CASA programs.
- Training and technical assistance materials for subgrant applicants and subgrantees to assist with applying for and implementing subgrant funding.
- Materials related to subgrant applicant recruitment, application submission, review criteria, and decision-making.

The following are required expectations for the successful applicant. These items must be addressed in the program narrative, timeline, and budget, including specifics regarding how the successful applicant will develop the subgrant funding announcement and application process, application review and decision-making, awarding procedures, and monitoring of these subgrants:

- A minimum of 75 percent of the overall award (or \$10,125,000) must be allocated to subgrants for local and state CASA organizations.
- The applicant must plan to issue subgrants to a minimum of 125 state and local CASA programs around the nation during the course of the project period. At least 30 percent of these should be to sites that lack access to an existing CASA program and to support expansion of existing programs to increase access. Subgrant categories required are listed below:
 - Program Development – Support the development of CASA programs in localities with demonstrated need that lack access to an existing program.
 - Program Expansion – Increase access in underserved areas through expansion of existing programs, increase staff resources to support increased number of children served, and increase state growth and expansion.
 - Core Support/Needs-Based – Support unmet operational costs and other unique needs of CASA programs to ensure continued access to services for children.
 - Recruitment of Volunteers With Lived Experience – Support efforts related to recruitment of volunteer advocates that are reflective of the communities and children served and have lived experience, and/or support projects targeted at creating a culture of inclusiveness and equitable practices, and building the capacity of the workforce to provide enhanced trauma informed and culturally responsive services.
- The applicant should plan to release an RFP no later than January 5, 2024, and begin issuing subgrants by April 1, 2024. Release of subsequent RFPs and issuance of subawards can continue through the life of the project period. OJJDP review and approval are required for all RFPs.
- Subgrant amounts may range from \$30,000 to \$150,000, depending upon the need, size of the organization and volunteer base, project period, and capacity of the subgrant organization to administer the funds. The applicant should propose subgrant funding amounts reflective of category purpose and scope (i.e., accounting for a broader range of funding amounts for development and expansion projects).

The goals, objectives, and deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

OJJDP Training and Technical Assistance Awardee Standards

OJJDP has developed the Core Performance Standards for Training, Technical Assistance, and Evaluation to promote among providers the consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with the OJJDP National Training and Technical Assistance Center (NTTAC) by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these protocols at any time with reasonable notice to the grantee prior to project completion.
- **OJJDP-funded webinars.** The award recipient must comply with OJJDP's webinar guidelines, as described in the Core Performance Standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP in advance of all events for the online calendar, record events, and provide the final files (which must be compliant with Section 508 of the Workforce Rehabilitation Act) to OJJDP or OJJDP's representative. For more information on Section 508 of the Workforce Rehabilitation Act, visit <https://www.section508.gov/>.
- **Training information sharing.** OJP will collect information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP's standard electronic training request form, submit information to OJJDP on all training events (e.g., name of requester, description of request, dates of event) 30 days in advance of the event date, and report additional data, as OJJDP requires.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this [Executive Order](#), OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization (s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or Tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

Proposal Abstract

A Proposal Abstract (no more than 400 words) summarizing the proposed project — including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known) — must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 30 numbered pages. If the proposal narrative fails to comply with these length restrictions, OJJDP may consider such noncompliance in peer review and in final award decision.

The proposal narrative must include the following sections:

a. Description of the Issue

Applicants should briefly describe the nature and scope of the problem that the program will address (i.e., high rates of child abuse and neglect, absence of CASA programs). The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and/or a citation. Applicants should describe the target population and any previous or current attempts to address the problem. Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions.

b. Project Design and Implementation

The applicant should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. The applicant should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section. The applicant should detail the funding strategy to be implemented, including specifics regarding the application process, review of applications, decisionmaking, award procedures, and monitoring. In addition, this section should describe how the applicant will prepare local and state CASA organizations to apply for subaward funding, how they will work effectively to issue funds in a timely manner, and how they will support the subawardees in accessing funds and implementing their programs.

Note the following required elements for the funding strategy and refer to the Goals, Objectives, and Deliverables section for specific details:

- A minimum of 75 percent of the overall award must be allocated to subgrants.
- A minimum of 125 subawards must be made to state and local CASA programs across the nation, with at least 30 percent awarded to: 1) support sites that do not have access to a CASA program and 2) support expansion of existing programs to increase access.
- Subgrant amounts may range from \$30,000 to \$150,000.
- Release of an RFP by January 5, 2024, with issuance of subawards beginning April 1, 2024.

Applicants should describe their vision and plan for meaningfully and sustainably integrating youth and family partnership into their proposed project. Applicants should address any corresponding budget implications in their application's budget detail and budget narrative. For resources/guidance on effective youth and family partnership strategies and practices, click [here](#).

If an applicant believes that their project design is in no way amenable to incorporating youth and family partnership, the applicant should instead provide a detailed explanation and justification for excluding this element.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities.

c. Capabilities and Competencies

This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

- Letters of Support/Memoranda of Understanding. Applicants should provide signed and dated letters of support or memoranda of understanding for all key partners that include the following:
- Expression of support for the program and a statement of willingness to participate and collaborate with it. Description of the partner's current role and responsibilities in the planning process and expected responsibilities in the implementation of the program.
- Estimate of the percentage of time that the partner will devote to the planning and operation of the project.

Letters of support may be addressed to the OJJDP Administrator. Applicants should combine all letters of support into one attachment and label it as "letters of support." Only letters of support that are submitted by the due date and with the full application will be considered during the review process.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 40% of the project budget) will enhance its ability to implement the proposed project(s), should also specify which populations are intended or expected to be served or have their needs addressed under the proposed project(s), and should include the website address (if applicable) and formal or informal mission statement or principles of the culturally specific organization.

d. Plan for Collecting the Data Required for This Solicitation's Performance Measures

Describe the process for measuring project performance. Identify who will collect

the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the impact of the project. Describe the process that will be used to accurately report data.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at <https://ojjdp.ojp.gov/funding/performance-measures/performance-measures-court-appointed-special-advocates-casa-program.pdf>.

OJJDP will require award recipients to submit performance measure data and performance reports in JustGrants. OJJDP will provide further guidance on the post-award submission process, if the applicant is selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "Note on Project Evaluations" section in the [OJP Grant Application Resource Guide](#).

Goal, Objectives, Deliverables and Timeline

The applicant will submit the project's goals, objectives, deliverables and timeline in the JustGrants web-based form. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

Goals. The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the previous section and outline the project's goals.

Program Objectives. The applicant should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project's desired results. They should be measurable and clearly linked to the goal.

Deliverables. Project deliverables refer to outputs—tangible or intangible—that are submitted within the scope of a project.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” here). On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

The budget narrative must also describe how the activities that will be funded with the (minimum) 40% of award funding provided to the subrecipient **specifically relate to the priority consideration requested** and described in the Capabilities and Competencies section of the application.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48**

hours before the Grants.gov deadline. If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 pm eastern time on September 25, 2023.

The **full application** must be submitted in JustGrants by 8:59 pm eastern time on October 10, 2023

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and

notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

Description of the Issue (10%) - evaluate the applicant’s understanding of the program/issue to be addressed.

Project Design and Implementation (20%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.

Capabilities and Competencies (50%) - evaluate the applicant’s administrative and technical capacity to successfully accomplish the goals and objectives.

Plan for Collecting the Data Required for This Solicitation’s Performance Measures (10%) - evaluate the applicant’s understanding of the performance data reporting requirements and the plan for collecting the required data.

Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints.
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
