## Program Description

### Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, OJJDP seeks to select a national training and technical assistance provider to support jurisdictions' efforts to improve juvenile records expungement and sealing in order to eliminate barriers to their successful reentry and ensure that they are afforded the genuine second chances upon which the juvenile justice system is predicated.

[OJJDP's](#) guiding philosophy is to enhance the welfare of America's youth and broaden their opportunities for a better future. To bring these goals to fruition, OJJDP is leading efforts to transform the juvenile justice system into one that will [Treat Children as Children](#); [Serve Children at Home, With Their Families, in their Communities](#); and [Open Up Opportunities for System-Involved Youth](#). OJJDP encourages all proposed applications that work with youth to highlight how the proposed program aligns with these priorities.

OJJDP envisions a juvenile justice system centered on the strengths, needs, and voices of youth and families. Young people and family members with lived experience are vital resources for understanding and reaching persons involved or at risk of involvement with youth-serving systems. OJJDP asks stakeholders to join us in sustainably integrating bold, transformative youth and family partnership strategies into our daily work. OJJDP believes in achieving positive outcomes for youth, families, and communities through meaningful engagement and active partnerships, ensuring they play a central role in collaboratively developing solutions.

Applicants must describe how their proposed project/program will integrate and sustain meaningful youth and family partnerships into their project plan and budget. Depending on the nature of an applicant's proposed project, youth and family partnership could consist of one or more of the following:

- Individual-level partnership in case planning and direct service delivery (before, during, and after contact with youth-serving systems).
- Agency-level partnership (e.g., in policy, practice, and program development, implementation, and evaluation; staffing; advisory bodies; budget development).
- System-level partnership (e.g., in strategic planning activities, system improvement initiatives, advocacy strategies, reform efforts).

## Statutory Authority

Department of Justice Appropriations Act, 2023, Pub. L. No. 117-328, 136 Stat. 4459, 4536; Section 101 of the Second Chance Act of 2007 (Pub. L. No. 110–199; Pub. L. No. 115–391; 34 U.S.C. § 10631) ; 28 U.S.C. 530C.

## Specific Information

In 2019, U.S. courts handled an estimated 722,600 cases in which a youth was charged with a delinquency offense, with hundreds of thousands more on probation.<sup>[1]</sup> A record can trigger collateral consequences that impede adolescents' development and prospects for long-term success. Records of their arrest, charge, and disposition may appear on background checks run by employers, landlords, colleges, lenders, the military, and vocational licensing bodies, resulting in discrimination and exclusion. Expunging these records helps young people who are reentering their communities obtain educational loans and realize educational attainment, maintain gainful employment and secure housing, access credit, obtain occupational licenses, and address a host of other factors critical to their successful reentry and transition into adulthood. A Presidential Proclamation on Second Chance Month 2022 affirms the vital importance of record expungement to persons reentering their communities following confinement:

America is a Nation of second chances, and it is critical that our criminal and juvenile justice systems provide meaningful opportunities for rehabilitation and redemption. ... My Administration recognizes that making the criminal and juvenile justice systems more equitable, just, and effective requires...expunging and sealing certain criminal records so that people's futures are not defined by their past. ... By supporting people who are committed to rectifying their mistakes, redefining themselves, and making meaningful contributions to society, we help reduce recidivism and build safer communities. ... That is why my Administration is working across Federal agencies to eliminate barriers to reentry. ... Together, let us recommit to empower Americans who have paid their debt to society and to provide them with a second chance to participate, contribute, and succeed.<sup>[2]</sup>

The barriers that juvenile records pose are debilitating for individual young people and undermine the purpose and efficacy of the juvenile justice system. Our juvenile justice system is predicated on the principle that youth are developmentally different from adults and are more amendable to effective interventions, treatment, and rehabilitation. The juvenile justice system relies upon the genuine second chances that our young people are afforded when their youthful acts are not permitted to follow them into adulthood.

A 2019 research study at the University of Michigan found that only 6.5% of eligible individuals actually received expungements within five years of eligibility. The study also found that only 7% of all expungement recipients were rearrested within five years of receiving their set-aside (just 2.6% for violent offenses) and even fewer are reconvicted,

which are extremely low recidivism rates in comparison with the general population. Finally, this study found that individuals' set-asides were associated with an average 25% wage increase within two years of expungement. Another research study found that expungements reduced barriers to employment, led to cognitive improvements and a feeling of a new identity, and led to monetary net benefits for recipients (\$5,760 per individual each year).<sup>[3]</sup> For young people reentering their communities, expunging records helps them obtain and realize educational attainment, employment and secure housing, resulting in lower recidivism rates and higher successful transitions to adulthood.

Despite the many benefits of expungement, a number of barriers prevent most young people from expunging their records. Examples include a dearth of automatic expungement laws specifically for records obtained when someone was a child or youth, a lack of knowledge and awareness about the availability and importance of expungement remedies, the absence of data tracking and notification systems, and a grave dearth of lawyers trained and resourced to help young people through the legal process. All of these barriers disproportionately impact young people of color and low-income young people, who are overrepresented in the justice system. Justice system involvement should benefit young people, not create additional obstacles in their lives. Ensuring that young people's reentry and future opportunities are not hindered by juvenile records enables young people to secure the tools and opportunities essential to transitioning into adulthood and avoiding further system involvement.

The purpose of this program is to help jurisdictions interested in juvenile reentry projects improve how they expunge, seal, or vacate juvenile records in order to eliminate barriers to successful reentry, improve youth outcomes, reduce recidivism, and enhance public safety.

## **Goals, Objectives, and Deliverables**

### **Goals**

The goal of this program is to help jurisdictions interested in juvenile reentry projects improve their records expungement and sealing policies, programs, practices, and resources for young people. Recognizing that the breadth and reach of juvenile court records far exceed the capacity of young people,

youth defense delivery systems, or juvenile courts to meaningfully address strictly on an individual, case-by-case basis and that individual record-clearance efforts too often financially burden young people and families and add to juvenile courts' and youth defense delivery systems' overwhelming caseloads, a primary goal of this program is to increase the type and number of juvenile court records eligible for automatic expungement, expunction, and/or sealing.

## **Objectives**

An applicant should address all of the objectives listed below in the Goals, Objectives, Deliverables, and Timeline web-based form.

The national training and technical assistance (TTA) provider will provide training, technical assistance, and resources to jurisdictions interested in juvenile reentry projects seeking to improve their juvenile records expungement and sealing policies, programs, practices, and resources.

Focus areas the TTA provider should help jurisdictions to address include, but are not limited to:

- Expanding policies and implementation for the use of automatic juvenile record clearance.
- Identifying and eliminating systemic barriers to expungement (such as arbitrary or excessive age requirements and disqualifying factors, excessive waiting periods, onerous filing fees and requirements, and extremely complicated processes).
- Providing training and information to judges, court personnel, defenders, civil legal services providers, lawmakers, and/or other persons and entities poised to improve or assist with juvenile records clearance.
- Implementing tracking and notification systems to ensure young people and families are informed when a young person becomes eligible for expungement.
- Developing and implementing data collection frameworks and protocols to collect, analyze, and publish expungement-related data and use that data in decisionmaking.
- Educating/informing young people and families about the importance of records sealing and expungement as a way to provide better opportunities for young people and avoid recidivism.
- Providing direct legal assistance to young people and their families with the expungement process.
- Raising awareness nationally of other available resources (such as National Criminal History Improvement, or "NCHIP," funds) that can be used by states to seal or expunge juvenile and criminal history information in accordance with state laws and policies.

## **Deliverables**

Deliverables include, but are not limited to:

- Expanded use of automatic juvenile record clearance across jurisdictions.
- Publications, tools, practice guides, and/or other resources addressing the relevance and importance of expungement and record sealing; the harmful collateral consequences juvenile records have on reentering children and families; and curating best and promising record clearance policies, practices, and models.
- Training and technical assistance for judges, court personnel, defenders, civil legal services providers, lawmakers, and other persons and entities poised to improve or assist with juvenile records clearance.
- Data analyses and system assessments pertaining to juvenile records clearance to inform and spur reform.
- A national publication that summarizes the TTA project; objectively assesses or evaluates the impact of the implemented strategies; and captures early outcomes, lessons learned, and best and promising practices. The purpose of this culminating deliverable is to inform and inspire other jurisdictions to pursue juvenile record clearance reform. The publication should be accompanied by a dissemination strategy (which could include, for example, a national webinar or webinar series, bulletins, a podcast series, or workshops at relevant annual conferences).

The TTA provider will collaborate closely with organizations conducting work in this area as well as relevant DOJ-funded providers, such as the Second Chance Youth Reentry National Training and Technical Assistance provider and the National Reentry Resource Center, to leverage this work and expand its reach.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

### **OJJDP Training and Technical Assistance Awardee Standards**

OJJDP has developed the Core Performance Standards for Training, Technical Assistance, and Evaluation to promote among providers the consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with the OJJDP National Training and Technical Assistance Center (NTTAC) by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these

protocols at any time with reasonable notice to the grantee prior to project completion.

- **OJJDP-funded webinars.** The award recipient must comply with OJJDP's webinar guidelines, as described in the Core Performance Standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP in advance of all events for the online calendar, record events, and provide the final files (which must be compliant with Section 508 of the Workforce Rehabilitation Act) to OJJDP or OJJDP's representative. For more information on Section 508 of the Workforce Rehabilitation Act, visit <https://www.section508.gov/>.
- **Training information sharing.** OJP will collect information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP's standard electronic training request form, submit information to OJJDP on all training events (e.g., name of requester, description of request, dates of event) 30 days in advance of the event date, and report additional data, as OJJDP requires.

### **Evidence-Based Programs or Practices**

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

### **Information Regarding Potential Evaluation of Programs and Activities**

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

### **Priority Areas**

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

#### **1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government***

In support of this [Executive Order](#), OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization (s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or Tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

C. OJJDP will give priority consideration to applicants that demonstrate a commitment to ensuring fairness, equity, and access to justice for all children and families regardless of their race or ethnicity; religion; socioeconomic status; gender; age; mental health; cognitive, sensory, or physical disability; sexual orientation or gender identity or expression; geographic location; or other characteristics historically linked to discrimination or exclusion.

To receive this priority consideration, applicants must include in their application a plan that describes how the applicant will incorporate these values and priorities into their

program design.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

- Proposal Abstract
- Proposal Narrative
- Budget Web-Based Form (The web-based form includes the budget details and the budget narrative.)

If OJP determines that an application does not include these elements, it will neither proceed to peer review, nor receive further consideration.

### Information to Complete the Application for Federal Assistance (SF-424) in Grants.gov

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [OJP Grant Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

**Intergovernmental Review:** This solicitation ("funding opportunity") **is not** subject to [Executive Order \(E.O.\) 12372](#). In completing the SF-424, an applicant is to answer question 19 by selecting "Program is not covered by E.O. 12372."

### Standard Applicant Information (JustGrants 424 and General Agency Information)

The "Standard Applicant Information" section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to

review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization's unique entity identifier, legal name, and address.

### **Proposal Abstract**

A Proposal Abstract (no more than 400 words) summarizing the proposed project — including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known) — must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the [OJP Grant Application Resource Guide](#) for an example of a proposal abstract.

### **Proposal Narrative**

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 30 numbered pages. If the proposal narrative fails to comply with these length restrictions, OJJDP may consider such noncompliance in peer review and in final award decision. Tables, charts, and graphs may be included in the program narrative, but should be created in a legible font no smaller than 12-point, and these items will count toward the page limit.

The proposal narrative must include the following sections:

a. Description of the Issue

Describe the nature and scope of the problem that the proposed program will address. Describe the target population that will benefit from the proposed program, and the effects of the identified problem on that target population and the larger community. Explain why the proposed activities are necessary (significance/value) to address an identified issue/need. Describe any relevant research or evaluation studies, published or unpublished, and data that relate to the identified problem/need and contribute to understanding its causes and potential solutions (also explain if there is a dearth of available research/data on point). Include citations to the source(s) of any data or research referenced. Describe any current or recent efforts to address the problem/needs identified, if any, and their outcomes.

b. Project Design and Implementation

Describe the strategy that will be used to address the problem/needs identified in

the Description of the Issue and achieve the project's goals and objectives. List the proposed project activities and deliverables and describe how they relate to the stated objectives. Activities are the specific actions to be undertaken to fulfill the program's objectives and reach the program's goal(s). Provide a detailed description of the method(s) to be used to carry out each activity. Include details regarding any leveraged resources (cash or in-kind) anticipated from local sources to support the project, if any. Discuss plans for achieving sustainability of the initiative beyond the grant period.

Applicants should describe their vision and plan for meaningfully and sustainably integrating youth and family partnership into their proposed project. Applicants should address any corresponding budget implications in their application's budget detail and budget narrative. For resources/guidance on effective youth and family partnership strategies and practices, [click here](#).

If an applicant believes that their project design is in no way amenable to incorporating youth and family partnership, the applicant should instead provide a detailed explanation and justification for excluding this element.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities.

If the applicant is seeking priority consideration for Priority 1(C), it should address in this section how the proposed project(s) will ensure fairness, equity, and access to justice for all children and families regardless of their religion; gender; age; mental health; cognitive, sensory, or physical disability; sexual orientation or gender identity; or other characteristics historically linked to discrimination or exclusion not already identified under Priority 1(A).

c. Capabilities and Competencies

Describe the capabilities and competencies required to accomplish the goals and objectives of the project. Describe the experience and capability of the applicant organization and any contractors or subgrantees that will be used to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Highlight the applicant agency's experience/capability/capacity to manage subawards, including details on the agency's system for fiscal accountability. Explain how the management and staffing patterns connect to the project design described in the previous section. Describe the roles and responsibilities of project

staff and explain the program's organizational structure and operations. Include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 40% of the project budget) will enhance its ability to implement the proposed project(s), specify which populations are intended or expected to be served or have their needs addressed under the proposed project(s), and include the website address (if applicable) and formal or informal mission statement or principles of the culturally specific organization.

d. Plan for Collecting the Data Required for This Solicitation's Performance Measures

Describe the process and system(s) that will be used to measure project performance. Identify who will collect the data and how, who is responsible for performance measurement, and how the information will be used to guide and evaluate the project's impact. Describe the process to validate and accurately report the data.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at [www.ojp.gov/performance](http://www.ojp.gov/performance) for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at <https://oijdpmt.ojp.gov/help/TTAGrid.pdf>.

OJJDP will require award recipients to submit performance measure data and performance reports in JustGrants. OJJDP will provide further guidance on the post-award submission process if the applicant is selected for award.

## Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the “Note on Project Evaluations” section in the [OJP Grant Application Resource Guide](#).

## Goal, Objectives, Deliverables and Timeline

The applicant will submit the project's goals, objectives, deliverables and timeline in the JustGrants web-based form. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

Goals. The applicant should describe the project’s intent to change, reduce, or eliminate the problem noted in the previous section and outline the project’s goals.

Program Objectives. The applicant should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project’s desired results. They should be measurable and clearly linked to the goal.

Deliverables. Project deliverables refer to outputs—tangible or intangible—that are submitted within the scope of a project.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” [here](#)). On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

## Budget and Associated Documentation

### Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. For additional information, see the [OJP Grant Application Resource Guide](#) and the [Complete the Application in JustGrants – Budget](#) training.

If the applicant is seeking priority consideration under Priority 1(B) based on the identification of at least one proposed subrecipient as a culturally specific organization, the proposed funding for the subrecipient in the web-based budget form **must reflect a**

**minimum of 40% of award funding.** The budget narrative must also describe how the activities that will be funded with the (minimum) 40% of award funding provided to the subrecipient **specifically relate to the priority consideration requested** and described in the Capabilities and Competencies section of the application.

See the [OJP Grant Application Resource Guide](#) for additional information.

### **How to Apply**

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

**Step 1**: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in

Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

**Step 2:** The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://JustGrants.usdoj.gov) by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from [DIAMD-NoReply@usdoj.gov](mailto:DIAMD-NoReply@usdoj.gov) with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

### **Submission Dates and Time**

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 pm eastern time on June 6, 2023.

The **full application** must be submitted in JustGrants by 8:59 pm eastern time on June 20, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

### **Experiencing Unforeseen Technical Issues Preventing Submission of an Application**

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented

application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or [support@grants.gov](mailto:support@grants.gov).
- JustGrants - contact the JustGrants Service Desk at [JustGrants.Support@usdoj.gov](mailto:JustGrants.Support@usdoj.gov) or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at [grants@ncjrs.gov](mailto:grants@ncjrs.gov) within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at [grants@ncjrs.gov](mailto:grants@ncjrs.gov) within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#).

## **Application Review Information**

### **Review Criteria**

#### **Merit Review Criteria**

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Description of the Issue (10%) - evaluate the applicant’s understanding of the program/issue to be addressed.
2. Project Design and Implementation (45%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (25%) - evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation’s Performance Measures (10%) - evaluate the applicant’s understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

#### **Other Review Criteria/Factors**

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

#### **Review Process**

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important Note on FAPIIS:** An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
