DISCRETIONARY GRANT PROGRAM

PC 1: DIRECT SERVICE PREVENTION

Bold indicates mandatory indicators.

#	Output Measure	Definition	Data Grantee Reports	Record Data Here
1	OJJDP grant funds awarded for prevention services	The amount of OJJDP grant funds in whole dollars that are awarded for program prevention services. Program records are the preferred data source.	A. OJJDP grant funds awarded to program for prevention services.	
2	Number of prevention service slots created	The number of new prevention slots created during the reporting period as a result of OJJDP funds. Program records are the preferred reporting source.	A. The number of prevention slots created during the reporting period using OJJDP funds.	
3	Number of youth or youth and families served	An unduplicated count of the number of youth (or youth and families) served by the program during the reporting period. Definition of the number of youth (or youth and families) served for the reporting period is the number of youth (or youth and families) carried over from the previous reporting period plus new admissions during the reporting period.	A. Number of program youth (or youth and families) carried over from the previous reporting period, plus new admissions during the reporting period.	
4	Number of programs that implement an evidence based program or practice	Number and percent of programs that implement an evidence based program or practice. Evidence based programs and practices include program models that have been shown, through rigorous evaluation and replication, to be effective at preventing or reducing juvenile delinquency or related risk factors, such as substance abuse. Model programs can come from many valid sources (e.g., Blueprints, OJJDP's Model Programs Guide, SAMHSA's Model Programs, State Model Program resources, etc.).	A. Number of programs implementing an evidence-based program or practice prevention model B. Number of programs C. A/B	
5	Number of youth or youth and families served by a program with an evidence based program or practices intervention model	Number and percent of youth (or youth and families) served using an evidence-based program or practices intervention model. Program records are the preferred source of data.	A. Number of youth or youth and families receiving an evidence based program or practices prevention model. B. Number of program youth or youth and families C. A/B	
6	Number of program staff who have completed training in program area	Number and percent of program staff who have completed training or a formal learning opportunity during the reporting period.	A. Number of program staff completing training or formal learning opportunity B. Number of program staff enrolled C. A/B	
7	Average length of stay in program	The average length of time (in days) that clients remain in the program. Include data for clients who both complete program requirements prior to program exit and those who do not. Program records are the preferred data source.	A. Total number of days between program entry and program exit regardless of reason for exit. B. Number of clients to exit the program C. Average (A/B)

#	Output Measure	Definition	Data Grantee Reports	Record Data Here
8	Number of service hours completed	The number of hours of service completed by program youth during the reporting period. Service is any explicit activity (such as program contact, counseling sessions, course curriculum, community service, etc.) delivered by program staff or other professionals dedicated to completing the program requirements. Program records are the preferred data source.	A. Total number of program youth service hours B. Number of youth enrolled in program C. Percent (A/B)	
9	Percent decrease in gang-related incident arrests (GANG)		A. Number of gang-related incident arrests B. Total number of arrests C. Percent of gang-related arrests	
10	Percent decrease in gang-related homicides (GANG)		A. Number of gang-related homicides B. Total number of homicides C. Percent of homicides that are gang-related	
11	Percent decrease in gang-related aggravated assault (GANG)		A. Number of gang-related aggravated assaults B. Total number of aggravated assaults C. Percent of aggravated assaults that are gang-related	
12	Percent decrease in gang-related robberies (GANG)		A. Number of gang-related robberies based on official records B. Total number of robberies C. Percent of robberies that are gang-related	
13	Number of planning activities conducted (GANG)	Activities include meetings held, needs assessments undertaken, etc.	A. Number of planning activities conducted during the reporting period

Bold indicates mandatory indicators.

#	Outcome Measure	Definition	Data Grantee Reports	Record Data Here
14	Number and percent of youth or youth and families completing program requirements (short term)	Number and percent of youth (or youth and families) who have successfully met all program obligations and requirements. Program obligations will vary by program, but should be a predefined list of obligations or requirements that clients must meet prior to program completion. Program records are the preferred data source.	A. Number of program youth (or youth and families) exiting the program having successfully completed all program obligations and requirement B. Number of youth (or youth and families) exiting the program for all reasons C. A/B	
15a	Social competence (short term)	The number of youth who have exhibited an improvement in social competence. Social competence is defined as the ability to achieve personal goals in social interaction while maintaining positive relationships with others over time and across situations. Self-report or staff ratings are the preferred data sources.	A. Number of program youth with the noted behavioral change B. Number of youth in the program who received services for this behavior C. A/B	
15a	Social competence (long term)	Number and percent of program youth who exhibited an improvement in social competencies 6 months to 1 year after exiting the program.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15b	School attendance (short term)	The number of program youth who have exhibited an increase in school attendance during the reporting period. Self-report or staff ratings are most likely data sources.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15b	School attendance (long term)	Number and percent of program youth who exhibited an increase in school attendance 6 months to 1 year after exiting the program.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who exited the program 6-12 months earlier, and received services for this behavior C. A/B	
15c	GPA (short term)	Number and percent of program youth who exhibited an increase in GPA during the reporting period. Self-report or staff ratings are most likely data sources.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15c	GPA (long term)	Number and percent of program youth who exhibited an increase in GPA 6 months to 1 year after exiting the program.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who exited the program 6-12 months ago and received services for this behavior C. A/B	
15d	GED (short term)	Number and percent of program youth who earned a GED (through the program) during the reporting period. Self-report or staff ratings are most likely data sources.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B

#	Outcome Measure	Definition	Data Grantee Reports	Record Data Here
15d	GED (long term)	Number and percent of program youth who earned a GED (through the program) 6 months to 1 year after exiting the program.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15e	High School Completion (short term)	The number of youth who have completed High School during the reporting period. Program records are the preferred data source.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15e	High School Completion (long term)	The number of youth who have completed High School during the reporting period. Program records are the preferred data source.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15f	Job skills (short term)	Number and percent of program youth who exhibited an increase in job skills during the reporting period. Self-report or staff rating is most likely data source.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15f	Job skills (long term)	Number and percent of program youth who exhibited an increase in job skills 6 months to 1 year after exiting the program.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who exited the program 6-12 months ago and received services for this behavior C. A/B	
15g	Employment status (short term)	The number of program youth who have exhibited an improvement in employment status during the reporting period. Self-report or staff ratings are most likely data sources.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15g	Employment status (long term)	Number and percent of program youth who exhibited an improvement in employment status 6 months to 1 year after exiting the program.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth who exited the program 6-12 months ago and received services for this behavior C. A/B	
15h	Family relationships (short term)	Number and percent of program youth who exhibited an improvement in family relationships during the reporting period. Self-report, staff ratings are most likely data sources.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15h	Family relationships (long term)	Number and percent of program youth who exhibited an improvement in family relationships 6 months to 1 year after exiting the program.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who exited the program 6-12 months earlier and received services for this behavior C. A/B

#	Outcome Measure	Definition	Data Grantee Reports	Record Data Here
15i	Family Functioning (short term)	The number of youth, or youth and families, who have exhibited an improvement in family functioning. Self-report or staff ratings are the preferred data sources.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15i	Family Functioning (long term)	The number of youth, or youth and families, who have exhibited an improvement in family functioning. Self-report or staff ratings are the preferred data sources.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who exited 6-12 months earlier and received services for this behavior C. A/B	
15j	Antisocial behavior (short term)	The number and percent of youth who have exhibited a decrease in antisocial behavior during the reporting period. Self-report or staff ratings are the preferred data source. Anti-social behavior: A pervasive pattern of behavior that displays disregard for and violation of the rights of others, societal mores, or the law (such as deceitfulness, irritability, consistent irresponsibility, lack of remorse, failure to conform to social norms).	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15j	Antisocial behavior (long term)	Number and percent of program youth who exhibited a decrease in antisocial behavior 6 months to 1 year after exiting the program. Anti-social behavior: A pervasive pattern of behavior that displays disregard for and violation of the rights of others, societal mores, or the law (such as deceitfulness, irritability, consistent irresponsibility, lack of remorse, failure to conform to social norms).	A. Number of program youth exhibiting indicated change in behavior B. Number of youth who exited the program 6-12 months earlier and received services for this behavior C. A/B	
15k	Substance use (short term)	The number and percent of program youth who have exhibited a decrease in substance use during the reporting period. Self-report or staff ratings are most likely data sources.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B	
15k	Substance use (long term)	Number and percent of program youth who exhibited a decrease in substance use 6 months to 1 year after exiting the program.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth who exited the program 6-12 months earlier and received services for this behavior C. A/B	
15l	Gang-related activities (short term)	The number and percent of program youth who have exhibited a decrease in gang activities during the reporting period. Self-report or staff ratings are the most likely data sources.	A. Number of program youth exhibiting indicated change in behavior B. Number of youth in the program who received services for this behavior C. A/B

#	Outcome Measure	Definition	Data Grantee Reports	Record Data Here
15l	Gang-related activities (long term)	The number and percent of program youth who have exhibited a decrease in gang activities during the reporting period. Self-report or staff ratings are the most likely data sources.	A. Number of program youth exhibiting indicated change in behavior who exited the program 6-12 months ago B. Number of youth who exited the program 6-12 months ago and received services for this behavior C. A/B	
15m	Change in Knowledge (short term)	The number of youth who have exhibited an increase in knowledge.	A. Number of youth with the noted knowledge change. B. Number of youth in the program who received services for this behavior C. a/b	
16	Number and percent of program youth who are satisfied with the program	The number and percent of program youth who are satisfied with the program in such areas as staff relations and expertise, general program operations, facilities, materials, and services. Self-reported data collected using evaluation or assessment forms are the preferred data source instrument.	A. Number of program youth satisfied with the program B. Total number of program youth C. A/B	
17	Number and percent of program families who are satisfied with the program	The number and percent of program families who are satisfied with the program in such areas as staff relations and expertise, general program operations, facilities, materials, and services. Self-reported data collected using evaluation or assessment forms are the preferred data source instruments.	A. Number of program families satisfied with the program B. Total number of program families C. A/B	
18	Number and percent of program staff who are satisfied with the program	The number and percent of program staff who are satisfied with the program in such areas as staff relations and expertise, general program operations, facilities, materials, and services. Self-reported data collected using evaluation or assessment forms are the preferred data source instruments.	A. Number of program staff satisfied with the program B. Total number of program staff C. A/B	
19	Number and percent of program staff with increased knowledge of program	The number and percent of staff who gained a greater knowledge of the gun program area through trainings or other formal learning opportunities. Appropriate for any program whose staff received program-related training. Training does not need to have been given by the program. Self-report data collected using training evaluation or assessment forms are the expected data source.	A. Number of program staff who have increase in knowledge about program area B. Number of program staff trained C. A/B

#	Outcome Measure	Definition	Data Grantee Reports	Record Data Here
20	Number and percent of program youth who OFFEND during the reporting period (Short Term Measure)	<p>The number and percent of participating program youth who were arrested or seen at a juvenile court for a delinquent offense during the reporting period. Appropriate for any youth-serving program. Official records (police, juvenile court) are the preferred data source.</p> <p>The number of youth tracked should reflect the number of program youth that are followed or monitored for arrests or offenses. <i>Ideally this number should be all youth served by the program during this reporting period.</i></p> <p>Ex. If I am serving 100 youth in my program, A would be 100. If I am following up with 50 of them, B would be 50. Of these 50 program youth I'm tracking, if 25 of them were arrested or had a delinquent offense during this reporting period, then C would be 25.</p>	<p>A. Total number of program youth served</p> <p>B. Number of program youth tracked during this reporting period</p> <p>C. Of B, number of program youth who had an arrest or delinquent offense during this reporting period</p> <p>D. Number of program youth who were recommitted to a juvenile facility during this reporting period</p> <p>E. Number of program youth who were sentenced to adult prison during this reporting period</p> <p>F. Number of youth who received another sentence during this reporting period Percent offending (C/B)</p>	
21	Number and percent of program youth who OFFEND during the reporting period (Long Term Measure)	<p>The number and percent of participating program youth who were arrested or seen at a juvenile court for a delinquent offense during the reporting period. Appropriate for any youth-serving program. Official records (police, juvenile court) are the preferred data source.</p> <p>The number of youth tracked should reflect the number of program youth that are followed or monitored for arrests or offenses 6-12 months after exiting the program.</p> <p>Ex. I have a lot of youth who exited my program 6-12 months ago, but we are only tracking 100 of them, so A is 100. Of these 100 program youth that exited the program 6-12 months ago 65 had a new arrest or delinquent offense during this reporting period, so B is 65.</p>	<p>A. Number of program youth who exited the program 6-12 months ago that you are tracking</p> <p>B. Of A, the number of program youth who had an arrest or delinquent offense during this reporting period</p> <p>C. Number of program youth who were recommitted to a juvenile facility during this reporting period</p> <p>D. Number of program youth who were sentenced to adult prison during this reporting period</p> <p>E. Number of youth who received another sentence during this reporting period Percent of Long Term offending (B/A)</p>	
22	Number and percent of program youth who are VICTIMIZED (Short Term Measure)	<p>The number and percent of youth who were victimized. Appropriate for any youth-serving program. Official records (police, juvenile court) are the preferred data source.</p>	<p>A. Total number of program youth served</p> <p>B. Number of program youth tracked during this reporting period for victimization</p> <p>C. Of B, the number of program youth who were victimized</p> <p>D. Percent victimized (C/B)</p>	
23	Number and percent of program youth who are VICTIMIZED (Long Term Measure)	<p>The number and percent of youth who were victimized. Appropriate for any youth-serving program. Official records (police, juvenile court) are the preferred data source.</p>	<p>A. Number of program youth who exited the program 6-12 months ago that you are tracking for victimization</p> <p>B. Of A, the number of program youth who were victimized during this reporting period</p> <p>C. Percent of Long Term victimization (B/A)</p>
