TITLE II FORMULA GRANT PROGRAM**

**PA 14: POSITIVE YOUTH DEVELOPMENT**

**Bold indicates mandatory measures**

#	Measure	Definition	Data Grantee Reports	Record Data Here
1	Number of MOUs developed	The number of Memoranda of Understanding (MOUs) or interagency agreements developed during the reporting period. Include all formal partnership or coordination agreements. Program records are the preferred data source.	A. Number of MOUs developed during the reporting period	
2	<b>Number of program youth served</b>	An unduplicated count of the number of youth served by the program during the reporting period. Definition of the number of youth served for a reporting period is the number of program youth carried over from the previous reporting period, plus new admissions during the reporting period. In calculating the 3-year summary, the total number of youth served is the number of participants carried over from the year previous to the first fiscal year, plus all new admissions during the 3 reporting fiscal years. Program records are the preferred data source.	A. Number of program youth carried over from the previous reporting period, plus new admissions during the reporting period	
3	Number of services provided to youth	This measure is designed to assess both need and program capacity. Report the number of youth who are assessed as needing various types of services during the reporting period and also the number of youth who actually receive various services during the reporting period. Other services may include educational services, social skills building, cultural skills building, or any other services other than substance use counseling, mental health, or housing services. Program records are the preferred data source.	A. Number of youth assessed as needing substance use counseling/services during the reporting period B. Number of youth enrolled in substance use counseling/services during the reporting period C. Number of youth assessed as needing mental health services during the reporting period D. Number of youth enrolled in mental health services during the reporting period E. Number of youth assessed as needing housing services during the reporting period F. Number of youth who successfully found housing during the reporting period G. Number of youth assessed as needing other services during reporting period H. Number of youth enrolled in other services during the reporting period	
4	<b>Number and percent of programs/initiatives employing evidence-based programs or practices</b>	Report the number and percent of programs/initiatives employing evidence-based programs or practices. These include programs and practices that have been shown, through rigorous evaluation and replication, to be effective at preventing or reducing juvenile delinquency or related risk factors, such as substance abuse. Model programs can come from many valid sources (Blueprints for Violence Prevention, CrimeSolutions.gov, OJJDP's Model Programs Guide, SAMHSA's Model Programs, etc.).	A. Number of program/initiatives employing evidence-based programs or practices B. Total number of programs/initiatives C. Percent (A/B)	
5	<b>Number and percent of youth with whom an evidence-based program or practice was used</b>	The number and percent of youth served with an evidence-based program or practice. These include programs and practices that have been shown, through rigorous evaluation and replication, to be effective at preventing or reducing juvenile delinquency or related risk factors, such as substance abuse. Model programs can come from many valid sources (Blueprints for Violence Prevention, CrimeSolutions.gov, OJJDP's Model Programs Guide, SAMHSA's Model Programs, etc.).	A. The number of youth served using an evidence-based program or practice B. Total number of youth served during the reporting period C. Percent (A/B)	
6	Number of program slots available	The number of client service slots available during the reporting period. If slots were lost over the reporting period, please report a negative number. Program records are the preferred data source.	A. Number of client service slots available during the reporting period	

**OFFICE OF JUVENILE JUSTICE AND DELINQUENCY PREVENTION  
TITLE II FORMULA GRANT PROGRAM**

**PA 14: POSITIVE YOUTH DEVELOPMENT**

**Bold indicates mandatory measures**

#	Measure	Definition	Data Grantee Reports	Record Data Here
7	Number of FTEs funded by Formula Grant funds	The number of staff funded by Formula Grants (FGs), as measured through the number of full-time equivalent (FTE) staff working for the program during the reporting period. To calculate FTE, divide the number of staff hours used by the program by 2080.	A. Number of FTEs funded with FG funds	
8	Number of program materials developed	The number of program materials developed during the reporting period. Include only substantive materials, such as program overviews, client workbooks, and lists of local service providers. Do not include program advertisements or administrative forms, such as sign-in sheets or client-tracking forms. Count the number of pieces developed. Program records are the preferred data source.	A. Number of program materials developed	
9	Number and percent of program staff trained	The number and percent of program staff who are trained during the reporting period. Program staff includes full- and part-time employees and/or volunteers. The number is the raw number of staff to receive any formal training relevant to the program or their position as program staff. Include any training from any source or medium received during the reporting period as long as receipt can be verified. Training does not have to be completed during the reporting period. To get the percent, divide the raw number by the total number of program staff. Program records are the preferred data source.	A. Number of staff that participated in training B. Total number of program staff C. Percent (A/B)	
10	Number of hours of training provided to program staff	The number of training hours provided to program staff during the reporting period. Training includes in-house and external trainings.	A. Number of hours of training provided to program staff	
11	Number of planning activities conducted	The number of planning activities undertaken during the reporting period. Planning activities include meetings held and needs assessments undertaken.	A. Number of planning activities undertaken	
12	Number of program/agency policies or procedures created, amended, or rescinded	The number of program/agency policies or procedures created, amended, or rescinded during the reporting period. A policy is a plan or specific course of action that guides the general goals and directives of the program or agency. Include program policies that are either relevant to the topic area or affect program operations.	A. Number of policies or procedures created, amended, or rescinded	
13	Number of service hours completed	The number of hours of service completed by program youth during the reporting period. Service is any explicit activity (such as program contact, counseling sessions, course curriculum, community service, etc.) delivered by program staff or other professionals that is dedicated to completing the program requirements. Program records are the preferred data source.	A. Total number of program youth service hours	
14	Average length of stay in program	The average number of days that participating youth remain in the program. Include data for youth who complete program requirements prior to program exit and for those who do not. Program records are the preferred data source.	A. Total number of days between intake and program exit across all clients served B. Number of cases closed C. Average (A/B)

#	Measure	Definition	Data Grantee Reports	Record Data Here
15	<b>Number and percent of program youth who OFFEND (short term)</b>	<p>The number and percent of participating program youth who were arrested or seen at a juvenile court for a delinquent offense during the reporting period. Appropriate for any youth-serving program. Official records (police, juvenile court) are the preferred data source.</p> <p>The number of youth tracked should reflect the number of program youth who are followed or monitored for arrests or offenses. Ideally this number should be all youth served by the program during the reporting period.</p> <p>A youth may be "committed" to a juvenile facility any time that he/she is held overnight. Certain jurisdictions refer to adjudications as "sentences."</p> <p>Other sentences may be community-based sanctions, such as community service, probation, etc.</p> <p>Example: If I am tracking 50 program youth, then B would be 50. Of these 50 program youth I am tracking, if 25 were arrested or had a delinquent offense during the reporting period, then C would be 25. This logic should follow for D, E, and F values. The percent of youth offending who are measured short term will be autocalculated in G.</p>	<p>A. Total number of program youth served during the reporting period</p> <p>B. Number of program youth tracked during the reporting period</p> <p>C. Of B, the number of program youth who had an arrest or delinquent offense during the reporting period</p> <p>D. Number of program youth who were committed to a juvenile facility during the reporting period</p> <p>E. Number of program youth who were sentenced to adult prison during the reporting period</p> <p>F. Number of youth who received another sentence during the reporting period</p> <p>G. Percent OFFENDING (C/B)</p>	
16	<b>Number and percent of program youth who OFFEND (long term)</b>	<p>The number and percent of participating program youth who were arrested or seen at a juvenile court for a delinquent offense during the reporting period. Appropriate for any youth-serving program. Official records (police, juvenile court) are the preferred data source.</p> <p>The number of youth tracked should reflect the number of program youth who are followed or monitored 6–12 months after completing program requirements.</p> <p>A youth may be "committed" to a juvenile facility any time that he/she is held overnight. Certain jurisdictions refer to adjudications as "sentences."</p> <p>Other sentences may be community-based sanctions, such as community service, probation, etc.</p> <p>Example: A grantee may have several youth who exited the program 6–12 months ago; however, they are tracking only 100 of them. Therefore, the A value will be 100. Of these 100 program youth who exited the program 6–12 months ago, 65 had an arrest or delinquent offense during the reporting period; therefore, the B value should be recorded as 65. This logic should follow for C, D, and E values. The percent of youth offending who are measured long term will be autocalculated in F.</p>	<p>A. Total number of program youth tracked during the reporting period who exited the program 6-12 months ago</p> <p>B. Of A, the number of program youth who had an arrest or delinquent offense during the reporting period</p> <p>C. Number of program youth who were committed to a juvenile facility during the reporting period</p> <p>D. Number of program youth who were sentenced to adult prison during the reporting period</p> <p>E. Number of youth who received another sentence during the reporting period</p> <p>F. Percent OFFENDING (B/A)</p>

**PA 14: POSITIVE YOUTH DEVELOPMENT**

**Bold indicates mandatory measures**

#	Measure	Definition	Data Grantee Reports	Record Data Here
21	Number and percent of program youth charged with formal probation violations (long term)	The number and percent of program youth who have been charged with a formal probation violation. Official records are the preferred data source.  The number of youth tracked should reflect the number of program youth who are followed or monitored 6–12 months after completing program requirements.	A. Total number of program youth exiting the program 6-12 months ago tracked for formal probation violations during the reporting period B. Of A, the number of program youth charged with a formal probation violation during the reporting period C. Percent (B/A)	
22a	<b>Antisocial behavior</b> (short term)	The number and percent of program youth who have exhibited a desired change in antisocial behavior during the reporting period. Antisocial behavior is defined as a pervasive pattern of behavior that displays disregard for and violation of the rights of others, societal mores, or the law (such as deceitfulness, irritability, fighting, disruptive behavior, consistent irresponsibility, lack of remorse, or failure to conform to social norms).  Self-report or staff ratings are the most likely data sources.	A. Number of program youth served during the reporting period with the noted behavioral change B. Total number of youth receiving services for the target behavior during the reporting period C. Percent (A/B)	
22a	<b>Antisocial behavior</b> (long term)	The number and percent of program youth who exhibited a desired change in antisocial behavior 6–12 months after exiting the program. Antisocial behavior is defined as a pervasive pattern of behavior that displays disregard for and violation of the rights of others, societal mores, or the law (such as deceitfulness, irritability, fighting, disruptive behavior, consistent irresponsibility, lack of remorse, or failure to conform to social norms).  The number of youth tracked should reflect the number of program youth who are followed or monitored 6–12 months after completing program requirements.  Self-report or staff ratings are the most likely data sources.	A. Total number of program youth exiting the program 6-12 months ago tracked for the target behavior during the reporting period B. Of A, the number of program youth with the noted behavioral change during the reporting period C. B/A	
22b	<b>Social competence</b> (short term)	The number and percent of program youth who have exhibited a desired change in social competencies during the reporting period. Social competence is the ability to achieve personal goals in social interaction while simultaneously maintaining positive relationships with others over time and across situations.  Self-report or staff ratings are the most likely data sources.	A. Number of program youth served during the reporting period with the noted behavioral change B. Total number of youth receiving services for the target behavior during the reporting period C. Percent (A/B)	
22b	<b>Social competence</b> (long term)	The number and percent of program youth who exhibited a desired change in social competencies 6–12 months after exiting the program. Social competence is defined as the ability to achieve personal goals in social interaction while simultaneously maintaining positive relationships with others over time and across situations.  The number of youth tracked should reflect the number of program youth who are followed or monitored 6–12 months after completing program requirements.  Self-report or staff ratings are the most likely data sources.	A. Total number of program youth exiting the program 6-12 months ago tracked for the target behavior during the reporting period B. Of A, the number of program youth with the noted behavioral change during the reporting period C. B/A	
22c	<b>Self-esteem</b> (short term)	The number and percent of program youth who have exhibited an increase in self-esteem during the reporting period. Self-report or staff ratings are the most likely data sources.	A. Number of program youth served during the reporting period with the noted behavioral change B. Number of youth in the program who received services for this behavior. C. Percent (A/B)
