

## Who We Are

[OJJDP's National Training and Technical Assistance Center](#) (OJJDP's NTTAC) was created to coordinate resources and providers, increase TTA responsiveness to consumer needs, and promote the use of best practices and standards in TTA assessment, planning, delivery, and evaluation.

## OJJDP's NTTAC Mission

OJJDP's NTTAC program provides TTA resources that address the needs of juvenile justice practitioners in support of State, local, and Tribal communities to aid in the development of effective and equitable juvenile justice systems.

OJJDP's NTTAC supports OJJDP's TTA efforts in many areas: connects and facilitates TTA requests, supports the TTA360 platform, and facilitates virtual learning and information sharing opportunities.
