U.S. Department of Justice
Office of Justice Programs
Office of Juvenile Justice and Delinquency Prevention

The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Office of Juvenile Justice and Delinquency Prevention (OJJDP) is seeking applications for funding under the fiscal year (FY) 2016 Internet Crimes Against Children Task Force National Training Program. This program furthers DOJ's mission by helping state and local law enforcement agencies develop effective responses to sexual predators who entice children online, child sexual exploitation, and child obscenity and pornography cases.

OJJDP FY 2016 Internet Crimes Against Children Task Force National Training Program

Eligibility

Eligible applicants are limited to nonprofit and for-profit organizations (including tribal nonprofit and for-profit organizations) and institutions of higher education (including tribal institutions of higher education). *For-profit organizations must agree to forgo any profit or management fee.*

OJJDP welcomes applications that involve two or more entities; however, one eligible entity must be the applicant and the others must be proposed as subrecipients. The applicant must be the entity with primary responsibility for administering the funding and managing the entire project. Only one application per lead applicant will be considered; however, subrecipients may be part of multiple proposals.

For additional eligibility information, see Section C. Eligibility Information.

Deadline

Applicants must register with Grants.gov prior to submitting an application. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to **submit applications 72 hours** prior to the application due date. All applications are due to be submitted and in receipt of a successful validation message in Grants.gov by 11:59 p.m. eastern time on March 1, 2016*.

All applicants are encouraged to read this **Important Notice: Applying for Grants in Grants.gov**.

For additional information, see How To Apply in Section D. Application and Submission Information.

Contact Information

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, or via e-mail to support@grants.gov. Hotline hours of operation are 24 hours a day, 7 days a week, except federal holidays.

Applicants who experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must e-mail the OJJDP contact identified below **within 24 hours after the application deadline** and request approval to submit their application. Additional information on reporting technical issues is found under "Experiencing Unforeseen Grants.gov Technical Issues" in the How To Apply section.

For assistance with any other requirements of this solicitation, contact the Response Center by telephone at 800-851-3420or TTY: 301-240-6310 (Hearing impaired only), by e-mail at grants@ncjrs.gov, or by web chat. Response Center hours of operation are 10 a.m. to 6 p.m. ET, Monday through Friday. Answers to frequently asked questions that may assist applicants are posted at http://www.ojjdp.gov/grants/solicitations/FY2016/FAQ/ICACNatTTAFAQ.pdf.

Grants.gov number assigned to this announcement: OJJDP-2016-9156

OJJDP FY 2016 Internet Crimes Against Children Task Force National Training Program
(CFDA #16.543)

A. Program Description

Overview

The Office of Juvenile Justice and Delinquency Prevention (OJJDP) seeks to identify training providers to serve the Internet Crimes Against Children (ICAC) Task Force Program. The state and regional ICAC task forces work collaboratively as a national network of law enforcement and prosecutorial agencies that prevent, interdict, and investigate technology-facilitated child sexual exploitation and Internet crimes against children. This program furthers the Department's mission by providing training and support to enhance the effectiveness of law enforcement, prosecutors, and other professionals involved in investigating and prosecuting technology-facilitated child sexual exploitation.

This program has been funded in the past and it is anticipated that the program will be authorized by an act appropriating funds for the Department of Justice FY 2016.

Program-Specific Information

The ICAC Task Force Program supports a national network of 61 multiagency, multijurisdictional task forces engaged in investigations, forensic examinations, and prosecutions related to technology-facilitated child sexual exploitation. Additionally, the task forces provide forensic and investigative technical assistance to law enforcement and prosecutorial officials and community education information to parents, educators, prosecutors, law enforcement, and others concerned with child victimization.

This program will provide training to ICAC task forces and affiliated federal, state, and local law enforcement and prosecutorial agencies in the areas of investigation, forensics, prosecution, community outreach, and capacity building, using recognized experts to assist in the development and delivery of content. Successful applicants are expected to consult with OJJDP, who will provide input and guidance on training topics, publications, manuals, training conferences, and other substantive issues and deliverables.

Goals, Objectives, and Deliverables

OJJDP seeks innovative approaches to designing and delivering training to support the ICAC task force network that includes law enforcement, prosecutors, computer forensic specialists, and other related partnering agencies/organizations. OJJDP is particularly interested in approaches that deliver effective, cost-efficient training through a combination of traditional classroom instruction and distance/online learning technologies. Proposed approaches should clearly demonstrate the applicant's knowledge, understanding, and experience in the following tasks:

- Delivering training to law enforcement, prosecutors, computer forensic specialists, or other criminal justice professionals;

- Developing and maintaining a cadre of experts who can conduct training on the national, state, and local levels through both traditional and nontraditional teaching modalities;

- Developing and maintaining training curricula responsive to constantly evolving technological advances; and

- Conducting evaluation and assessment of training outcomes.

This solicitation offers four training categories. Applicants must clearly designate under which category they are applying. Applicants may submit applications for one or more of the categories listed below. Each category requires a separate application, and OJJDP will not consider applications combining training in different purpose areas.

Category 1: Entry Level and Core Training. The successful applicant(s) will deliver training programs already developed for ICAC investigators, including, but not limited to, ICAC Investigative Techniques, ICAC Under Cover Chat Investigations, and ICAC CyberTip Management. (OJJDP will supply copies of course outlines to interested applicants on request. See contact information, page 2.) Applicants should be prepared to modify existing training delivery mechanisms to increase efficiency and cost effectiveness. OJJDP will expect the successful applicant to propose other courses and training products targeting the development of core knowledge related to ICAC investigations.

Category 2: Digital Evidence Forensics. The successful applicant(s) will develop and deliver training opportunities on forensic analyses of computers, cell phones, wireless networks, video games, and other digital devices that may contain evidence of a crime.

Category 3: Specialized Training on Tools and Technology. The successful applicant(s) will develop and deliver training opportunities on specialized topic areas related to investigating and prosecuting technology-facilitated child sexual exploitation. Training areas may include, but are not limited to: cell phone technologies, wireless networks, peer-to-peer file sharing, encryption, on-scene investigative tools, and exploitation via social networking sites.

Category 4: Officer Wellness. The successful applicant(s) will develop and deliver training to assist law enforcement, police agency command staff, prosecutors, and mental health professionals in identifying and managing vicarious trauma due to long-term and repeated exposure to child exploitation images as part of their work responsibilities.

The award recipients will coordinate the development of new training with OJJDP. Successful applicants will:

- Provide other technical support, determined in consultation with OJJDP, in developing a training mission; coordinating special meetings of grantees/practitioners; and developing special reports, brochures, best practices papers, etc.

- Perform all logistics to support regional and site-specific training, such as program marketing, managing the participant application and acceptance process, consultant coordination and travel, and meeting/lodging space acquisition according to federal regulations (see page 10 regarding Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs).

- Provide, in conjunction with the ICAC program support provider, a mechanism for evaluating and assessing measurable outcomes (i.e., long-term knowledge retention) of training and technical assistance activities, to include pre- and post-event assessment, and a 6-month post-event assessment of retained knowledge and skills.

- Participate fully in the Department of Justice's National Law Enforcement Training on Child Exploitation.

- Maintain, in concert with OJJDP, state-of-the-art curricula and materials through systematic review, assessment, and revision.

- Contribute content for the OJJDP website for the effective dissemination and communication of training and technical assistance services and products, as OJJDP deems suitable.

OJJDP expects to modify tasks and specifications as the Office identifies emerging technologies and training needs. The assigned OJJDP program manager must approve all changes to the proposed scope of work.

For the purpose of this cooperative agreement, successful applicants must clearly identify OJJDP as the federal agency responsible for all documents, trainings, and materials created with grant funds.

DOJ, as the awarding agency, reserves a royalty free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use and authorize others to use, for federal government purposes, the copyright of any work developed under an award or subaward and any rights of copyright to which a recipient or subrecipient purchases ownership with award support. Applicants should plan training events in conjunction with other relevant conferences and events, as appropriate, to maximize participation and cost effectiveness. When the project ends, the awardee will be required to transfer products to OJJDP.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

- improving the quantity and quality of evidence OJP generates;

- integrating evidence into program, practice, and policy decisions within OJP and the field; and

- improving the translation of evidence into practice.

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the

extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. The OJP CrimeSolutions.gov website and OJJDP's Model Programs Guide website are two resources that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

Additional Resources

OJJDP encourages applicants to review the recommendations from the Attorney General's National Task Force on Children Exposed to Violence, the Attorney General's Advisory Committee on American Indian/Alaska Native Children Exposed to Violence, the National Research Council's Reforming Juvenile Justice: A Developmental Approach and Implementing Juvenile Justice Reform, and the Institute of Medicine and the National Research Council's Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States and to consider incorporating the recommendations into their applications, where applicable.

OJJDP training and technical assistance awardee standards. OJJDP has developed the Core Performance Standards for Training, Technical Assistance, and Evaluation to promote among providers the consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training. Award recipients must coordinate with OJJDP's National Training and Technical Assistance Center (NTTAC) in the assessment and delivery of services to ensure the effective use of OJJDP grant funding. For additional information, go to OJJDP's NTTAC website.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with OJJDP NTTAC by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these protocols at any time with reasonable notice to the grantee prior to project completion.

- **OJJDP-funded webinars.** The award recipient must comply with OJJDP's Webinar Guidelines, as described in the core performance standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP NTTAC in advance of all events for the online calendar, use the approved OJJDP presentation template, and record events and upload the files onto NTTAC's Online University.

- **Training information sharing.** The Office of Justice Programs (OJP) will be collecting information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP's standard electronic training request form, and submit information to NTTAC on all training events (e.g., name of requestor, description of request, dates of event) 30 days in advance of the event date, and report additional data as OJJDP requires.

B. Federal Award Information

Category 1: Entry Level and Core Training. Competition ID: OJJDP-2016-9158. OJJDP expects to make cooperative agreements of as much as $1.1 million for entry and core level training.

Category 2: Digital Evidence Forensics. Competition ID: OJJDP-2016-9159. OJJDP expects to make cooperative agreements of as much as $800,000 for digital forensic training.

Category 3: Specialized Training on Tools and Technology. Competition ID: OJJDP-2016-9160. OJJDP expects to make cooperative agreements of as much as $600,000 for specialized training.

Category 4: Officer Wellness. Competition ID: OJJDP-2016-9161. OJJDP expects to make cooperative agreements of as much as $500,000 for officer wellness training.

Each award will be for a 12-month project period.

If the awardee demonstrates significant progress toward implementing project activities and project goals, OJJDP may provide supplemental funding in FYs 2017 and 2018 under this solicitation. With the supplemental funding, the project period may be extended for two additional 12-month increments for an overall project period of 36 months. OJJDP may, in certain cases, provide supplemental funding in future years to awards under this solicitation. Important considerations in decisions regarding supplemental funding include, among other factors, the availability of funding, strategic priorities, assessment of the quality of the management of the award (for example, timeliness and quality of progress reports), and assessment of the progress of the work funded under the award.

Applicants should budget funds for as many as two persons to attend as many as three 2-day ICAC grantees' meetings per year, the ICAC national training conference (once each year), and two meetings per year in Washington, DC, to meet with OJJDP program staff.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

Type of Award[1]

OJJDP expects to make any award from this solicitation in the form of a cooperative agreement, which is a particular type of grant used if OJJDP expects to have ongoing substantial involvement in award activities. Substantial involvement includes direct oversight and involvement with the grantee organization in implementation of the grant but does not involve day-to-day project management. See Administrative, National Policy, and other Legal Requirements, under Section F. Federal Award Administration, for details regarding the federal involvement anticipated under an award from this solicitation.

---

[1] *See generally* 31 U.S.C. §§ 6301-6305 (defines and describes various forms of federal assistance relationships, including grants and cooperative agreements (a type of grant)).

Financial Management and System of Internal Controls

If selected for funding, the award recipient must:

(a) Establish and maintain effective internal control over the federal award that provides reasonable assurance that the nonfederal entity is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

(b) Comply with federal statutes, regulations, and the terms and conditions of the federal awards.

(c) Evaluate and monitor the nonfederal entity's compliance with statute, regulations, and the terms and conditions of federal awards.

(d) Take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings.

(e) Take reasonable measures to safeguard protected personally identifiable information and other information the federal awarding agency or pass-through entity designates as sensitive or the nonfederal entity considers sensitive consistent with applicable federal, state, and local laws regarding privacy and obligations of confidentiality.

In order to better understand administrative requirements and cost principles, award applicants are encouraged to enroll, at no charge, in the Department of Justice Grants Financial Management Online Training available [here](#).

Budget Information

Cost Sharing or Match Requirement
This solicitation does not require a match. However, if a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

Preagreement Cost Approvals
OJP does not typically approve preagreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. If approved, preagreement costs could be paid from grant funds consistent with a grantee's approved budget, and under applicable cost standards. However, all such costs prior to award and prior to approval of the costs are incurred at the sole risk of an applicant. Generally, no applicant should incur project costs *before* submitting an application requesting federal funding for those costs. Should there be extenuating circumstances that appear to be appropriate for OJP's consideration as preagreement costs, the applicant should contact the point of contact listed on the title page of this announcement for details on the requirements for submitting a written request for approval. See the section on Costs Requiring Prior Approval in the [Financial Guide](#), for more information.

Limitation on Use of Award Funds for Employee Compensation; Waiver
With respect to any award of more than $250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the Federal Government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year.[2] The 2016 salary table for SES employees is available at the Office of Personnel Management website. Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.)

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, the limitation on compensation rates allowable under an award. An applicant requesting a waiver should include a detailed justification in the budget narrative of the application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that OJP will request the applicant to adjust and resubmit the budget.

The justification should include the particular qualifications and expertise of the individual, the uniqueness of the service the individual will provide, the individual's specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual's salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work to be done.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs
OJP strongly encourages applicants that propose to use award funds for any conference-, meeting-, or training-related activity to review carefully – before submitting an application – the OJP policy and guidance on conference approval, planning, and reporting. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most such costs for cooperative agreement recipients and of some such costs for grant recipients; and (3) set cost limits, including a general prohibition of all food and beverage costs.

Costs Associated with Language Assistance (if applicable)
If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services where appropriate.

For additional information, see the "Civil Rights Compliance" section under "Solicitation Requirements" in the OJP Funding Resource Center.

C. Eligibility Information

For additional eligibility information, see the title page.

---

[2] This limitation on use of award funds does not apply to the non-profit organizations specifically named at Appendix VIII to 2 C.F.R. part 200.

Cost Sharing or Match Requirement
For additional information on cost sharing and match requirement, see Section B. Federal Award Information.

Limit on Number of Application Submissions
If an applicant submits multiple versions of the same application, OJJDP will review only the most recent system-validated version submitted. For more information on system-validated versions, see How To Apply.

D. Application and Submission Information

What an Application Should Include

Applicants should anticipate that if they fail to submit an application that contains all of the specified elements, it may negatively affect the review of their application; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude the recipient from accessing or using award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that applications that are determined to be nonresponsive to the scope of the solicitation, do not request funding within the funding limit, or that do not include the application elements that OJJDP has designated to be critical, will neither proceed to peer review nor receive further consideration. Under this solicitation, OJJDP has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet, and Budget Narrative.

Applicants should review the "Note on File Names and File Types" under How To Apply to be sure that they submit their applications in the permitted formats.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., "Program Narrative," "Budget Detail Worksheet and Budget Narrative," "Timelines," "Memoranda of Understanding," "Résumés") for all attachments. Also, OJP recommends that applicants include résumés in a single file.

1. **Information to Complete the Application for Federal Assistance (SF-424)**

   The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and OJP's Grants Management System (GMS) take information from the applicant's profile to populate the fields on this form. When selecting "type of applicant," if the applicant is a for-profit entity, select "For-Profit Organization" or "Small Business" (as applicable).

   Intergovernmental Review: This funding opportunity (program) **is not** subject to Executive Order 12372. (In completing the SF-424, applicants are to make the appropriate selection in response to question 19 to indicate that the "Program is not covered by E.O. 12372.")

2. Project Abstract

Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- Written for a general public audience.

- Submitted as a separate attachment with "Project Abstract" as part of its file name.

- Single-spaced, using a standard 12-point font (Times New Roman) with 1-inch margins.

As a separate attachment, the project abstract will **not** count against the page limit for the program narrative.

The abstract should briefly describe the project's purpose, the population to be served, the category under which the application is submitted, and the activities that the applicant will implement to achieve the project's goals and objectives. The abstract should describe how the applicant will measure progress toward these goals. The abstract should indicate whether the applicant will use any portion of the project budget to conduct research as described in Note on Project Evaluations on page 16. All project abstracts should follow the detailed template.

3. Program Narrative

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point font, preferably Times New Roman. Pages should be numbered "1 of 30," etc. The tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced and will count in the 30-page limit. Material required under the Budget and Budget Narrative and Additional Attachments sections will not count toward the program narrative page count. Applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length-related restrictions, OJJDP may consider such noncompliance in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) statement of the problem; (2) goals, objectives, and performance measures; (3) program design and implementation; and (4) capabilities/competencies. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program's structure and activities will accomplish the goals and objectives identified in the previous section.

The following sections should be included as part of the program narrative:

a. **Statement of the Problem.** Applicants should briefly describe the nature and scope of Internet crimes against children throughout the country, the need for investigating

Internet crimes against children, and the need for training. Applicants should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community.

Applicants should describe the target population and any previous or current attempts to address the problem.

Applicants should describe any research or evaluation studies that relate to the problem and contribute to the applicant's understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

b. **Goals, Objectives, and Performance Measures.** Applicants should describe the goals of the proposed program and identify its objectives. When formulating the program's goals and objectives, applicants should be cognizant of the performance measures that OJJDP will require successful applicants to provide.

Goals. Applicants should describe the program's intent to change, reduce, or eliminate the problem noted in the previous section and outline the project's goals.

Program Objectives. Applicants should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project's desired results. They should be clearly linked to the problem identified in the preceding section and measurable.

Performance Measures

To assist the Department with fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103-62, and the GPRA Modernization Act of 2010, Public Law 111–352, applicants that receive funding under this solicitation must provide data that measure the results of their work done under this solicitation. OJP will require any award recipient, post award, to provide the data requested in the "Data Grantee Provides" column so that OJP can calculate values for the "Performance Measures" column. OJJDP will require award recipients to submit semiannual performance metrics of relevant data through the Data Reporting Tool (DCTAT) located at www.ojjdp-dctat.org/. Performance measures for this solicitation are as follows:

Objective	Performance Measure(s)	Description	Data Grantee Provides
The primary objective will be the development of specific training programs and delivery of training and	Number of training requests received.	This measure represents the number of training requests received during the reporting period. Requests can come from individuals or organizations served.	Number of training requests received during the reporting period.
	Percentage of technical assistance requests completed.	This measure represents the percent of technical assistance requests completed during the	Number of technical assistance requests received during the reporting period.

technical assistance to law enforcement and other service providers. The deliverables (training, technical assistance, supportive materials) should be directed toward the continuation, expansion, and enhancement of the Department of Justice's Internet Crimes Against Children program.		reporting period. Requests can come from individuals or organizations served.	Number of technical assistance requests completed during the reporting period.
	Number of program materials developed.	This measure represents the number of program materials that were developed during the reporting period. Include only substantive materials such as program overviews, client workbooks, lists of local service providers. The number of program materials related to cultural or racial and ethnic diversity should also be identified Do not include program advertisements or administrative forms such as sign-in sheets or client tracking forms. Count the number of pieces developed. Program records are the preferred data source.	Number of program materials developed during the reporting period. Number of program materials related to cultural or racial and ethnic diversity developed during the reporting period.
	Number of people trained.	This measure represents the number of people trained during the reporting period. The number is the raw number of people receiving any formal training relevant to the program or their position as program staff. Include any training from any source or medium received during the reporting period as long as receipt of training can be verified. Training on cultural or race and ethnic issues should also be identified. Training does not have to have been completed during the reporting period. Preferred data source is program records.	Number of people trained during the reporting period. Number of people trained on cultural or racial and ethnic diversity during the reporting period.
	Number of planning or training events held.	This measure represents the number of planning or training activities held during the reporting period. Planning and training activities include creation of task forces or interagency committees, meetings held, needs assessments undertaken, etc. Preferred data source is program records.	Number of planning or training activities held during the reporting period.

	Percentage of people exhibiting increased knowledge of the program area.	This measure represents the number of people who exhibit an increased knowledge of the program area after participating in training. Use of pre- and post-tests is preferred.	A. Number of people exhibiting an increase in knowledge post-training. B. Number of people trained during the reporting period. C. Percentage of people trained who exhibited increased knowledge. Use of pre- and post-tests is preferred.
	Percentage of organizations reporting improvements in operations based on training and technical assistance.	The number and percentage of organizations reporting improvements in operations as a result of training and technical assistance 1 to 6 months post-service. Use of pre- and post-tests is preferred.	A. The number of organizations reporting improvements in operations based on training and technical assistance during the reporting period. B. Number of organizations served by training and technical assistance during the reporting period. Use of pre- and post-tests is preferred.
	Percentage of those served by training and technical assistance who reported implementing an evidence-based program and/or practice during or after the training and technical assistance.	Number and percentage of programs served by training and technical assistance that reported implementing an evidence-based program and/or practice during or after the training and technical assistance. Evidence-based programs and practices include program models that have been shown, through rigorous evaluation and replication, to be effective at preventing or reducing juvenile delinquency or related risk factors, such as substance use.	A. Number of programs served by training and technical assistance that reported using an evidence-based program and/or practice. B. Number of programs served by training and technical assistance. C. Percent of programs served by training and technical assistance that report using an evidence-based program and/or practice.
	Number of program materials disseminated during the reporting period.	This measure represents the number of program materials disseminated during the reporting period.	The number of program materials disseminated during the reporting period.
	Percentage of those served by training and technical assistance who reported using skills acquired as a result of training and technical assistance.	Number and percent of individuals served by training and technical assistance that reported using skills acquired as a result of training and technical assistance at the 6 month follow-up. Skills acquired may include skills acquired during training on technology and investigations, for example.	A. Number of individuals served by training and technical assistance who reported using skills acquired as a result of training and technical assistance. B. Number of people trained.

		Participant surveys are the preferred data source.	C. Percent of individuals served by training and technical assistance who report using skills acquired as a result of training and technical assistance.

OJJDP does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that OJJDP will require successful applicants to submit specific data as part of their reporting requirements. For the application, applicants should indicate an understanding of these requirements and discuss how they will gather the required data, should they receive funding.

OJJDP encourages award recipients to use information from existing program records to fulfill performance measures reporting requirements rather than initiating new data collection activities for this purpose.

Note on Project Evaluations
Applicants that propose to use funds awarded through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute "research" for purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP's performance measure data reporting requirements likely do not constitute "research." Applicants should provide sufficient information for OJP to determine whether the particular project they propose would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ regulatory definition of research.

Research, for the purposes of human subjects protections for OJP-funded programs, is defined as, "a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge" 28 C.F.R. § 46.102(d). For additional information on determining whether a proposed activity would constitute research, see the decision tree to assist applicants on the "Research and the Protection of Human Subjects" section of the OJP Funding Resource Center webpage. Applicants whose proposals may involve a research or statistical component also should review the "Data Privacy and Confidentiality Requirements" section on that webpage.

c. **Project Design and Implementation.** Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section on page 4. OJJDP encourages applicants to select evidence-based practices for their programs.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Logic Model. Applicants should include a logic model that graphically illustrates how the performance measures are related to the project's problems, goals, objectives, and design. See sample logic models [here](#). Applicants should submit the logic model as a separate attachment, as stipulated in Additional Attachments, page 19.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using "Year 1," "Month 1," "Quarter 1," etc., not calendar dates (see "Sample Project Timelines" [here](#).).

Applicants should submit the timeline as a separate attachment, as stipulated in Additional Attachments, page 19. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

d. **Capabilities and Competencies.** This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

Letters of Support/Memoranda of Understanding. If submitting a joint application, as described under Eligibility, page 1, applicants should provide signed and dated letters of support or memoranda of understanding for all key partners that include the following:

- Expression of support for the program and a statement of willingness to participate and collaborate with it.

- Description of the partner's current role and responsibilities in the planning process and expected responsibilities when the program is operational.

- Estimate of the percentage of time that the partner will devote to the planning and operation of the project.

4. **Budget Detail Worksheet and Budget Narrative**

Applicants should provide a budget that (1) is complete, allowable, and cost-effective in relation to the proposed activities; (2) shows the cost calculations demonstrating how they arrived at the total amount requested; and (3) provides a brief supporting narrative to link costs with project activities. The budget should cover the entire award period.

Applicants should budget funds for as many as two persons to attend the following events: as many as three 2-day ICAC grantees' meeting per year, the annual ICAC national training conference, and two meetings per year in Washington, DC, to meet with OJJDP program staff.

For questions pertaining to budget and examples of allowable and unallowable costs, see the Financial Guide.

a. **Budget Detail Worksheet.** Find a sample Budget Detail Worksheet here. Applicants that submit their budget in a different format should include the budget categories listed in the sample budget worksheet. The Budget Detail Worksheet should be broken down by year.

b. **Budget Narrative.** The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their budget narratives how they will maximize cost effectiveness of grant expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should be broken down by year.

c. **Noncompetitive Procurement Contracts In Excess of Simplified Acquisition Threshold.** If an applicant proposes to make one or more noncompetitive procurements of products or services, where the noncompetitive procurement will exceed the simplified acquisition threshold (also known as the small purchase threshold), which is currently set at $150,000, the application should address the considerations outlined in the Financial Guide.

d. **Preagreement Cost Approvals.** For information on preagreement costs, see Section B. Federal Award Information.

5. **Indirect Cost Rate Agreement (if applicable)**

Indirect costs are allowed only if the applicant has a current federally approved indirect cost rate. (This requirement does not apply to units of local government.) Attach a copy of the federally approved indirect cost rate agreement to the application. Applicants that do not have an approved rate may request one through their cognizant federal agency, which will review all documentation and approve a rate for the applicant organization, or, if the applicant's accounting system permits, costs may be allocated in the direct cost categories. For the definition of Cognizant Federal Agency, see the "Glossary of Terms"

in the Financial Guide. For assistance with identifying your cognizant agency, contact the Customer Service Center at 1-800-458-0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal here.

6. Applicant Disclosure of High Risk Status

Applicants are to disclose whether they are currently designated high risk by another federal grant making agency. This includes any status requiring additional oversight by the federal agency due to past programmatic or financial concerns. If an applicant is designated high risk by another federal grant making agency, you must email the following information to OJPComplianceReporting@usdoj.gov at the time of application submission:

- The federal agency that currently designated the applicant as high risk.

- Date the applicant was designated high risk.

- The high risk point of contact name, phone number, and email address, from that federal agency.

- Reasons for the high risk status.

OJP seeks this information to ensure appropriate federal oversight of any grant award. Unlike the Excluded Parties List, this high risk information does not disqualify any organization from receiving an OJP award. However, additional grant oversight may be included, if necessary, in award documentation.

7. Additional Attachments

Applicants should submit the following information, as stipulated in the cited pages, as attachments to their applications. While the materials listed below are not assigned specific point values, peer reviewers will, as appropriate, consider these items when rating applications. For example, reviewers will consider résumés and/or letters of support/ memoranda of understanding when assessing "capabilities/competencies." Peer reviewers will not consider any additional information that the applicant submits other than that specified below.

a. **Applicant Disclosure of Pending Applications.** Applicants are to disclose whether they have pending applications for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation. The disclosure should include both direct applications for federal funding (e.g., applications to federal agencies) and indirect applications for such funding (e.g., applications to state agencies that will subaward federal funds).

OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement

comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Applicants that have pending applications as described above are to provide the following information about pending applications submitted within the last 12 months:

- The federal or state funding agency.

- The solicitation name/project name.

- The point of contact information at the applicable funding agency.

Federal or State Funding Agency	Solicitation Name/ Project Name	Name/Phone/E-mail for Point of Contact at Funding Agency
DOJ/COPS	COPS Hiring Program	Jane Doe, 202/000-0000; jane.doe@usdoj.gov
HHS/ Substance Abuse & Mental Health Services Administration	Drug Free Communities Mentoring Program/North County Youth Mentoring Program	John Doe, 202/000-0000; john.doe@hhs.gov

Applicants should include the table as a separate attachment, with the file name "Disclosure of Pending Applications," to their application. Applicants that do not have pending applications as described above are to include a statement to this effect in the separate attachment page (e.g., "[Applicant Name on SF-424] does not have pending applications submitted within the last 12 months for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation.").

b. **Research and Evaluation Independence and Integrity.** If a proposal involves research and/or evaluation, regardless of the proposal's other merits, in order to receive funds, the applicant must demonstrate research/evaluation independence, including appropriate safeguards to ensure research/evaluation objectivity and integrity, both in this proposal and as it may relate to the applicant's other current or prior related projects. This documentation may be included as an attachment to the application which addresses BOTH i. and ii. below.

i. For purposes of this solicitation, applicants must document research and evaluation independence and integrity by including, at a minimum, one of the following two items:

a. A specific assurance that the applicant has reviewed its proposal to identify any research integrity issues (including all principal investigators and subrecipients) and it has concluded that the design, conduct, or reporting of research and evaluation funded by OJJDP grants, cooperative agreements, or contracts will not be biased by any personal or financial conflict of interest on the part of part of its staff, consultants, and/or subrecipients responsible for the research and evaluation or on the part of the applicant organization.

OR

b. A specific listing of actual or perceived conflicts of interest that the applicant has identified in relation to this proposal. These conflicts could be either personal (related to specific staff, consultants, and/or subrecipients) or organizational (related to the applicant or any subgrantee organization). Examples of potential investigator (or other personal) conflict situations may include, but are not limited to, those in which an investigator would be in a position to evaluate a spouse's work product (actual conflict), or an investigator would be in a position to evaluate the work of a former or current colleague (potential apparent conflict). With regard to potential organizational conflicts of interest, as one example, generally an organization could not be given a grant to evaluate a project if that organization had itself provided substantial prior technical assistance to that specific project or a location implementing the project (whether funded by OJP or other sources), as the organization in such an instance would appear to be evaluating the effectiveness of its own prior work. The key is whether a reasonable person understanding all of the facts would be able to have confidence that the results of any research or evaluation project are objective and reliable. Any outside personal or financial interest that casts doubt on that objectivity and reliability of an evaluation or research product is a problem and must be disclosed.

ii. In addition, for purposes of this solicitation applicants must address the issue of possible mitigation of research integrity concerns by including, at a minimum, one of the following two items:

a. If an applicant reasonably believes that no potential personal or organizational conflicts of interest exist, then the applicant should provide a brief narrative explanation of how and why it reached that conclusion. Applicants MUST also include an explanation of the specific processes and procedures that the applicant will put in place to identify and eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or subrecipients for this particular project, should that be necessary during the grant period. Documentation that may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding organizational, personal, and financial conflicts of interest.

OR

b. If the applicant has identified specific personal or organizational conflicts of interest in its proposal during this review, the applicant must propose a specific and robust mitigation plan to address conflicts noted above. At a minimum, the plan must include specific processes and procedures that the applicant will put in place to eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or subrecipients for this particular project, should that be necessary during the grant period. Documentation that may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding

organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

Considerations in assessing research and evaluation independence and integrity will include, but are not be limited to, the adequacy of the applicant's efforts to identify factors that could affect the objectivity or integrity of the proposed staff and/or the organization in carrying out the research, development, or evaluation activity; and the adequacy of the applicant's existing or proposed remedies to control any such factors.

c. Logic model *(*see Logic Model, page 17).

d. Timeline or milestone chart (see Timeline, page 17).

e. Résumés of all key personnel.

f. Job descriptions outlining roles and responsibilities for all key positions.

g. Letters of support/memoranda of understanding from partner organizations (see Letters of Support/Memoranda of Understanding, page 17).

h. Evidence of nonprofit status, e.g., a copy of the tax exemption letter from the Internal Revenue Service, if applicable.

i. Evidence of for-profit status, e.g., a copy of the articles of incorporation, if applicable.

8. Financial Management and System of Internal Controls Questionnaire

In accordance with 2 CFR 200.205, Federal agencies must have in place a framework for evaluating the risks posed by applicants before they receive a Federal award. To facilitate part of this risk evaluation, **all** applicants (other than an individual) are to download, complete, and submit this form.

9. Disclosure of Lobbying Activities

All applicants must complete this information. Applicants that expend any funds for lobbying activities are to provide the detailed information requested on the form Disclosure of Lobbying Activities (SF-LLL). Applicants that do not expend any funds for lobbying activities are to enter "N/A" in the text boxes for item 10 ("a. Name and Address of Lobbying Registrant" and "b. Individuals Performing Services").

How To Apply

Applicants must register in and submit applications through Grants.gov, a "one-stop storefront" to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application here. Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at **800**-**518**-**4726** or **606–545–5035**, 24 hours a day, 7 days a week, except federal holidays. Registering with Grants.gov is a one-time process; however, **processing delays may occur, and it can take several weeks** for first-time registrants to receive confirmation and a user password. OJP encourages applicants to **register several weeks before** the

application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification. OJJDP strongly encourages all prospective applicants to sign up for Grants.gov email notifications regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

Note on File Names and File Types. Grants.gov only permits the use of certain specific characters in names of attachment files. Valid file names may include only the characters shown in the table below. Grants.gov is designed to reject any application that includes an attachment(s) with a file name that contains any characters not shown in the table below.

Characters	Special Characters		
Upper case (A – Z)	Parenthesis ( )	Curly braces { }	Square brackets [ ]
Lower case (a – z)	Ampersand (&)	Tilde (~)	Exclamation point (!)
Underscore (__)	Comma (,)	Semicolon (;)	Apostrophe (')
Hyphen (-)	At sign (@)	Number sign (#)	Dollar sign ($)
Space	Percent sign (%)	Plus sign (+)	Equal sign (=)
Period (.)	**When using the ampersand (&) in XML, applicants must use the "&" format.**		

Grants.gov is designed to forward successfully submitted applications to OJP's Grants Management System (GMS).

GMS does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: ".com," ".bat," ".exe," ".vbs," ".cfg," ".dat," ".db," ".dbf," ".dll," ".ini," ".log," ".ora," ".sys," and ".zip." GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps:

OJP may not make a federal award to an applicant until the applicant has complied with all applicable DUNS and SAM requirements. If an applicant has not fully complied with the requirements by the time the federal awarding agency is ready to make a federal award, the federal awarding agency may determine that the applicant is not qualified to receive a federal award and use that determination as a basis for making a federal award to another applicant.

1. **Acquire a Data Universal Numbering System (DUNS) number.** In general, the Office of Management and Budget requires that all applicants (other than individuals) for federal funds include a DUNS number in their applications for a new award or a supplement to an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and differentiating entities receiving federal funds. The identifier is used for tracking purposes and validating address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online at www.dnb.com. A DUNS number is usually received within 1-2 business days.

2. **Acquire registration with the System for Award Management (SAM).** SAM is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. OJP requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must be registered in SAM to successfully register in Grants.gov. Applicants must **update or renew their SAM registration annually** to maintain an active status.

   Applicants cannot successfully submit their applications until Grants.gov receives the SAM registration information. **The information transfer from SAM to Grants.gov can take as long as 48 hours.** OJP recommends that the applicant register or renew registration with SAM as early as possible.

   Access information about SAM registration procedures here.

3. **Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password**. Complete the AOR profile on Grants.gov and create a username and password. Applicant organizations must use their DUNS number to complete this step. For more information about the registration process, go here.

4. **Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization's AOR. The E-Biz POC must obtain a Marketing Partner Identification Number password when registering with SAM to complete this step. Note that an organization can have more than one AOR.

5. **Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance number for this solicitation is 16.543, titled *"Missing Children's Assistance,"* and the funding opportunity number is OJJDP-2016-9156.

6. **Select the correct Competition ID.** Some OJP solicitations posted to Grants.gov contain multiple purpose areas, denoted by the individual Competition ID. If applying to a solicitation with multiple Competition IDs, select the appropriate Competition ID for the intended purpose area of the application.

   Category 1: Entry Level and Core Training. Competition ID: OJJDP-2016-9158.

   Category 2: Digital Evidence Forensics. Competition ID: OJJDP-2016-9159.

   Category 3: Specialized Training on Tools and Technology. Competition ID: OJJDP-2016-9160.

   Category 4: Officer Wellness. Competition ID: OJJDP-2016-9161.

7. **Submit a valid application consistent with this solicitation by following the directions in Grants.gov.** Within 24–48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application and the second will state whether the application has been successfully validated, or rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received and then

receive a rejection notice a few minutes or hours later. Submitting well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** OJP urges applicants to submit applications **at least 72 hours prior** to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

Click here for further details on DUNS, SAM, and Grants.gov registration steps and timeframes.

Note: Duplicate Applications. If an applicant submits multiple versions of the same application, OJJDP will review only the most recent system-validated version submitted. See Note on File Names and File Types under How To Apply.

Experiencing Unforeseen Grants.gov Technical Issues

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must contact the Grants.gov Customer Support Hotline or the SAM Help Desk (Federal Service Desk) to report the technical issue and receive a tracking number. The applicant must e-mail the Response Center at grants@ncjrs.gov **within 24 hours after the application deadline** and request approval to submit their application. The e-mail must describe the technical difficulties, and include a timeline of the applicant's submission efforts, the complete grant application, the applicant's DUNS number, and any Grants.gov Help Desk or SAM tracking number(s). **Note:** *OJJDP does not* **automatically approve requests***.* After the program office reviews the submission and contacts the Grants.gov or SAM Help Desks to validate the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the applicant failed to follow all required procedures, which resulted in an untimely application submission, OJP will deny the applicant's request to submit their application.

The following conditions are generally insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time. (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take as long as 48 hours.)

- Failure to follow Grants.gov instructions on how to register and apply as posted on its website.

- Failure to follow each instruction in the OJP solicitation.

- Technical issues with the applicant's computer or information technology environment, including firewalls.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP funding webpage.

E. Application Review Information

Selection Criteria

The following five selection criteria will be used to evaluate each application, with the different weight given to each based on the percentage value listed after each individual criteria. For example, the first criteria, Statement of the Problem, is worth 15 percent of the entire score in the application review process.

1. Statement of the Problem (15 percent)

2. Goals, Objectives, and Performance Measures (10 percent)

3. Project Design and Implementation (45 percent)

4. Capabilities and Competencies (25 percent)

5. Budget: complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should generally demonstrate how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project.[3] (5 percent)

See What an Application Should Include, page 11, for the criteria that the peer reviewers will use to evaluate applications.

Review Process

OJP is committed to ensuring a fair and open process for awarding grants. OJJDP reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether applicants have met basic minimum requirements, OJP screens applications for compliance with specified program requirements to help determine which applications should proceed to further consideration for award. Although program requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP grant programs:

- Applications must be submitted by an eligible type of applicant.

- Applications must request funding within programmatic funding constraints (if applicable).

- Applications must be responsive to the scope of the solicitation.

- Applications must include all items designated as critical elements.

---

[3] Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

- Applicants will be checked against the General Services Administration's Excluded Parties List.

For a list of critical elements, see "What an Application Should Include" under <u>Section D. Application and Submission Information.</u>

OJJDP may use internal peer reviewers, external peer reviewers, or a combination, to assess applications meeting basic minimum requirements on technical merit using the solicitation's selection criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate applications that meet basic minimum requirements. Peer reviewers' ratings and any resulting recommendations are advisory only, although their views are considered carefully. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to, underserved populations, geographic diversity, strategic priorities, past performance under prior OJJDP and OJP awards, and available funding.

OJP reviews applications for potential discretionary awards to evaluate the risks posed by applicants before they receive an award. This review may include but is not limited to the following:

1. Financial stability and fiscal integrity.

2. Quality of management systems and ability to meet the management standards prescribed in the Financial Guide.

3. History of performance.

4. Reports and findings from audits.

5. The applicant's ability to effectively implement statutory, regulatory, or other requirements imposed on non-federal entities.

6. Proposed costs to determine if the Budget Detail Worksheet and Budget Narrative accurately explain project costs, and whether those costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider factors including, but not limited to, peer review ratings, underserved populations, geographic diversity, strategic priorities, past performance under prior OJJDP and OJP awards, and available funding when making awards.

F. Federal Award Administration Information

Federal Award Notices

OJP award notification will be sent from GMS. Recipients will be required to log in; accept any outstanding assurances and certifications on the award; designate a financial point of

contact; and review, sign, and accept the award. The award acceptance process involves physical signature of the award document by the authorized representative and the scanning of the fully-executed award document to OJP.

Administrative, National Policy, and Other Legal Requirements
If selected for funding, in addition to implementing the funded project consistent with the agency-approved project proposal and budget, the recipient must comply with award terms and conditions, and other legal requirements, including but not limited to OMB, DOJ, or other federal regulations that will be included in the award, incorporated into the award by reference, or are otherwise applicable to the award. OJP strongly encourages prospective applicants to review the information pertaining to these requirements **prior** to submitting an application. To assist applicants and recipients in accessing and reviewing this information, OJP has placed pertinent information on its [Solicitation Requirements](#) page of the [OJP Funding Resource Center](#).

Note in particular the following two forms, which applicants must accept in GMS prior to the receipt of any award funds, as each details legal requirements with which applicants must provide specific assurances and certifications of compliance. Applicants may view these forms in the Apply section of the [OJP Funding Resource Center](#) and are strongly encouraged to review and consider them carefully prior to making an application for OJP grant funds.

- [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements](#)

- [Standard Assurances](#)

Upon grant approval, OJP electronically transmits (via GMS) the award document to the prospective award recipient. In addition to other award information, the award document contains award terms and conditions that specify national policy requirements[4] with which recipients of federal funding must comply; uniform administrative requirements, cost principles, and audit requirements; and program-specific terms and conditions required based on applicable program (statutory) authority or requirements set forth in OJP solicitations and program announcements, and other requirements that may be attached to appropriated funding. For example, certain efforts may call for special requirements, terms, or conditions relating to intellectual property, data/information-sharing or -access, or information security; or audit requirements, expenditures and milestones, or publications and/or press releases. OJP also may place additional terms and conditions on an award based on its risk assessment of the applicant, or for other reasons it determines necessary to fulfill the goals and objectives of the program.

Prospective applicants may access and review the text of mandatory conditions OJP includes in all OJP awards, as well as the text of certain other conditions, such as administrative conditions, via [Mandatory Award Terms and Conditions](#) page of the [OJP Funding Resource Center](#).

---

4 *See generally* 2 C.F.R. 200.300 (provides a general description of national policy requirements typically applicable to recipients of federal awards, including the Federal Funding Accountability and Transparency Act of 2006 (FFATA)).

As stated above, OJJDP anticipates that it will make any award from this solicitation in the form of a cooperative agreement. Cooperative agreement awards include standard "federal involvement" conditions that describe the general allocation of responsibility for execution of the funded program. Generally-stated, under cooperative agreement awards, responsibility for the day-to-day conduct of the funded project rests with the recipient in implementing the funded and approved proposal and budget, and the award terms and conditions. Responsibility for oversight and redirection of the project, if necessary, rests with OJJDP. OJJDP's role will include the following tasks:

- Reviewing and approving major work plans, including changes to such plans, and key decisions pertaining to project operations.

- Reviewing and approving major project-generated documents and materials used in the provision of project services.

- Providing guidance in significant project planning meetings and participating in project sponsored training events or conferences.

In addition to any "federal involvement" condition(s), OJP cooperative agreement awards include a special condition specifying certain reporting requirements required in connection with conferences, meetings, retreats, seminars, symposium, training activities, or similar events funded under the award, consistent with OJP policy and guidance on conference approval, planning, and reporting.

General Information about Post-Federal Award Reporting Requirements
Recipients must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with 2 CFR Part 200. Future awards and fund drawdowns may be withheld if reports are delinquent.

Special Reporting requirements may be required by OJP depending on the statutory, legislative or administrative obligations of the recipient or the program.

G. Federal Awarding Agency Contact(s)

For additional Federal Awarding Agency Contact(s), see the title page.

For additional contact information for Grants.gov, see the title page.

H. Other Information

Provide Feedback to OJP

To assist OJP in improving its application and award processes, we encourage applicants to provide feedback on this solicitation, the application submission process, and/or the application review/peer review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

IMPORTANT: This e-mail is for feedback and suggestions only. Replies are **not** sent from this mailbox. If you have specific questions on any program or technical aspect of the

solicitation, **you must** directly contact the appropriate number or e-mail listed on the front of this solicitation document. These contacts are provided to help ensure that you can directly reach an individual who can address your specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, please e-mail your résumé to ojppeerreview@lmsolas.com. The OJP Solicitation Feedback email account will not forward your résumé. **Note:** Neither you nor anyone else from your organization can be a peer reviewer in a competition in which you or your organization have submitted an application.

Application Checklist

**OJJDP FY 2016 Internet Crimes Against Children
Task Force National Training Program**

This application checklist has been created to assist in developing an application.

What an Applicant Should Do:

Prior to Registering in Grants.gov:
_____Acquire a DUNS Number   (see page 23)
_____Acquire or renew registration with SAM   (see page 24)
To Register with Grants.gov:
_____Acquire AOR and Grants.gov username/password   (see page 24)
_____Acquire AOR confirmation from the E-Biz POC   (see page 24)
To Find Funding Opportunity:
_____Search for the Funding Opportunity on Grants.gov   (see page 24)
_____Select the correct Competition ID   (see page 24)
_____Download Funding Opportunity and Application Package
_____Sign up for Grants.gov email notifications (optional)   (see page 23)
_____Read Important Notice: Applying for Grants in Grants.gov
_____Read OJP policy and guidance on conference approval, planning, and reporting
                available here. (see page 10)
After application submission, receive Grants.gov email notifications that:
_____(1) application has been received,
_____(2) application has either been validated or rejected (see page 24)
If no Grants.gov receipt, and validation or error notifications are received:
_____contact the Response Center at grants@ncjrs.gov regarding technical difficulties (see
    page 25)

General Requirements:

_____Review the Solicitation Requirements in the OJP Funding Resource Center.

Scope Requirement:

The federal amount requested is within the allowable limit within the category you are
applying under:
