OJJDP FY 2019 Nonparticipating States:
American Samoa, Arkansas, Connecticut, Guam, Massachusetts, Nebraska, Northern Mariana Islands, Texas, West Virginia, and Wyoming
CFDA #16.540

A. Program Description

Overview
American Samoa, Connecticut, Guam, Massachusetts, Nebraska, Northern Mariana Islands, Texas, West Virginia, and Wyoming have chosen not to participate or have been found ineligible to participate in the Formula Grants program under Title II, Part B, of the Juvenile Justice and Delinquency Prevention (JJDPP) Act (34 U.S.C. §§ 11131–11133). As authorized under the JJDP Act at 34 U.S.C. § 11133(d), private nonprofit agencies and local public agencies in these states/jurisdictions are eligible to receive funding that OJJDP will competitively award through this solicitation. By mutual agreement between the OJP and the State of Arkansas, a portion of Arkansas’ previous Formula Grants program allocation is being made available through this solicitation.

Statutory Authority: The statutory authority for this program is 34 U.S.C. § 11133(d).

Program-Specific Information
These funds must be used for “carrying out activities of the kinds described in the [core requirements]” of the Title II, Part B, Formula Grants program, as noted below and included comprehensively in Appendix C. The core requirements¹ are:

1. deinstitutionalization of status offenders (DSO) (34 U.S.C. § 11133(a)(11));
2. separation of juveniles from adult inmates (separation) (34 U.S.C. § 11133(a)(12));
3. removal of juveniles from adult jails and lockups (jail removal) (34 U.S.C. § 11133(a)(13)); and
4. addressing disproportionate minority contact (DMC) (34 U.S.C. § 11133(a)(22)).

For the purposes of this solicitation, OJJDP recommends that applicants align their programmatic activities with existing efforts within their respective jurisdictions or states. That may include coordinating with their respective State Advisory Group (SAG) and other youth-serving agencies.

Goals, Objectives, and Deliverables
The overall goal is to develop, support, and enhance the capacity of a nonparticipating state to implement comprehensive, evidence-based programs that involve collaboration with interested

¹ This solicitation does not reflect any amendments made by the Juvenile Justice Reform Act of 2018 (JJRA) to the core requirements of the Formula Grants Program under the JJDPA because the JJRA amendments apply to funding appropriated in FY 2020 and later. Awards under this solicitation will be made with funding appropriated prior to FY 2020.
key partners (including law enforcement; juvenile justice; court services; detention, corrections, jails, lockups, and other law enforcement facilities; youth-serving agencies; service providers; SAGs; and nonprofit organizations) to support (1) DSO: Eliminating or preventing the placement of nonoffending youth and status offenders, such as runaways or truants, in secure detention or correctional facilities; (2) Separation: Ensuring sight and sound separation of juveniles from adult inmates in secure facilities (such as adult jails, lockups, and secure detention and correctional facilities); (3) Jail Removal: Eliminating the detention or confinement of juveniles in adult jails and lockups; and (4) DMC: Addressing juvenile delinquency prevention and system improvement efforts designed to reduce the disproportionate number of juvenile members of minority groups who come into contact with the juvenile justice system.

OJJDP strongly encourages applicants to consider evidence-based models and programming that support the nonparticipating state carrying out activities described in the core requirements of the Title II, Part B, Formula Grants program. Some examples include:

- Programs that ensure that juveniles will not be detained or confined in any institutions where they may come into contact with adult inmates (34 U.S.C. § 11133(a)(12) [separation]).

- Programs, research, or other initiatives to eliminate or prevent the placement of juveniles in adult jails and lockups (34 U.S.C. § 11133(a)(13) [jail removal]).

- Intensive supervision in the juvenile’s home as a placement alternative and the use of home detention, including electronic monitoring, when safe and appropriate (34 U.S.C. § 11133(a)(11) [DSO]).

- Emergency foster care, shelter care, group care, and independent living arrangements (34 U.S.C. § 11133(a)(11) [DSO]).

- Crisis intervention services, short-term residential crisis intervention programs, and nonsecure holdovers that can be used for conflict mediation, emergency holding, and the provision of emergency attention for juveniles with physical or emotional problems (34 U.S.C. § 11133(a)(11), (12), and (13) [DSO, separation, and jail removal]).

- Assessing the disproportionate number of juvenile members of minority groups who come into contact with the juvenile justice system (34 U.S.C. § 11133(a)(22) [DMC]).

- Developing information-sharing processes to carry out comprehensive case management plans that eliminate or prevent the placement of nonoffending youth and status offenders (34 U.S.C. § 11133(a)(11) [DSO]).

- Coordination/outreach/awareness: Development and distribution of written protocols, policies, and standard operating procedure manuals that promote the nonparticipating state carrying out activities designed to support compliance with the core requirements of the Title II, Part B Formula Grants program, and posters, brochures, fact sheets, etc. designed to increase law enforcement facilities and interested key partners’ awareness
and understanding of the core requirements (34 U.S.C. § 11133(a)(11), (12), and (13) [DSO, separation, and jail removal]).

**Required Deliverables**

If awarded, the successful applicants will be required to submit the following deliverables to OJJDP within the first 6 months for review and approval:

- Conduct a Nonparticipating States Profile assessment to help identify existing resources and key partners, and identify gaps and barriers faced and other areas of need for carrying out activities designed in the core requirements of the Title II, Part B Formula Grants program.
- A Nonparticipating State Plan that establishes long-term priorities, directs resources toward achieving specific goals, and strengthens the grantee’s programming for carrying out activities designed to support compliance with the core requirements of the Title II, Part B Formula Grants program of the nonparticipating state.
- A Monitoring Workplan to aid in evaluating the effectiveness of program activities as the grantee works to implement its Nonparticipating States Plan. The monitoring workplan should include major strategies associated with the goals and objectives of the project, programs/services to implement strategy, tasks/activities, and a plan for completion of each strategy; as well as the identification of the lead responsible party for carrying out activities designed to support compliance with the core requirements of the Title II, Part B, Formula Grants program. A comprehensive report assessing the effectiveness of implementation of collaborative efforts, services provided, summary findings of performance measures, and data collected will be submitted to OJJDP at the end of the program.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under [What an Application Should Include](#).

**Evidence-Based Programs or Practices**

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

**Information Regarding Potential Evaluation of Programs and Activities**

Applicants should note that OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section titled “Information Regarding Potential Evaluation of Programs and Activities.”

Type of Award
OJJDP expects to make any award under this solicitation in the form of a cooperative agreement, which is a type of award that provides for OJP to have substantial involvement in carrying out award activities. See the “Administrative, National Policy, and Other Legal Requirements” section of the OJP Grant Application Resource Guide for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants (and cooperative agreements).

Cooperative agreements include a condition in the award document that sets out the nature of the “substantial federal involvement” in carrying out the award and program. Generally stated, under OJP cooperative agreement awards, responsibility for the day-to-day conduct of the funded project rests with the recipient. OJP, however, may have substantial involvement in matters such as substantive coordination of technical efforts and site selection, as well as review and approval of project work plans, research designs, data collection instruments, and major project-generated materials. In addition, OJP often indicates in the award terms and conditions that it may redirect the project if necessary.

In addition to an award condition that sets out the nature of the anticipated “substantial federal involvement” in the award, cooperative agreements awarded by OJP include an award condition that requires specific reporting in connection with conferences, meetings, retreats, seminars, symposia, training activities, or similar events funded under the award.

OJJDP’s role in the cooperative agreement(s) under this program will also include the following tasks:

- Reviewing and approving Nonparticipating State Plans and other work plans, including changes to such plans, and key decisions pertaining to program operations for carrying out activities designed to support compliance with the core requirements of the Title II, Part B Formula Grants program.
- Reviewing and approving major program-generated documents and materials used to provide program services.
- Working in collaboration with nonparticipating states and providing guidance, as needed, for planning and participating in program-sponsored training events or conferences.
- Working in collaboration with nonparticipating states and providing guidance, as needed, in determining short- and long-term program outcomes and performance measurements.

Financial Management and System of Internal Controls
Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the OJP Grant Application Resource Guide for additional information.

Budget Information
In addition to the unallowable costs identified in the DOJ Grants Financial Guide, award funds may not be used for the following:

---

2 The "Part 200 Uniform Requirements" means the DOJ regulation at 2 C.F.R Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200.
- Prizes, rewards, entertainment, trinkets, or any type of monetary incentive.
- Gift cards.
- Vehicles.
- Food and beverages.

For questions pertaining to budget and examples of allowable and unallowable costs, see the DOJ Grants Financial Guide.

**Cost Sharing or Match Requirement**
This solicitation does not require a match. However, if a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

For additional information on cost sharing and match requirements, see the DOJ Grants Financial Guide at https://ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.3b.htm.

**Preagreement Costs (also known as Preaward Costs)**
Preagreement costs are costs incurred by the applicant prior to the start date of the period of performance of the federal award.

OJP does *not* typically approve preagreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. All such costs incurred prior to award and prior to approval of the costs are incurred at the sole risk of the applicant. (Generally, no applicant should incur project costs before submitting an application requesting federal funding for those costs.) Should there be extenuating circumstances that make it appropriate for OJP to consider approving preagreement costs, the applicant may contact the point of contact listed on the title page of the solicitation for the requirements concerning written requests for approval. If approved in advance by OJP, award funds may be used for preagreement costs, consistent with the recipient's approved budget and applicable cost principles. See the section on Costs Requiring Prior Approval in the DOJ Grants Financial Guide (Post award Requirements section) at https://ojp.gov/financialguide/DOJ/index.htm for more information.

**Limitation on Use of Award Funds for Employee Compensation; Waiver**
For applicants seeking the waiver, see the OJP Grant Application Resource Guide for information.

**Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs**
OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the OJP and DOJ policy and guidance on approval, planning, and reporting of such events. See the OJP Grant Application Resource Guide for information.

**Costs Associated With Language Assistance (if applicable)**
See the OJP Grant Application Resource Guide for information on costs associated with language assistance that may be allowable.
C. Eligibility Information
See title page. For information on cost sharing or match requirements, see Section B. Federal Award Information.

D. Application and Submission Information

What an Application Should Include
For this solicitation, OJJDP has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet, and Budget Narrative.

See the “Application Elements and Formatting Instructions” section of the OJP Grant Application Resource Guide for information on, among other things, what happens to an application that does not contain all of the specified elements or that is nonresponsive to the scope of the solicitation.

1. Complete the Application for Federal Assistance (Standard Form (SF)-424)

The SF-424 is a required standard form used as a cover sheet for submission of preapplications, applications, and related information. See the OJP Grant Application Resource Guide for additional information on completing the SF-424.

Intergovernmental Review: This solicitation (“funding opportunity”) is subject to Executive Order 12372. An applicant may find the names and addresses of State Single Points of Contact (SPOCs) at the following website: https://www.whitehouse.gov/wp-content/uploads/2017/11/Intergovernmental_-Review--SPOC_01_2018_OFFM.pdf. If the applicant’s State appears on the SPOC list, the applicant must contact the State SPOC to find out about, and comply with, the State’s process under E.O. 12372. In completing the SF-424, an applicant whose State appears on the SPOC list is to make the appropriate selection in response to question 19, once the applicant has complied with its State E.O. 12372 process. (An applicant whose State does not appear on the SPOC list should answer question 19 by selecting the response that the: “Program is subject to E.O. 12372, but has not been selected by the State for review.”).

2. Project Abstract

Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- Written for a general public audience.
- Submitted as a separate attachment with “Project Abstract” as part of its file name.
- Single-spaced, using a standard 12-point font (such as Times New Roman) with 1-inch margins.

The abstract should briefly describe the project’s purpose, the population to be served, and the activities that the applicant will implement to achieve the project’s goals and objectives. The abstract should describe how the applicant will measure progress toward these goals.
The abstract should indicate whether the applicant will use any portion of the project budget to conduct research, as described in Note on Project Evaluations on page 16. All project abstracts should follow the detailed template available at www.ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf. As a separate attachment, the project abstract will not count against the page limit for the program narrative.

3. Program Narrative

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point font, preferably Times New Roman. Pages should be numbered “1 of 30,” etc. The tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced and will count in the 30-page limit. Material required under the Budget and Budget Narrative and Additional Attachments sections will not count toward the program narrative page count. Applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length-related restrictions, OJJDP may consider such noncompliance in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) statement of the problem; (2) program design and implementation; (3) capabilities and competencies and (4) plan for collecting the data required for this solicitation’s performance measures. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program’s structure and activities will accomplish the goals and objectives identified in the previous section.

The following sections should be included as part of the program narrative:

a. **Statement of the Problem.** Applicants should briefly describe the nature and scope of the problem that the program will address (e.g., deinstitutionalization of status offenders, separation of juveniles from adult inmates, removal of juveniles from adult jails and lockups, disproportionate minority contact, etc.). Applicants should describe the target population; any previous or current attempts conducted by the applicant jurisdiction in the past 3 years in carrying out activities described in the core requirements of the Title II, Part B, Formula Grants program; and the results of those efforts.

Provide an overview of the jurisdiction’s current capacity in relation to carrying out activities described in the core requirements of the Title II, Part B, Formula Grants program. Include whether those services are provided by the applicant, via contract, or through governmental or nongovernmental partners. Describe how the demand for such services is being met compared to the need and how the jurisdiction assesses that need.
Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

b. **Project Design and Implementation.** Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section. For example, what is the evidence base or research base that supports these strategies? For innovative strategies, what is the theory or basis in evidence that indicates your approach is likely to be successful?

OJJDP strongly encourages applicants to select evidence-based practices for their programs.

**Logic Model.** Applicants should include a logic model that graphically illustrates how the performance measures are related to the project’s problems, goals, objectives, and design. See sample logic models [here](#). Applicants should submit the logic model as a separate attachment, as stipulated in Additional Attachments, page 18.

**Timeline.** Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates. Applicants should submit the timeline as a separate attachment, as stipulated in Additional Attachments, page 18. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

c. **Capabilities and Competencies.** This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program’s organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

**Letters of Support/Memoranda of Understanding.** The applicants should provide signed and dated letters of support or memoranda of understanding for all interested key partners that include the following:
• Expression of support for the program and a statement of willingness to participate and collaborate with it.

• Description of the partner’s current role and responsibilities in the planning process and expected responsibilities when the program is operational.

• Estimate of the percentage of time that the partner will devote to the planning and operation of the project

Letters of support may be addressed to the OJJDP Administrator. Only letters of support that are submitted by the due date and with the full application will be considered during the review process.

d. Plan for Collecting the Data Required for This Solicitation’s Performance Measures. OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under “Goals, Objectives, and Deliverables.”

Applicants should visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

Important note on FAPIIS: An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

General FAQs

9. How do I apply for this funding opportunity?

Applicants will submit their applications through Grants.gov, a “one-stop storefront” to find funding opportunities and apply for funding. To find complete instructions on how to register and submit an application, go to www.Grants.gov.

10. Who do I contact for help with Grants.gov?

If the applicant experiences technical difficulties during this process, call the Grants.gov Customer Support Hotline at 800–518–4726 or 606–545–5035, 24 hours a day, 7 days a week, except federal holidays.

11. What is a DUNS number and how do I get one?

A DUNS number is a unique nine-digit identification number provided by the commercial company Dun and Bradstreet. This unique entity identifier is used for tracking purposes, and to validate address and point of contact information for applicants, recipients, and subrecipients. It will be used throughout the life cycle of an OJP award. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online at www.dnb.com. A DUNS number is usually received within 1–2 business days.

12. What is the System for Award Management (SAM), and how do I register?

The System for Award Management replaces the Central Contractor Registration (CCR) database as the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. OJP requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must register in SAM to successfully register in Grants.gov. (Previously, organizations that had submitted applications via Grants.gov were registered with CCR, as it was a requirement for Grants.gov registration. SAM registration replaces CCR as a prerequisite for Grants.gov registration.) Applicants must update or renew their SAM registration annually to maintain an active status.

Applicants that were previously registered in the CCR database must, at a minimum:
• Create a SAM account; and
• Log into SAM and migrate permissions to the SAM account (all the entity registrations and records should already have been migrated).
13. What information is included in the page limit?

The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point font, preferably Times New Roman. Pages should be numbered “1 of 30,” etc. The tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced, and will count in the 30-page limit. Material required under the “Project Abstract,” “Budget and Budget Narrative,” and “Other Attachments” sections will not count toward the program narrative page count. In addition, applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length-related restrictions, OJJDP may consider the application to be noncompliant in peer review and final award decisions.

14. Is there a budget format or sample that is available?

A Budget Detail Worksheet form is available on OJP’s website.

15. In my application, do I need to address all performance measures listed in this specific solicitation?

A summary of the specific performance measures that OJJDP will use to measure grantee performance is under the section within the solicitation titled “Performance Measures.” Applicants should include a brief narrative discussion in their application that indicates their understanding of the performance measures for this solicitation and how they intend to provide the required data to OJJDP.

16. Can I submit a paper version via U.S. mail instead of an electronic application through the Grants.gov system?

No. Applicants must submit their applications electronically. OJJDP will not accept paper submissions.

17. How does the review and awarding process work? How can I track the status of my application?

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. OJJDP may use either internal peer reviewers, external peer reviewers, or a combination, to review the applications. An external peer reviewer is an expert in the subject matter of a given solicitation who is NOT a current DOJ employee. An internal peer reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate applications that meet basic minimum requirements. Peer reviewers’ ratings and any resulting recommendations are advisory only. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to.
geographic diversity, strategic priorities, past performance, and available funding.

The Office of the Chief Financial Officer, in consultation with OJJDP, reviews applications for potential discretionary awards to evaluate the fiscal integrity and financial capability of applicants; examines proposed costs to determine if the Budget Detail Worksheet and budget narrative accurately explain project costs; and determines whether costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations. During that time, you may be asked additional questions about your application for clarification purposes.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who also may consider other factors, including but not limited to geographic diversity, strategic priorities, past performance, and available funding.

To prevent compromising the integrity of the competitive review process, OJJDP will not discuss details regarding the status of your applications until all awards have been made to grant recipients.

18. How will I be notified if my agency is selected to receive an award?

Both the point of contact and the authorizing official listed on the grant application will receive an email award notification, which will provide further information on procedures for receiving funds.

19. How will I be notified if my agency is not selected to receive an award?

Both the point of contact and the authorizing official listed on the grant application will receive an email notification and a summary of the peer review comments.

20. I am experiencing technical difficulties submitting my applications to Grants.gov. Is there an alternate way to submit my application?

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must contact the Grants.gov Customer Support Hotline or the SAM Help Desk (Federal Service Desk) to report the technical issue and receive a tracking number. Then the applicant must email the Response Center at grants@ncjrs.gov within 24 hours after the application deadline and request approval to submit their application. The email must describe the technical difficulties and include a timeline of the applicant’s submission efforts, the complete grant application, the applicant’s DUNS number, and any Grants.gov Help Desk or SAM tracking number(s).

Note: OJJDP does not automatically approve requests. After the program office reviews the submission, and contacts the Grants.gov or SAM Help Desk to validate the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the applicant failed to follow all required procedures, which resulted in an untimely application submission, OJP will deny the applicant’s request to submit their application.
The following conditions are generally insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time. (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take up to 48 hours.)

- Failure to follow Grants.gov instructions on how to register and apply as posted on its website.

- Failure to follow each instruction in the OJP solicitation.

- Technical issues with the applicant’s computer or information technology environment, such as issues with firewalls or browser incompatibility.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP funding webpage.
