OJJDP FY 2020 National Gang Center

CFDA #16.123

A. Program Description

Overview

OJJDP will award a cooperative agreement to continue the activities of the National Gang Center (NGC), which provides training and technical assistance to OJP-funded programs and communities across the country to address the issues of youth gun and gang violence. NGC tracks current research and trends on gangs and maintains a database of comprehensive information on the development and implementation of effective gang prevention, intervention, and suppression strategies. Find more information at www.nationalgangcenter.gov.

Statutory Authority

Department of Justice Appropriations Act, 2020, Pub. L. No. 116-93; 133 Stat. 2317, 2407.

Program-Specific Information

OJJDP's Comprehensive Gang Model (CGM) offers an evidence-based framework for the coordination of multiple data-driven, anti-gang, and violence-reduction strategies to address the impact of serious and violent youth street gang problems. The CGM includes a set of five core strategies. Please see <https://www.nationalgangcenter.gov/Comprehensive-Gang-Model> for more information.

Goals, Objectives, and Deliverables

The goal of this solicitation is to provide training and technical assistance to communities on developing evidence-based strategies or promising models to prevent and deter youth from joining gangs and reduce youth gang violence.

The specific objectives and deliverables of this program are listed below, and applicants should include information in their application that clearly outlines a plan for completing them:

- Maintain and expand the NGC website (www.nationalgangcenter.gov) to serve as a one-stop shop for publications and practitioner-oriented resources on youth and street gangs.
- Develop a communications plan for NGC to include the following:
 - Maintain a gang information listserv where practitioners can communicate with one another around this issue.
 - Develop and maintain a calendar of related training and technical assistance activities.
 - Develop a map of current sites implementing aspects of the CGM (to include identification of specific elements being implemented and supported by evidence of being effective).
 - Maintain a catalog of OJJDP grantee-produced gang materials and resources that support states' and communities' responses to gang-related crime and violence and gang activity by youth and adults.

- Develop and deliver trainings to address youth gang involvement and youth gang-related violence. The following is a list of key training areas that should be developed with these grant funds, and applicants should propose additional training opportunities beyond this core list:
 - Anti-gang training curricula/courses for local teams interested in implementing the OJJDP CGM.
 - Intervention team training.
 - Outreach training.
 - Gang investigators training.
 - Gang unit supervision.
 - Gang desistance training.
 - Gun and gang crime training that incorporates law enforcement and prosecutors as critical partners.

- Provide national training coordination services and technical assistance support to the Gang Resistance Education And Training (G.R.E.A.T.) Program. The G.R.E.A.T. Program is a school-based, law enforcement officer-instructed classroom curriculum. The awardee will determine the program's policy and training management structure and coordinate/manage the delivery of the training and technical assistance.

- Develop publications and resource materials for federal, state, and local practitioners/gang professionals, as approved by OJJDP. The minimum expectations for deliverables in this area include:
 - Develop publications on emerging gang-related issues that range from policy briefs (2 to 5 pages) to larger documents (10 to 50 pages).
 - Submit at least three articles on youth gang involvement and violence for OJJDP to disseminate to the juvenile justice field.
 - Provide enhanced opportunities to engage with the field to identify gaps, promote NGC resources, and disseminate funding opportunities by strategically identifying and attending several regional law enforcement juvenile justice and law enforcement-related conferences.

- Provide training and technical assistance to OJJDP-funded grantee project sites developed to address gun and gang violence. This includes onsite and web-based activities targeting these communities.

If awarded, OJJDP expects the successful applicant to coordinate any training and technical assistance activities and deliverables with OJJDP-funded training and technical assistance providers working in a related area. Furthermore, the successful applicant is expected to coordinate its training and technical assistance activities with the previous training and technical assistance provider, as OJJDP directs. Specifically, OJJDP will expect the successful applicant to leverage resources by incorporating deliverables previously developed under this program into its training and technical assistance project design. In addition, OJJDP may direct the successful applicant to enhance, disseminate, or build on existing program deliverables.

OJJDP training and technical assistance awardee standards. OJJDP has developed the [Core Performance Standards for Training, Technical Assistance, and Evaluation](#) to promote

among providers the consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training. Award recipients must coordinate with OJJDP's National Training and Technical Assistance Center (NTTAC) in the assessment and delivery of services to ensure the effective use of OJJDP grant funding.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with OJJDP NTTAC by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these protocols at any time with reasonable notice to the grantee prior to project completion.
- **OJJDP-funded webinars.** The award recipient must comply with OJJDP's Webinar Guidelines, as described in the core performance standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP NTTAC in advance of all events for the online calendar, use the approved OJJDP presentation template, and record events and provide the final files which are compliant with Section 508 of the Workforce Rehabilitation Act to OJJDP or OJJDP's representative. For more information on Section 508 of the Workforce Rehabilitation Act, visit www.section508.gov.
- **Training information sharing.** OJP will collect information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP's standard electronic training request form, submit information to NTTAC on all training events (e.g., name of requestor, description of request, dates of event) 30 days in advance of the event date, and report additional data, as OJJDP requires.

Additional Resources:

- [OJJDP Model Programs Guide](#) contains information about evidence-based juvenile justice and youth prevention, intervention, and reentry programs. It is a resource for practitioners and communities about what works, what is promising, and what does not work in juvenile justice, delinquency prevention, and child protection and safety.
- [OJP CrimeSolutions.gov](http://OJP.CrimeSolutions.gov) uses rigorous research to inform practitioners and policymakers about what works in criminal justice, juvenile justice, and crime victim services.
- Youth.gov provides interactive tools and other resources to help youth-serving organizations and community partnerships plan, implement, and participate in effective programs for youth.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under [What an Application Should Include](#).

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional

information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

Applicants should note that OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section titled “Information Regarding Potential Evaluation of Programs and Activities.”

[Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs](#)
[Costs Associated with Language Assistance \(if applicable\)](#)

C. Eligibility Information

For eligibility information, see the title page.

For information on cost sharing or match requirements, see [Cost Sharing or Match Requirement](#).

D. Application and Submission Information

This solicitation expressly modifies the OJP Grant Application Resource Guide by not incorporating the “Disclosure of Process Related to Executive Compensation” provisions in the “Application Attachments” section of the [OJP Grant Application Resource Guide](#).

What an Application Should Include

The following application elements MUST be included in the application submission for an application to meet the basic minimum requirements (BMR) to advance to peer review and receive consideration for funding: Program Narrative, Budget Detail Worksheet, and Budget Narrative.

See the “Application Elements and Formatting Instructions” section of the [OJP Grant Application Resource Guide](#) for information on what happens to an application that does not contain all of the specified elements or that is nonresponsive to the scope of the solicitation.

1. Application for Federal Assistance (Standard Form (SF)-424)

The SF-424 is a required standard form used as a cover sheet for submission of preapplications, applications, and related information. See the [OJP Grant Application Resource Guide](#) for additional information on completing the SF-424.

Intergovernmental Review: This solicitation (“funding opportunity”) **is not** subject to [Executive Order 12372](#). (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the “Program is not covered by E.O. 12372.”)

2. Project Abstract

Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- Written for a general public audience.
- Submitted as a separate attachment with “Project Abstract” as part of its file name.
- Single-spaced, using a standard Times New Roman 12-point font with 1-inch margins.

The abstract should briefly describe the project's purpose, the population to be served, and the activities that the applicant will implement to achieve the project's goals and objectives. The abstract should describe how the applicant will measure progress toward these goals. The abstract should indicate whether the applicant will use any portion of the project budget to conduct research, as described in Note on Project Evaluations on page 11. All project abstracts should follow the detailed template available at www.ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf.

3. Program Narrative

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point Times New Roman font. Pages should be numbered "1 of 30," etc. The tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced and will count in the 30-page limit. Material required under the Budget and Budget Narrative and Additional Attachments sections will not count toward the program narrative page count. Applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length-related restrictions, OJJDP may negatively consider such noncompliance in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) statement of the problem, (2) project design and implementation, (3) capabilities and competencies, and (4) plan for collecting the data required for this solicitation's performance measures. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program's structure and activities will accomplish the goals and objectives identified in the previous section.

The following sections should be included as part of the program narrative:

- a. **Statement of the Problem.** Applicants should briefly describe the nature and scope of the problem that the program will address (e.g., gang activity, gang-related violence). Applicants should also briefly describe the need for the training and technical assistance proposed. The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and/or a citation. Applicants should describe the target population and any previous or current attempts to address the problem.

Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

- b. **Project Design and Implementation.** Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to

achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section on page 4. OJJDP encourages applicants to select evidence-based practices for their programs.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” [here](#)).

Applicants should submit the timeline as a separate attachment, as stipulated in Additional Attachments, page 12. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

- c. **Capabilities and Competencies.** This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program’s organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.
- d. **Plan for Collecting the Data Required for This Solicitation’s Performance Measures.** OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under [Section A. Program Description](#).

Applicants should visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

Award recipients will be required to provide the relevant data by submitting semi-annual performance metrics through OJJDP’s online Performance Measurement Tool (PMT), located at <https://ojpsso.ojp.gov/>. Applicants should review the complete list of the performance measures for this solicitation at OJJDP’s [Training and Technical Assistance Providers Performance Measures Grid](#).

The application should demonstrate the applicant's understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

Please note that applicants are **not** required to submit performance data with the application. Performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

OJJDP will require award recipients to submit semiannual performance metrics of relevant data through the [Data Reporting Tool](#).

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations should follow the guidance under Note on Project Evaluations in the [OJP Grant Application Resource Guide](#).

Please see the [OJP Grant Application Resource Guide](#) for information on the following:

4. [Budget Information and Associated Documentation](#) in the "Budget Preparation and Submission Information" section.

The successful applicant will host an annual 2- to 3-day cross-site training for active OJJDP gang-funded sites. For budget purposes, the successful applicant will need to cover planning costs as well as travel costs for trainers and NGC staff. The Office of the Chief Financial Officer requires cost calculations for all line items in the budget, including this required travel. The cost breakdown should include airfare, per diem rate, lodging, number of travelers, number of days, etc. (for example, 2 people x airline ticket (\$400) = \$800; 2 people x 2 days per diem (\$71/day) = \$284, 2 people x lodging (\$207) x 2 nights = \$828). Use U.S. General Services Administration [per diem rates](#).

5. [Indirect Cost Rate Agreement](#)
6. [Financial Management and System of Internal Controls Questionnaire \(including applicant disclosure of high risk status\)](#)
7. [Disclosure of Lobbying Activities](#)
8. [Applicant Disclosure of Pending Applications](#)
9. [Applicant Disclosure and Justification – DOJ High Risk Grantees³ \(if applicable\)](#)
10. **Tribal Authorizing Resolution (if applicable)**

An application in response to this solicitation may require inclusion of information related to a tribal authorizing resolution. See the [OJP Grant Application Resource Guide](#) for information on tribal authorizing resolutions.

³ A "DOJ High Risk Grantee" is a recipient that has received a DOJ High Risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, or noncompliance with award terms and conditions on prior awards, or that is otherwise not responsible.

The following two paragraphs in this solicitation expressly modify the “Tribal Authorizing Resolution” provisions in the [OJP Grant Application Resource Guide](#). An applicant is required to follow the guidance in these two paragraphs instead of the guidance stated under the “Tribal Authorizing Resolution” heading in the Guide.

An application in response to the solicitation may require inclusion of information related to a tribal authorizing resolution. A tribe, tribal organization, or third party that proposes to provide direct services or assistance to residents on tribal lands should include in its application a resolution, letter, affidavit, or other documentation, as appropriate, that demonstrates (as a legal matter) that the applicant has the requisite authorization from the tribe(s) to implement the proposed project on tribal lands. In those instances when an organization or consortium of tribes applies for an award on behalf of a tribe or multiple specific tribes, the application should include appropriate legal documentation, as described above, from all tribes that would receive services or assistance under the award. A consortium of tribes for which existing consortium bylaws allow action without support from all tribes in the consortium (i.e., without an authorizing resolution or comparable legal documentation from each tribal governing body) may submit, instead, a copy of its consortium bylaws with the application.

An applicant who is unable to submit an application that includes a fully executed (i.e., signed) copy of legal appropriate documentation, as described above, consistent with the applicable tribe’s governance structure, should submit an unsigned, draft version of such legal documentation as part of its application (except for cases in which, with respect to a tribal consortium applicant, consortium bylaws allow action without the support of all consortium member tribes). If selected for funding, OJP will make use of and access to award funds contingent on receipt of the fully executed legal documentation.

11. Research and Evaluation Independence and Integrity

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. For additional information regarding demonstrating research/evaluation independence and integrity, including appropriate safeguards, see the [OJP Grant Application Resource Guide](#).

E. Application Review Information

Review Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers using the following review criteria.

1. Statement of the Problem (10%)
2. Project Design and Implementation (35%)
3. Capabilities and Competencies (35%)
4. Plan for Collecting the Data Required for This Solicitation's Performance Measures (10%)
5. Budget (10%): complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should demonstrate generally how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project.⁴

Review Process

OJP is committed to ensuring a fair and open process for making awards. OJJDP reviews the application to make sure that the information presented is reasonable, understandable, measurable, achievable, and consistent with the solicitation. See the [OJP Grant Application Resource Guide](#) for information on the application review process for this solicitation.

For a list of the application elements that **MUST** be included in the application submission in order for an application to meet the basic minimum requirements, see "[What an Application Should Include](#)" under Section D. Application and Submission Information.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through the System for Award Management (SAM) (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding

⁴ Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
