

## Fiscal Year 2020 Second Chance Act: Youth Offender Reentry (Category 2: Legal Services) Performance Measures

The following pages outline performance measures for the **Fiscal Year 2020 Second Chance Act: Youth Offender Reentry (Category 2: Legal Services)** and list the data that grantees must report on to complete a Performance Data Report. The Office of Juvenile Justice and Delinquency Prevention (OJJDP) requires grantees to provide data for the performance measure in the column labeled "Data Grantee Reports." Grantees enter their data in the Internet Crimes Against Children Task Forces online system.

Grantees enter data in January and July of each calendar year and are responsible for creating their Performance Data Report. Grantees submit this report to OJJDP through the Grants Management System (GMS).

OJJDP groups performance measures for grantees performing similar grant-related activities, for example those who serve similar populations or who receive funding under the same program in the PMT under a shared program area. Grantees for this solicitation report their data under the Second Chance Act Reentry Grant program. A full list of performance measures available in the Second Chance Act Reentry Grant program can be found at: [ojjdppmt.ojp.gov/help/SecondChanceReentryGrid.pdf](http://ojjdppmt.ojp.gov/help/SecondChanceReentryGrid.pdf).

If you have questions about the PMT or performance measures, please call the **OJJDP PMT Helpdesk at 866-487-0512** or send an e-mail to: [OJJDPMT@ojp.usdoj.gov](mailto:OJJDPMT@ojp.usdoj.gov).

Performance Measure	Definition	Data Grantee Reports	Record Data Here
Number of released youth served by Reentry Program	<p>The intent of this indicator is to measure the change in the number of offenders who are enrolled in reentry services.</p> <p>The number of youth enrolled represents the number of youth who actually end up in the program.</p> <p>Program records are the preferred data source.</p>	Number of youth enrolled in the Reentry Program during the reporting period	
Number of program youth served during the reporting period	<p>An unduplicated count of the number of youth served by the program during the reporting period. The number of youth served for a reporting period is the number of program youth carried over from previous reporting period, plus new admissions during the reporting period.</p> <p>Program records are the preferred data source.</p>	<p>A. Number of program youth carried over from the previous reporting period</p> <p>B. New admissions during the reporting period</p>	
Number and percent of youth served with whom an evidence-based best practice model was used	<p>The number and percent of youth with whom a best practice was used. Best practice models include program models that have been shown, through rigorous evaluation and replication, to be effective at preventing or reducing juvenile delinquency or related risk factors, such as substance abuse. Model programs can come from many valid sources (e.g., Blueprints for Violence Prevention, OJJDP's Model</p>	<p>A. Number of youth served using an evidence-based best practice model or program during the reporting period</p> <p>B. The number of youth served during the reporting period (Auto fill from 1A)</p> <p>C. Percent (A/B)</p>
