

Fiscal Year 2020 OJJDP FY 20 Delinquency Prevention Program Performance Measures

The following pages outline performance measures for the **Fiscal Year 2020 OJJDP FY 20 Delinquency Prevention Program** and list the data that grantees must report on to complete a Performance Data Report. The Office of Juvenile Justice and Delinquency Prevention’s (OJJDP) requires grantees to provide data for the performance measure in the column labeled “Data Grantee Reports.” Grantees enter their data in the Performance Measurement Tool (PMT), the OJJDP online system. The PMT automatically calculates simple statistics from the data entered, such as percentages and total amounts.

Grantees enter data in January and July of each calendar year and are responsible for creating their Performance Data Report. Grantees submit this report to OJJDP through the Grants Management System (GMS).

OJJDP groups performance measures for grantees performing similar grant-related activities, for example those who serve similar populations or who receive funding under the same program in the PMT under a shared program area. Grantees for this solicitation report their data under the Discretionary 2.0 Grant programs, “direct service prevention” subcategory. A full list of performance measures available in the Discretionary 2.0 Grant programs can be found at ojjdppmt.ojp.gov/help/Grids/PDF/DiscretionaryGrid2.0_508.pdf.

If you have questions about the PMT or performance measures, please call the **OJJDP PMT Helpdesk at 866-487-0512** or send an e-mail to: OJJDPMT@ojp.usdoj.gov.

Performance Measure	Definition	Data Grantee Reports	Record Data Here
OJJDP grant funds awarded for prevention services	The amount of OJJDP grant funds in whole dollars that are awarded for program prevention services. Program records are the preferred data source.	A. OJJDP grant funds awarded to program for prevention services	
Number of program youth served	An unduplicated count of the number of youth served by the program during the reporting period. Definition of the number of youth served for a reporting period is the number of program youth carried over from the previous reporting period, plus new admissions during the reporting period. Program records are the preferred data source.	A. Number of program youth carried over from the previous reporting period B. New admissions during the reporting period C. Sum (A+B)	

Delinquency Prevention Program

Discretionary 2.0 Grant Program: Direct Service Prevention

Performance Measure	Definition	Data Grantee Reports	Record Data Here
Number and percent of programs/initiatives employing evidence-based programs or practices	Report the number and percent of programs/initiatives employing evidence-based programs or practices. These include programs and practices that have been shown, through rigorous evaluation and replication, to be effective at preventing or reducing juvenile delinquency or related risk factors, such as substance abuse. Model programs can come from many valid sources (Blueprints for Violence Prevention, CrimeSolutions.gov, OJJDP’s Model Programs Guide, SAMHSA’s Model Programs, etc.).	<ul style="list-style-type: none"> A. Number of program/initiatives employing evidence-based programs or practices B. Total number of programs/initiatives C. Percent (A/B) 	
Number and percent of youth with whom an evidence-based program or practice was used	The number and percent of youth served with an evidence-based program or practice. These include programs and practices that have been shown, through rigorous evaluation and replication, to be effective at preventing or reducing juvenile delinquency or related risk factors, such as substance abuse. Model programs can come from many valid sources (Blueprints for Violence Prevention, CrimeSolutions.gov, OJJDP’s Model Programs Guide, SAMHSA’s Model Programs, etc.).	<ul style="list-style-type: none"> A. The number of youth served using an evidence-based program or practice B. Total number of youth served during the reporting period C. Percent (A/B) 	

Delinquency Prevention Program

Discretionary 2.0 Grant Program: Direct Service Prevention

Performance Measure	Definition	Data Grantee Reports	Record Data Here
Number of program staff who have completed training in program area	<p>The number and percent of program staff who have received formal training related to direct service prevention during the reporting period. Examples include, but are not limited to, service delivery, training to prevent and respond to juvenile delinquency and victimization; training that addresses the needs of juvenile justice practitioners; training for state and local efforts to build capacity; and training to expand the use of evidence-based practices.</p> <p>Program records are the preferred data source.</p>	<p>A. Number of program staff who have completed training or a formal learning opportunity during the reporting period</p> <p>B. Number of program staff enrolled in the training or formal learning opportunity during the reporting period</p> <p>C. Percent (A/B)</p>	
Number and percent of program staff with increased knowledge of program area	<p>This measure represents the number of program staff who exhibit an increased knowledge of the program area after participating in training. Use of pre- and posttests is preferred.</p>	<p>A. Number of program staff trained during the reporting period who report increased knowledge</p> <p>B. Number of program staff trained during the reporting period and returning surveys</p> <p>C. Percent (A/B)</p>	

Delinquency Prevention Program

Discretionary 2.0 Grant Program: Direct Service Prevention

Performance Measure	Definition	Data Grantee Reports	Record Data Here
Number and percent of program youth completing program requirements	<p>The number and percent of program youth who have successfully fulfilled all program obligations and requirements. This does not include youth who are still in ongoing programs. Program obligations will vary by program, but they should be a predefined list of requirements or obligations that youth must meet before program completion, such as attendance and participation at a certain number of meetings or events.</p> <p>The total number of youth (the B value) includes those youth who have exited successfully as well as those who have exited unsuccessfully.</p> <p>Program records are the preferred data source.</p>	<p>A. Number of program youth who exited the program having completed program requirements</p> <p>B. Total number of youth who exited the program during the reporting period (either successfully or unsuccessfully)</p> <p>C. Percent (A/B)</p>	
Number and percent of families completing program requirements	<p>The number and percent of families (families may include parents, guardians, siblings, extended guardians, and anyone a youth identifies as a family member) who have successfully fulfilled all program obligations and requirements during the reporting period.</p> <p>This does not include families who are still in ongoing programs. Program obligations will vary by program but should be a predefined list of requirements or obligations that clients must meet before program completion.</p>	<p>A. Number of families who exited the program having completed program requirements</p> <p>B. Total number of families who exited the program during the reporting period (either successfully or unsuccessfully)</p> <p>C. Percent (A/B)</p>	

Delinquency Prevention Program

Discretionary 2.0 Grant Program: Direct Service Prevention

	<p>The total number of families includes those who have exited successfully as well as those who have exited unsuccessfully.</p> <p>Program records are the preferred data source.</p>		
<p>The following measures focus on short and long term targeted outcomes and behavior changes for youth who received services. Must report on at least one outcome.</p>			
Social competence (Short Term)	<p>The number and percent of program youth who have exhibited a desired change in social competencies during the reporting period. Social competence is the ability to achieve personal goals in social interaction while simultaneously maintaining positive relationships with others over time and across situations.</p> <p>Self-report or staff ratings are the most likely data sources.</p>	<p>A. Number of program youth served during the reporting period with the noted behavioral change</p> <p>B. Total number of youth receiving services for the target behavior during the reporting period</p> <p>C. Percent (A/B)</p>	
Social competence (Long Term)	<p>The number and percent of program youth who exhibited a desired change in social competencies 6–12 months after exiting the program. Social competence is defined as the ability to achieve personal goals in social interaction while simultaneously maintaining positive relationships with others over time and across situations.</p>	<p>A. Total number of program youth exiting the program 6–12 months ago tracked for the target behavior during the reporting period</p> <p>B. Of A, the number of program youth with the noted behavioral change during the reporting period</p> <p>C. Percent (B/A)</p>	

Delinquency Prevention Program
