OJJDP FY 2007 Carryover From FY 2006 Programs CFDA # 16.541

Overview

The OJJDP FY 2007 Carryover from FY 2006 Programs was established to provide grants, cooperative agreements, and other assistance authorized by the Juvenile Justice and Delinquency Prevention Act of 2002 to organizations designated by the Office of Juvenile Justice and Delinquency Prevention and identified in Public Law 109–108, the Science, State, Justice, Commerce, and Related Agencies Appropriations Act, 2006.

Please visit www.ojp.usdoj.gov/fundopps.htm for information on other funding opportunities from the Office of Justice Programs.

Deadline: Registration

Applicants must register with GMS prior to applying. The [GMS](#) registration deadline is 8:00 p.m. E.T., January 17, 2007.

Deadline: Application

The due date for applying for funding under this announcement is 8:00 p.m. E.T., January 31, 2007.

Eligibility

OJJDP will only accept applications for OJJDP FY 2007 Carryover from FY 2006 Programs from agencies and organizations that have received an invitation to apply under this solicitation. Applicants should confirm that this solicitation is the one listed on their invitation letter before applying. All other applications will not be processed.

Faith-Based and Other Community Organizations: Consistent with President George W. Bush's Executive Order 13279, dated December 12, 2002, and 28 C.F.R. Part 38, it is DOJ policy that faith-based and other community organizations that statutorily qualify as eligible applicants under DOJ programs are invited and encouraged to apply for assistance awards to fund eligible grant activities. Faith-based and other community organizations will be considered for awards on the same basis as other eligible applicants and, if they receive assistance awards, will be treated on an equal basis with all other grantees in the administration of such awards. No eligible applicant or grantee will be discriminated for or against on the basis of its religious character or affiliation, religious name, or the religious composition of its board of directors or persons working in the organization.

Faith-based organizations receiving DOJ assistance awards retain their independence and do not lose or have to modify their religious identity (e.g., removing religious

symbols) to receive assistance awards. DOJ grant funds, however, may not be used to fund any inherently religious activity, such as prayer or worship. Inherently religious activity is permissible, although it cannot occur during an activity funded with DOJ grant funds; rather, such religious activity must be separate in time or place from the DOJ-funded program. Further, participation in such activity by individuals receiving services must be voluntary. Programs funded by DOJ are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion.

Applicants are encouraged to review the Civil Rights Compliance section under "Additional Requirements" in this announcement.

How To Apply

Grants Management System Instructions. Applications must be submitted through the online Grants Management System (GMS). Applicants should begin the process early, especially if this is the first time they have used the system. Each application requires a

separate GMS registration. For a step-by-step guide, visit www.ojp.gov/funding/Masterjobaids.pdf. For additional information, call the GMS Help Desk at 1-888-549-9901.

CFDA Number. The Catalog of Federal Domestic Assistance (CFDA) number for this solicitation is 16.541, titled "OJJDP FY07 2006 Carryover Programs," and the funding opportunity number is OJJDP-2007-1484.

A DUNS number is required. The Office of Management and Budget requires that all businesses and nonprofit applicants for federal funds include a DUNS (Data Universal Numeric System) number in their application for a new award or renewal of an award. Applications without a DUNS number are incomplete. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point of contact information. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, simple, one-time activity. Obtain one by calling 1-866-705-5711 or by applying online at www.dunandbradstreet.com. Individuals are exempt from this requirement.

What an Application Must Include

Standard Form-424

Applicants must complete the Application for Federal Assistance (SF-424), a standard form used by most federal agencies, following the instructions it provides.

Program Narrative

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative must be double spaced, use a standard 12-point font (Times New Roman is preferred), have 1-inch margins, and not exceed 25 pages. (Please number pages "1 of 25," "2 of 25," and so forth.) Applications that do not adhere to the required format may be deemed ineligible.

The program narrative must address the following selection criteria: (1) project abstract, (2) statement of the problem/program narrative, (3) impact/outcomes and evaluation, (4) project/program design and implementation, and (5) capabilities/competencies. The connections between and among each of these sections should be clearly delineated. For example, the goals and objectives should derive directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program's structure and activities will accomplish the goals and objectives identified in the previous section.

- **Project Abstract**

The project abstract should not exceed 200 words. It should briefly describe the project's purpose, identify the population to be served using grant funds, and summarize the activities that will be implemented to achieve the project's goals and objectives. These goals and objectives must focus on short-term and intermediate outcomes (see "Goals,

Program Objectives, and Performance Measures” below), and the abstract should also describe how progress towards these goals will be measured. Finally, the abstract must contain a brief description of the connections between the project’s activities and potential reductions in juvenile delinquency, child maltreatment, or other long-term goals. (See “Sample Project Abstract,” page 13.)

- **Statement of the Problem/Program Narrative**

Applicants must briefly describe the nature and scope of the problem in the jurisdiction to be addressed by this project (e.g., gang activity, underage drinking, drug abuse, truancy, youth employment, school performance, etc.). Local data should be used to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Applicants should describe any previous or current attempts to address the problem.

- **Impact/Outcomes and Evaluation**

Applicants must describe the goals of the proposed project and identify its objectives. When formulating the project’s goals and objectives, applicants should be cognizant of the performance measures that will be required of successful applicants.

Goals. Applicants should provide a broad statement, written in general terms, that conveys the program’s intent to change, reduce, or eliminate the problem described. This section of the program narrative must outline the specific goals of the project.

Program Objectives. Applicants should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the desired results of the program, and they should be clearly connected to the problems identified in the preceding section. The objectives should be measurable. (Examples of measurable objectives might include the following: to provide school-based and community services for 40 youth returning from commitment, to increase the percentage of youth who successfully complete their current academic grade, to expand counseling services to cover an additional 50 at-risk youth.)

Performance Measures. Award recipients are required to collect and report data in support of performance measures. (See “Performance Measures,” page 5.) Recipients’ assistance in obtaining this information will facilitate future program planning and will allow OJP to provide Congress with measurable results associated with federally funded programs. Performance measures must reflect the specific problems, goals and objectives, and design (see “Project/Program Design and Implementation” below) associated with this grant.

To ensure that the Performance Measures selected by the grantee reflect the specific problems, goals, objectives, and design strategy of the project, OJJDP has developed mandatory performance measures. To determine those that apply to your application, visit ojjdp.ncjrs.gov/grantees/performance.html.

- **Project/Program Design and Implementation**

Applicants must describe the specific strategies that will be used to implement the proposed program. Applicants should develop a program design that will facilitate the gathering of data on the required performance measures.

This section of the program narrative should describe what applicants propose to do and how they intend to do it. Applicants should identify the program's target population and explain how the strategy will achieve the goals and objectives identified in the previous section.

Applicants should include a logic model that graphically illustrates how the chosen performance measures are related to the specific problems, goals, and program activities. Sample logic models are available at oijdp.ncjrs.gov/grantees/performance.html.

This section should be detailed and describe how the project will operate throughout the duration of the funding period. Applicants are encouraged to select evidence-based practices for their programs. This section must also discuss plans for sustainability, i.e., how the program will continue to operate beyond the period of the OJJDP grant award.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project. Applicants should identify any other federal, state, or private foundation grants that serve the same local area and target population.

Finally, applicants should describe any research or evaluation studies that support the entire project design, or any of its components. Previous research related to the applicant's selected problem area should also be noted to indicate the applicant's understanding of the causes of—and potential solutions to—the problems to be addressed. While applicants are expected to review the research literature for any relevant studies, they should also explore whether any unpublished local sources of research or evaluation data are available.

In addition to the narrative description of the project design, applicants must also submit a timeline or milestone chart that indicates major tasks in the proposed design, assigns responsibility for each major task, and plots completion of these tasks by month or quarter for the duration of the award. This timeline/milestone chart should be submitted as a separate attachment as stipulated in "Other Attachments," page 10.

- **Capabilities/Competencies**

Applicants must describe the roles and responsibilities of project staff and explain the program's organizational structure and operations.

This section of the program narrative must describe how the project will be managed and staffed locally. Management and staffing patterns should be clearly and evidently connected to the project design described in the previous section. This section should describe the experience and capability of the applicant's organization and any contractors that will be used to effectively implement and manage this effort and its

associated federal funding. Any prior experience implementing projects of similar design or magnitude should be highlighted in this section.

Budget and Budget Narrative

Applicants must provide a budget that: (1) is complete, allowable, and cost effective in relation to the proposed activities; (2) shows the cost calculations demonstrating how the applicant arrived at the total amount requested; and (3) provides a brief supporting narrative to link costs with project activities.

Applicants must submit a budget that includes both a detailed worksheet itemizing all costs and a narrative explaining and justifying each budget item:

- **Budget Detail Worksheet**

The worksheet should provide the detailed computation for each budget line item. The worksheet must list the cost of each item and show how the cost was calculated. For example, costs for personnel should show the annual salary rate and the percentage of time devoted to the project for each employee paid through grant funds. The budget detail worksheet should present a complete and detailed itemization of all proposed costs. A Budget Detail Worksheet template is available at www.ojp.usdoj.gov/Forms/budget.pdf.

- **Budget Narrative**

The narrative should describe each budget item and relate it to the appropriate project activity. It should closely follow the content of the budget detail worksheet and provide justification for all proposed costs. In the budget narrative, the applicant should explain how fringe benefits were calculated, how travel costs were estimated, why particular items of equipment or supplies must be purchased, and how overhead or indirect costs (if applicable) were calculated. The budget narrative should justify the specific items listed in the budget detail worksheet (particularly supplies, travel, and equipment) and demonstrate that all costs are reasonable.

Other Attachments

Applicants must submit the following materials in as attachments to their GMS application. The Other Program Attachments—which must be submitted as a Microsoft Word document (.doc), PDF file (.pdf), or text document (.txt)—must include:

- Annualized project timeline containing each project goal, related objective, activity, expected completion date, and responsible person or organization. Please do not use actual calendar months/years in your timeline; instead prepare the timeline using “Year 1,” “Month 1,” etc. (See “Sample Project Timelines” at ojdp.ncjrs.gov/grantees/timelines.html.)
- Résumés of all key personnel.
- Job descriptions outlining roles and responsibilities for all key positions.

- Letters of support/commitment and memorandums of understanding (where appropriate).
- **Geographic Information.** To help the Office of Justice Programs develop a geographic information system (GIS) strategic planning capacity, applicants must provide the following two items of information on the geographic area served by the funded activity (“service area”) in the formats specified below. If the mailing address is in a rural area with no street address, include the nearest street intersection. If the program has multiple service areas, include the required information for each area. If proposed multiple service areas have not been determined, simply provide the requested information for the applicant.
 - **Physical address.** If the mailing address is a P.O. Box, specify the physical address of the location where services are to be provided.

(example with street address)
 ABC Associates
 123 First Street
 Shrewsbury, PA 17361

(example with no street address)
 ABC Associates

The map should be marked with information identifying the grant application it is tied to, including applicant name, application number, and contact name and phone number. Also include a written description of streets bounding the service area. If GIS files are available, they can be e-mailed to OJJDP via Dennis Mondoro at Dennis.Mondoro@usdoj.gov.

Attachment: Sample Project Abstract

The following is a sample project abstract.

In 2002, Johnson County had a truancy rate of 12 percent. Several studies have established that lack of commitment to school is a risk factor for delinquency (Dryfoos, 1990; Catalano et al., 1998). Although many factors are associated with truancy, previous research indicates a particularly strong correlation between truancy and lack of parental involvement (Catalano et al. 1998). The ABC Project seeks to increase the parental involvement in Johnson County's at-risk youth population to address the county's high truancy rate. The project's primary activity will be the operation of parenting classes for the parents of truant youth. The project will offer the classes twice a week for 12 weeks. The project seeks to serve at least 100 parents over a 2-year period. Progress will be measured by the number of participants attending the classes and the number of parents completing the 12-week course. The project will also track the truancy rates of the students of the parents who attended the classes for a year after program completion.
