OJJDP FY 2020 Alaska Native Youth Training and Technical Assistance Project

CFDA #16.731

A. Program Description

Overview

OJJDP seeks a training and technical assistance provider to establish a regional network of partnerships to develop strategies to address Alaska Native youth's cultural needs and support their successful functioning at home, in school, and in the community in order to build the capacity of tribal communities across Alaska to address the specific needs and challenges of those who work with Alaska Native youth. OJJDP expects the successful applicant to serve as the primary training and technical assistance provider for all OJJDP-funded tribal programs for youth in Alaska.

Statutory Authority

Department of Justice Appropriations Act, 2020, Pub. L. No. 116-93; 133 Stat. 2317, 2409.

Project-Specific Information

Alaska is home to 229 tribes of the 573 federally recognized tribes in the United States. Alaska Native youth face disproportionately high rates of juvenile delinquency, incarceration, substance abuse, suicide, and expulsion or dropout from school, among other challenges, and have very limited access to prevention and intervention services. To build capacity for Alaska Native youth, OJJDP will fund an eligible entity to provide training and technical assistance to reduce disparities in access, usage, and outcomes of prevention and limited intervention youth services.

Goals, Objectives, and Deliverables

The goal of this project is to provide training and technical assistance that supports Alaska Native youth.

The objectives of the project are:

- To provide tools and practical techniques for working across disciplines to facilitate information sharing, communication, and coordination of balanced approaches and data-driven strategies to address youth needs and promote an increase in protective factors to help prevent delinquency.
- To develop and provide culturally competent, community-driven, and data-driven technical assistance to assist communities in preventing and addressing issues related to delinquency.
- To facilitate peer-to-peer consultation and networking between villages and communities to promote problem solving and innovation through the exchange of information and ideas.

The successful applicant should demonstrate the ability to provide or subcontract training and technical assistance for tribal youth-specific programming, including efforts to create, expand, or strengthen tribally driven approaches along the juvenile justice continuum that can range from prevention to intervention and treatment. The successful applicant should also be able to deliver training and technical assistance focused on the following areas: strategic planning and program design, improvement or establishment of data collection systems, partnership development, and sustainability planning.

In addition, the successful applicant should demonstrate their knowledge and experience in identifying experts to build local capacity for the development and implementation of local strategic plans that use multidisciplinary partnerships, balanced approaches, and data-driven strategies; providing logistics to support training and technical assistance activities; developing and disseminating training materials; and conducting evaluations of training.

OJJDP training and technical assistance awardee standards. OJJDP has developed the Core Performance Standards for Training, Technical Assistance, and Evaluation to promote among providers the consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training. Award recipients must coordinate with OJJDP's National Training and Technical Assistance Center (NTTAC) in the assessment and delivery of services to ensure the effective use of OJJDP grant funding.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with OJJDP NTTAC by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these protocols at any time with reasonable notice to the grantee prior to project completion.
- **OJJDP-funded webinars.** The award recipient must comply with OJJDP's Webinar Guidelines, as described in the core performance standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP NTTAC in advance of all events for the online calendar, use the approved OJJDP presentation template, and record events and provide the final files which are compliant with Section 508 of the Workforce Rehabilitation Act to OJJDP or OJJDP's representative. For more information on Section 508 of the Workforce Rehabilitation Act, visit <https://www.section508.gov/>.
- **Training information sharing.** OJP will collect information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP's standard electronic training request form, submit information to NTTAC on all training events (e.g., name of requestor, description of request, dates of event) 30 days in advance of the event date, and report additional data, as OJJDP requires.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under [What an Application Should Include](#).

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

Applicants should note that OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section titled “Information Regarding Potential Evaluation of Programs and Activities.”

B. Federal Award Information

OJJDP may, in certain cases, provide additional funding in future years to awards made under this solicitation, through continuation awards. All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

Type of Award

OJJDP expects to make awards under this solicitation as cooperative agreements, which provide for OJP to have substantial involvement in carrying out award activities. C. Eligibility Information

For eligibility information, see the title page.

For information on cost sharing or match requirements, see [Cost Sharing or Match Requirement](#).

D. Application and Submission Information

This solicitation expressly modifies the OJP Grant Application Resource Guide by not incorporating the “Disclosure of Process Related to Executive Compensation” provisions in the “Application Attachments” section of the [OJP Grant Application Resource Guide](#).

What an Application Should Include

The following application elements MUST be included in the application submission for an application to meet the basic minimum requirements (BMR) to advance to peer review and receive consideration for funding: Program Narrative, Budget Detail Worksheet, and Budget Narrative.

See the “Application Elements and Formatting Instructions” section of the [OJP Grant Application Resource Guide](#) for information on what happens to an application that does not contain all of the specified elements or that is nonresponsive to the scope of the solicitation.

1. Application for Federal Assistance (Standard Form (SF)-424)

The SF-424 is a required standard form used as a cover sheet for submission of preapplications, applications, and related information. See the [OJP Grant Application Resource Guide](#) for additional information on completing the SF-424.

Intergovernmental Review: This solicitation (“funding opportunity”) **is not** subject to [Executive Order 12372](#). (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the “Program is not covered by E.O. 12372.”)

2. Project Abstract

Applications should include a project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- Written for a general public audience.
- Submitted as a separate attachment with “Project Abstract” as part of its file name.
- Single-spaced, using a standard 12-point Times New Roman font with 1-inch margins.

The abstract should briefly describe the project's purpose, the population to be served, and the activities that the applicant will implement to achieve the project's goals and objectives. The abstract should describe how the applicant will measure progress toward these goals. The abstract should indicate whether the applicant will use any portion of the project budget to conduct research, as described in Note on Project Evaluations on page 10. All project abstracts should follow the detailed template available at www.ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf.

As a separate attachment, the project abstract will not count against the page limit for the program narrative.

3. Program Narrative

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point Times New Roman font. Pages should be numbered "1 of 30," etc. The tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced and will count in the 30-page limit. Material required under the Budget and Budget Narrative and Additional Attachments sections will not count toward the program narrative page count. Applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length-related restrictions, OJJDP may negatively consider such noncompliance in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) description of the issue, (2) project design and implementation, (3) capabilities and competencies, and (4) plan for collecting the data required for this solicitation's performance measures. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program's structure and activities will accomplish the goals and objectives identified in the previous section.

The following sections should be included as part of the program narrative:

- a. **Description of the Issue.** Applicants should briefly describe the nature and scope of the problem that the program will address. The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and/or a citation. Applicants should describe the target population and any previous or current attempts to address the problem.

Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

- b. **Project Design and Implementation.** Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section on page 4. OJJDP encourages applicants to select evidence-based practices for their programs.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” [here](#)).

Applicants should submit the timeline as a separate attachment, as stipulated in Additional Attachments, page 10. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

- c. **Capabilities and Competencies.** This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program’s organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.
- d. **Plan for Collecting the Data Required for This Solicitation’s Performance Measures.** OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under "[Goals, Objectives, and Deliverables](#)."

Applicants should visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

Award recipients will be required to provide the relevant data by submitting semi-annual performance metrics through OJJDP’s online Performance Measurement Tool (PMT), located at <https://ojpsso.ojp.gov/>. Applicants should review the complete list of performance measures for this solicitation here: [Training and Technical Assistance Providers Performance Measures Grid](#).

The application should demonstrate the applicant's understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

Please note that applicants are not required to submit performance data with the application. Performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.
