A. Program Description

Overview
Pursuant to 34 U.S.C. 10611 et seq., the OJJDP Family Drug Court Program seeks to build the capacity of state and local courts, units of local government, and federally recognized tribal governments to enhance existing family drug courts or implement statewide or countywide family drug court practices that increase collaboration with substance abuse treatment and child welfare systems to ensure the provision of treatment and other services for families that improve child, parent, and family outcomes.

Program-Specific Information
Family drug courts serve parents who require treatment for a substance use disorder and who are involved with the child welfare system as a result of child abuse, neglect, or other parenting issues. Family drug courts provide intensive judicial monitoring and interventions using a multidisciplinary approach to treat parents’ substance use and/or co-occurring mental health disorders.

OJJDP expects family drug court applicants to provide services that address the needs of the entire family, including direct services to children of parents served in this program. Proposals must specifically include the provision of treatment and services that address opioid, stimulant, and substance abuse reduction. Successful applicants must propose an evaluation plan to monitor program performance and build overall capacity. Applicants must specify plans for obtaining necessary support and continuing the proposed program following the conclusion of federal support.

Per 34 U.S.C. 10612, any court that receives funds under this program may not permit participation by violent offenders. For the purposes of this solicitation, violent offender means a person who (1) is charged with or convicted of an offense that is punishable by a term of imprisonment exceeding 1 year, during the course of which offense or conduct (a) the person carried, possessed, or used a firearm or dangerous weapon, (b) there occurred the death of or serious bodily injury to any person, or (c) there occurred the use of force against another person, without regard to whether any of the circumstances described above (at (a) or (b)) is an element of the offense or conduct of which or for which the person is charged or convicted; or a person who (2) has one or more prior convictions for a felony crime of violence involving the use or attempted use of force against a person with the intent to cause death or serious bodily harm. (See 34 U.S.C. 10613(a).) Violent offender also includes a juvenile who has been convicted of or adjudicated delinquent for a felony-level offense that (1) has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or the possession or use of a firearm or (2) by its nature involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense. (See 34 U.S.C. 10613(b).) Funding will be immediately suspended if DOJ determines that violent offenders are participating in any program funded under this solicitation.
Family drug courts must meet the requirements of 34 U.S.C. 10611(a). The requirements include:

1. Continuing judicial supervision over individuals under the jurisdiction of the court with substance abuse problems, including co-occurring substance abuse and mental health problems, who are not violent offenders.

2. The integrated administration of other sanctions and services, which shall include:
   - Mandatory periodic testing for the use of controlled substances or other addictive substances during any period of supervised release or probation for each participant.
   - Substance abuse treatment for each participant.
   - Diversion, probation, or other supervised release involving the possibility of prosecution, confinement, or incarceration based on noncompliance with program requirements or failure to show satisfactory progress.
   - Offender management and aftercare services such as relapse prevention, healthcare, education, vocational training, job placement, housing placement, and child care or other family support services for each participant who requires such services.
   - Payment, in whole or in part, by the offender for treatment costs, to the extent practicable, such as costs for urinalysis or counseling.
   - Payment, in whole or in part, by the offender, of restitution, to the extent practicable, to either a victim of the offender’s offense or to a restitution or similar victim support fund.

Although the Drug Court Discretionary Grant Program authorizing statute requires participant payments for treatment and restitution (see above), it does not allow imposing a fee on a client at a level that would interfere with the client’s rehabilitation. Applicants should include in their application provisions for determining if these costs would interfere with a client’s rehabilitation or graduation.

Consistent with the authorizing statute, 34 U.S.C. 10611(c), family drug court programs must require mandatory periodic drug testing that is accurate and practicable. Each participant must be tested for every controlled substance that the participant has been known to abuse and for any that the court may require. The courts must impose graduated sanctions that increase punitive measures, therapeutic measures, or both whenever a participant fails a drug test. Such sanctions and measures may include but are not limited to one or more of the following:

- Incarceration.
- Detoxification treatment.
- Residential treatment.
- Increased time in the program.
- Termination from the program.
- Increased drug screening requirements.
- Increased court appearances.
- Increased counseling.
- Increased supervision.
- Electronic monitoring.
- In-home restriction.
- Community service.
- Family counseling.
- Anger management classes.

Furthermore, family drug courts must also meet the requirements of 34 U.S.C. 10611(d). The requirements include:
1. Provide a long-term strategy and detailed implementation plan that shall provide for the consultation and coordination with appropriate state and local prosecutors, particularly when program participants fail to comply with program requirements.
2. Explain the inability to fund the program adequately without federal assistance.
3. Certify that the federal support provided will be used to supplement, and not supplant, state, Indian tribal, and local sources of funding that would otherwise be available.
4. Identify related governmental or community initiatives that complement or will be coordinated with the proposal.

Goals, Objectives, and Deliverables
The goal of programs funded under the OJJDP Family Drug Court Program is to enhance existing family drug courts or implement statewide or countywide family drug court practices to more effectively intervene with parents, children, and families affected by a substance use and/or co-occurring mental health disorder who are involved in the child welfare system as a result of child abuse and neglect or other parenting issues.

The objective is to provide treatment and accountability to parents with substance use disorders by offering access to treatment and recovery services that will ultimately protect children; reunite families, when safe to do so; and expedite permanency. Programs must include the provision of treatment and recovery services to specifically address opioid, stimulant, and substance abuse reduction.

This solicitation offers three family drug court grant categories. Applicants must clearly designate the category for which they are applying.

Category 1: Enhancing Family Drug Courts. OJJDP-2020-17150. Programs funded under Category 1 are expected to expand parental substance use disorder (SUD) treatment services in existing family drug courts, including screening, assessment, case management, recovery support services, and program coordination to family drug court participants. Successful applicants will be expected to provide a coordinated, multisystem approach that combines the oversight authority of family drug courts with evidence-based interventions that focus on parental SUD treatment and recovery, parenting, child and parent trauma, and parent-child relationships. Applicants must describe the population(s) for which the intervention(s) has been shown to be effective and demonstrate that the intervention(s) is appropriate for the population(s) targeted (see CrimeSolutions.gov).

Category 2: Serving Veterans Through Family Drug Courts. OJJDP-2020-17151. Programs funded under Category 2 have a narrower focus—to provide treatment and accountability to veteran parents with substance use disorders by offering access to recovery services. Applicants are expected to enhance existing family drug court practice to identify, assess, and refer veterans and veteran family members entering the family drug court, or when initially referred to child welfare, to family-centered treatment and recovery support services that reflect military competence. Successful applicants will coordinate services for the veteran and veteran family members from partner agencies, including trauma-informed care specific to veteran populations. Funding under this category is restricted to veteran or military service members; therefore, proposals must clearly detail how funds will solely serve this target population.

Category 3: State and County Family Drug Courts Expansion. OJJDP-2020-17152. OJJDP will support states and counties to enhance and/or expand family drug court treatment and recovery practices at the larger state and county levels to more effectively serve families.
affected by opioid, stimulant, and other substance use disorders. States and counties will increase access to and/or availability of substance use disorder treatment and recovery services across their state or county and develop and implement practices and policies that strengthen existing family drug courts, child welfare, substance use disorder treatment service systems, and community-based organizations that serve and support children and families. This will be achieved through strengthened cross-systems collaboration; expansion of family drug court practices into the larger state or county child welfare, substance use disorder treatment, and court systems; and increasing the scale and scope of services provided by family drug courts across the state or county.

Selected applicants are expected to (1) complete a needs assessment to assess state or county capacity to implement family drug court best practices and principles in wider state or county systems, as well as identify strengths and gaps in current knowledge and practices; (2) implement proposed enhancements over 3 years with a clear plan of action that also addresses any needs identified in the self-assessment; and (3) develop and/or strengthen state- and local-level information-sharing, evaluation, and performance monitoring capacity to track client progress and cost savings across systems/agencies.

All Categories: The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under What an Application Should Include.

OJP Priority Areas
In FY 2020, OJP is supporting the priority areas identified below. Applications proposing activities in the following areas will be given priority consideration:

To receive priority consideration under the Qualified Opportunity Zones priority, applicants must include information that specifies how the project will enhance public safety in the specified QOZs. For resources on QOZs, and for a current list of designated QOZs, see the U.S. Department of the Treasury’s resource webpage, accessible at https://www.cdfifund.gov/pages/opportunity-zones.aspx.

Evidence-Based Programs or Practices
OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the OJP Grant Application Resource Guide.
Information Regarding Potential Evaluation of Programs and Activities
Applicants should note that OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the OJP Grant Application Resource Guide section titled “Information Regarding Potential Evaluation of Programs and Activities.”

3. Program Narrative

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point Times New Roman font. Pages should be numbered “1 of 30,” etc. The tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced and will count in the 30-page limit. Material required under the Budget and Budget Narrative and Additional Attachments sections will not count toward the program narrative page count. Applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length-related restrictions, OJJDP may negatively consider such noncompliance in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) description of the issue, (2) project design and implementation, (3) capabilities and competencies, and (4) plan for collecting the data required for this solicitation’s performance measures. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and/or a citation. Applicants should describe the target population and any previous or current attempts to address the problem.

Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and
Deliverables section on page 7. OJJDP encourages applicants to select evidence-based practices for their programs.

**Categories 1 and 2.** Applicants are expected to address each of the eight key components of a family drug court: (1) collaborative planning; (2) eligibility, engagement, and screening; (3) assessment, service delivery, and case management; (4) program design and duration; (5) continuing judicial supervision; (6) mandatory drug testing and monitoring; (7) staff training; and (8) management information systems and evaluation.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

**Timeline.** Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” here).

Applicants should submit the timeline as a separate attachment, as stipulated in Additional Attachments, page 14. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

c. **Capabilities and Competencies.** This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program’s organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

**Letters of Support and/or Memoranda of Understanding.** Under Category 3, applicants are required to partner with the state or county child welfare agency and state or county substance abuse treatment agency, and must include with the application letters of intent formalizing these partnerships that include the following:

- Expression of support for the program and a statement of willingness to participate and collaborate with it.
- Description of the partner’s current role and responsibilities in the planning process and expected responsibilities when the program is operational.
- Estimate of the percentage of time that the partner will devote to the planning and operation of the project.
Letters of support may be addressed to the OJJDP Administrator. Only letters of support that are submitted by the due date and with the full application will be considered during the review process.

d. **Plan for Collecting the Data Required for This Solicitation’s Performance Measures.** OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables."

Applicants should visit OJP’s performance measurement page at [www.ojp.gov/performance](http://www.ojp.gov/performance) for an overview of performance measurement activities at OJP.

Award recipients will be required to provide the relevant data by submitting semi-annual performance metrics through OJJDP’s online Performance Measurement Tool (PMT), located at [https://ojppso.ojp.gov/](https://ojppso.ojp.gov/). Applicants should review the complete list of performance measures for this solicitation on OJJDP’s Family Drug Court Program Performance Measures Grid for category 1 and 2. For category 3 (State and County Family Drug Court Expansion) review the list [here](#).

The application should demonstrate the applicant’s understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

Please note that applicants are **not** required to submit performance data with the application. Performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

**Note on Project Evaluations**
An applicant that proposes to use award funds through this solicitation to conduct project evaluations should follow the guidance under Note on Project Evaluations in the OJP Grant Application Resource Guide.

Grantees must plan to send a minimum of four people (including the project director, family drug court judge/judicial officer, child welfare representative, and treatment representative). For budgetary purposes, assume that the meetings will be in the Washington, DC, area. Each meeting will be for a minimum of 2.5 days. Attendance is mandatory.
5. **Indirect Cost Rate Agreement**

Each applicant proposing a project it anticipates will likely enhance public safety in one or more

³ A “DOJ High Risk Grantee” is a recipient that has received a DOJ High Risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, or noncompliance with award terms and conditions on prior awards, or that is otherwise not responsible.
QOZs should provide a sufficient narrative explanation in order for OJP to identify clearly the public safety benefit the applicant anticipates that its project will have on a specified QOZ(s). The narrative and the list of impacted QOZs (by census track number) must be included as an attachment that is clearly labeled as addressing QOZs. The applicant may also include tables, charts, graphs, or other relevant illustrations that may be useful for explaining the manner in which the proposed project is anticipated to benefit a QOZ(s).

c. Timeline or milestone chart (see page 12).

d. Résumés of all key personnel.

e. Job descriptions outlining roles and responsibilities for all key positions.

f. Letters of support and/or memoranda of understanding. Under Category 3, applicants are required to partner with the state or county child welfare agency and state or county substance use treatment agency, and must include with the application, letters of intent formalizing these partnerships.

E. Application Review Information

Review Criteria
Applications that meet basic minimum requirements will be evaluated by peer reviewers using the following review criteria.

1. Description of the Issue (10%)
2. Project Design and Implementation (45%)
3. Capabilities and Competencies (25%)
4. Plan for Collecting the Data Required for This Solicitation’s Performance Measures (10%)
5. **Budget (10%)**: complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should demonstrate generally how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project. Federal funds awarded under this solicitation may not cover more than 75 percent of the total costs of the project. An applicant must identify the source of the 25 percent nonfederal portion of the total project costs and how it will use match funds.

See What an Application Should Include, page 10, for the criteria that the peer reviewers will use to evaluate applications.

**Review Process**

OJP is committed to ensuring a fair and open process for making awards. OJJDP reviews the application to make sure that the information presented is reasonable, understandable, measurable, achievable, and consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether an application meets basic minimum requirements and should proceed to further consideration, OJP screens applications for compliance with those requirements. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

For a list of the application elements that MUST be included in the application submission in order for an application to meet the basic minimum requirements, see “What an Application Should Include” under Section D. Application and Submission Information.

Peer review panels will evaluate, score, and rate applications that meet basic minimum requirements. OJJDP may use internal peer reviewers, external peer reviewers, or a combination, to assess applications on technical merit using the solicitation’s review criteria. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. Peer reviewers’ ratings and any resulting recommendations are advisory only, but are considered carefully.

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, addressing public safety challenges that rural communities face and/or demonstrable potential enhancement to public safety in one or more federally designated Qualified Opportunity Zones), available funding, and the extent to which the Budget Detail Worksheet and Budget Narrative accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

---

4 Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.
Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in the System for Award Management (SAM) as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important note on FAPIIS:** An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
