A. Program Description

Overview
The AMBER Alert program is a partnership of law enforcement, broadcasters and media, transportation agencies, emergency management agencies, telecommunications/call centers, other public safety agencies, and child protection organizations and professionals dedicated to recovering endangered, missing, and abducted children. The National AMBER Alert Training and Technical Assistance Program serves to increase the nation’s capacity to respond to incidents of endangered, missing, and abducted children.

Program-Specific Information
This program provides training and technical assistance (TTA) to: enhance the national AMBER Alert network; increase and improve law enforcement response to missing, endangered, and abducted children; increase the recovery rate of abducted children; strengthen child alert systems along the nation’s northern and southern borders to better protect American children abducted to or through foreign countries; enhance or expand the integration of tribal AMBER Alert systems into state AMBER Alert systems; create greater community capacity in understanding broader issues related to exploitation and abuse of children; and enhance public participation in the recovery of missing, endangered, and abducted children.

The successful applicant will be required to work closely with OJJDP; the National Center for Missing & Exploited Children (NCMEC); the International Centre for Missing & Exploited Children (ICMEC); and appropriate agencies, organizations, and professionals to provide TTA to law enforcement agencies, AMBER Alert coordinators, state missing child clearinghouses, child protection professionals, broadcasters, and others concerned with child abduction and victimization.

Goals, Objectives, and Deliverables
The goal of this program is to design, develop, and implement TTA to support the AMBER Alert network. Applicants must propose approaches that deliver effective, cost-efficient training through a combination of traditional classroom instruction and distance and online learning technologies.

The proposed TTA strategy must include dedicated funding to accomplish the following:

- Increase capacity within American Indian/Alaska Native communities to respond to incidents of endangered, missing, and abducted children cases and to increase the number of AMBER Alert plans developed with tribal nations.

- Develop or enhance integration of tribal AMBER Alert systems into state AMBER Alert systems as well as the integration of state or regional AMBER Alert communication plans
with Indian tribes. (Note: Please ensure that the budget reflects a plan for the use of $1,000,000 for programs and activities to support this integration of AMBER Alert communications plans consistent with the Ashlynne Mike AMBER Alert in Indian Country Act of 2018.)

- Deliver TTA to AMBER Alert coordinators, state and tribal missing child clearinghouse managers, law enforcement agencies, public safety and other child protection organizations, and multidisciplinary professionals (including but not limited to social workers, law enforcement, and teachers).

- Increase the number of communities meeting Child Abduction Response Team certification and recertification.

- Plan for a national AMBER Alert symposium that will include specific curriculum tracks aimed at entities implementing AMBER Alert programs in Indian country and state Ashanti Alert systems.

- Propose process improvements for the substantive review of state AMBER Alert plans. Reviews will be conducted in concert with NCMEC and OJJDP. The successful grantee will provide an annual report to OJJDP on the review of state AMBER Alert plans.

- Provide other technical support, determined in consultation with OJJDP, in developing a training mission; conduct planning meetings and training events with NCMEC and the International Centre for Missing & Exploited Children; coordinate special meetings of grantees/practitioners; and develop special reports, brochures, best practices papers, etc., to be disseminated at OJJDP’s discretion.

- Provide a mechanism to evaluate and assess measurable outcomes (i.e., long-term knowledge retention) of TTA activities, including pre- and post-event assessment and a 6-month post-event assessment of retained knowledge and skills.

- Contribute content for the OJJDP website to effectively disseminate and communicate TTA services and products, as OJJDP deems suitable.

**OJJDP training and technical assistance awardee standards.** OJJDP has developed the Core Performance Standards for Training, Technical Assistance, and Evaluation to promote among providers the consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training. Award recipients must coordinate with OJJDP’s National Training and Technical Assistance Center (NTTAC) in the assessment and delivery of services to ensure the effective use of OJJDP grant funding.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with OJJDP NTTAC by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these protocols at any time with reasonable notice to the grantee prior to project completion.
• **OJJDP-funded webinars.** The award recipient must comply with OJJDP’s Webinar Guidelines, as described in the core performance standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP NTTAC in advance of all events for the online calendar, use the approved OJJDP presentation template, and record events and provide the final files which are compliant with Section 508 of the Workforce Rehabilitation Act to OJJDP or OJJDP’s representative. For more information on Section 508 of the Workforce Rehabilitation Act, visit https://section508.gov/.

• **Training information sharing.** OJP will collect information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP’s standard electronic training request form, submit information to NTTAC on all training events (e.g., name of requestor, description of request, dates of event) 30 days in advance of the event date, and report additional data, as OJJDP requires.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under [What an Application Should Include](#).

**Evidence-Based Programs or Practices**
OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

**Information Regarding Potential Evaluation of Programs and Activities**
Applicants should note that OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section titled “Information Regarding Potential Evaluation of Programs and Activities.”

**B. Federal Award Information**

Maximum number of awards OJJDP expects to make: Up to 1 award

Estimated maximum dollar amount for each award: Up to $4.4 million

Total amount anticipated to be awarded under solicitation: $4.4 million

Period of performance duration: 12 months

OJJDP may, in certain cases, provide additional funding in FYs 2021 and 2022 to awards made under this solicitation. OJJDP will consider, among other factors, OJP’s strategic priorities, a recipient’s overall management of the award, and progress of award funded work when making continuation award decisions.

Under this solicitation, only one application by any particular applicant entity will be considered. An entity may, however, be proposed as a subrecipient (subgrantee) in more than one application.
All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

**Type of Award**
OJJDP expects to make awards under this solicitation as cooperative agreements, which provides for OJP to have substantial involvement in carrying out award activities. ---

2 The "Part 200 Uniform Requirements" means the DOJ regulation at 2 C.F.R Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200.
1. **Application for Federal Assistance (Standard Form (SF)-424)**

The SF-424 is a required standard form used as a cover sheet for submission of preapplications, applications, and related information. See the OJP Grant Application Resource Guide for additional information on completing the SF-424.

**Intergovernmental Review:** This solicitation ("funding opportunity") is not subject to Executive Order 12372. (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the “Program is not covered by E.O. 12372.”)

2. **Project Abstract**

Applications should include a project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- Written for a general public audience.
- Submitted as a separate attachment with “Project Abstract” as part of its file name.
- Single-spaced, using a standard 12-point Times New Roman font with 1-inch margins.

The abstract should briefly describe the project’s purpose, the population to be served, and the activities that the applicant will implement to achieve the project’s goals and objectives. The abstract should describe how the applicant will measure progress toward these goals. The abstract should indicate whether the applicant will use any portion of the project budget to conduct research, as described in Note on Project Evaluations on page 10. All project abstracts should follow the detailed template available at [www.ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf](http://www.ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf).

As a separate attachment, the project abstract will not count against the page limit for the program narrative.

3. **Program Narrative**

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point Times New Roman font. Pages should be numbered “1 of 30,” etc. The tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced and will count in the 30-page limit. Material required under the Budget and Budget Narrative and Additional Attachments sections will not count toward the program narrative page count. Applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length-related restrictions, OJJDP may negatively consider such noncompliance in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) statement of the problem, (2) program design and implementation, (3) capabilities and competencies, and (4) plan for collecting the data required for this solicitation’s performance measures. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how
the program’s structure and activities will accomplish the goals and objectives identified in the previous section.

The following sections should be included as part of the program narrative:

a. **Statement of the Problem.** Applicants should briefly describe the nature and scope of the problem that the program will address (i.e., law enforcement and community response to missing, abducted, and exploited children in support of the national AMBER Alert communication system). The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and/or a citation. Applicants should describe the target population and any previous or current attempts to address the problem.

Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

b. **Project Design and Implementation.** Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section on page 4. OJJDP encourages applicants to select evidence-based practices for their programs.

**Timeline.** Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” here).

Applicants should submit the timeline as a separate attachment, as stipulated in Additional Attachments, page 11. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

c. **Capabilities and Competencies.** This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program’s organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.
Plan for Collecting the Data Required for This Solicitation’s Performance Measures. OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under “Goals, Objectives, and Deliverables.”

Applicants should visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

Award recipients will be required to provide the relevant data by submitting semi-annual performance metrics through OJJDP’s online Performance Measurement Tool (PMT), located at https://ojpssso.ojp.gov/. Applicants should review the complete list of performance measures for this solicitation here: Training and Technical Assistance Providers Performance Measures Grid.

The application should demonstrate the applicant’s understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

Please note that applicants are not required to submit performance data with the application. Performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

Note on Project Evaluations
An applicant that proposes to use award funds through this solicitation to conduct project evaluations should follow the guidance under Note on Project Evaluations in the OJP Grant Application Resource Guide.

Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project.4

Review Process

OJP is committed to ensuring a fair and open process for making awards. OJJDP reviews the application to make sure that the information presented is reasonable, understandable, measurable, achievable, and consistent with the solicitation. See the OJP Grant Application Resource Guide for information on the application review process for this solicitation.

---

4 Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.
In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through the System for Award Management (SAM) (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important note on FAPIIS:** An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.

**F. Federal Award Administration Information**

Please see the [OJP Grant Application Resource Guide](#) for information on the following:

**Federal Award Notices**

**Administrative, National Policy, and Other Legal Requirements**

OJP strongly encourages prospective applicants to review information on post-award legal requirements and common OJP award conditions prior to submitting an application.

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations (including applicable requirements referred to in the assurances and certifications executed in connection with award acceptance).

For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [OJP Grant Application Resource Guide](#).

**Information Technology (IT) Security Clauses**

**General Information About Post-Federal Award Reporting Requirements**

In addition to the deliverables described in [Goals, Objectives and Deliverables](#), any recipient of an award under this solicitation will be required to submit certain reports and data.

**Required reports.** Recipients typically must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent. (In appropriate cases, OJP may require additional reports.)
