OJJDP FY 2020 Juvenile Justice and Mental Health Collaboration Program

CFDA #16.745

A. Program Description

Overview

The Juvenile Justice and Mental Health Collaboration Program (JJMHCP) supports cross-system collaboration to improve responses and outcomes for youth with mental illness (MI) or co-occurring MI and substance abuse (CMISA) who come into contact with the juvenile justice system. This program supports public safety efforts through partnerships with juvenile justice, mental health and substance abuse agencies to enhance responses to justice-involved youth with MI and CMISA.

Statutory Authority: This program is authorized at 34 USC 10651(b).

Program-Specific Information

The JJMHCP supports proposals to develop and implement a cross-system collaborative approach to improve responses and outcomes for youth with MI and CMISA who come into contact with the juvenile justice system.

Per the authorizing statute, grants awarded under this program shall be used to create or expand:

- Mental health courts or other court-based programs serving youth.
- Programs that offer specialized training to officers, employees of a juvenile justice agency, and mental health personnel in order to better respond to youth with MI or CMISA.
- Programs that support the collaborative efforts of juvenile justice and mental health agencies to promote public safety by offering mental health treatment services and, where appropriate, substance abuse treatment services, for youth with MI or CMISA.
- Programs that support intergovernmental cooperation between state and local governments to address enhanced support to youth with MI or CMISA.

Goals, Objectives, and Deliverables

The goal of this program is to increase public safety by facilitating cross-system collaboration among juvenile justice, mental health, and substance abuse agencies to improve responses and outcomes for justice-involved youth with MI and CMISA.

This program requires a two-phase process consisting of planning and implementation activities, during which grantees will develop a coordinated approach to implementing or enhancing services for justice-involved youth with MI and CMISA. Applicants must submit one application that details the proposed activities for a Planning Phase and an Implementation Phase.

The Planning Phase will be for a period of up to 4-6 months. The Implementation Phase will begin once the grantee has met the requirements of the Planning Phase and will continue for the remaining time on the grant. Applicants must demonstrate that at least one juvenile justice agency and one mental health agency will participate in the administration of the program.

Phase 1: Planning

OJJDP will allow 4 to 6 months for a Planning Phase to begin after the grantee receives OJP budget approval. Up to \$50,000 of grant funds may be used to support the Planning Phase. Applicants should identify in their application specific planning activities that support the implementation of their proposed program.

In order for a grantee to access Phase 2: Implementation funding, grantees will be required to work with OJJDP to demonstrate the completion of all proposed planning activities. Once a grantee is awarded funds, OJJDP will guide them through the process and will also provide no-cost training and technical assistance to support this phase.

Phase 2: Implementation

Upon OJJDP's approval of the completion of Phase 1: Planning proposed activities, the grantee will be authorized to spend remaining grant funds on implementation activities. Grant funds may be used to support a combination of the areas detailed on page 5 or be concentrated on one specific area.

Applicants must describe the responsibilities of each participating agency during Phase 2: Implementation, including how the agency will use grant resources to provide supervision of justice-involved youth and jointly ensure that the provision of mental health treatment services and substance abuse services for youth with MI and CMISA are coordinated, which may range from consultation or collaboration to integration in a single setting or treatment model. Proposals from a unit of local government must document that a state mental health authority has provided comment and review.

Applicants must describe the population with MI or CMISA that will be targeted for the collaboration program. Applicants will be expected to develop guidelines to be used by personnel of a juvenile justice agency to identify eligible youth for the program.

Applicants must describe how the services listed below, if applicable to the proposed program, would be addressed per the authorizing statute:

- Ensure youth with MI or CMISA receive individualized, validated, needs-based assessments to determine, plan, and coordinate appropriate services.
- Develop plans for making treatment services available and accessible to youth with MI or CMISA at the time of their release from the juvenile justice system.
- Determine eligibility for federal benefits for youth with MI or CMISA involved in the juvenile justice system.
- Ensure youth with MI or CMISA have adequate supervision and access to effective and appropriate community-based mental health services.
- Make available other support services for youth with MI or CMISA to ensure successful reintegration into the community (such as housing, education, job placement, mentoring, and healthcare and benefits).
- Consider strategies, to the extent possible, to address developmental and learning disabilities and problems arising from a documented history of physical or sexual abuse.

In addition, applicants must ensure the following, if applicable to the proposed program, per the authorizing statute:

- Prompt access to defense counsel by justice-involved youth with mental illness who are facing charges that would trigger a constitutional right to counsel.
- Applicants proposing to implement a state plan must describe how the juvenile collaboration program relates to existing state juvenile justice and mental health plans and programs.
- Demonstrate, to the extent practicable, that preliminarily qualified justice-involved youth, families and advocates of justice-involved youth, and advocates for victims of crime were involved in developing the grant application.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under [What an Application Should Include](#).

Program-Specific Priority Areas

In FY 2020, and in addition to executing any OJP policy prioritization that may be applicable, priority consideration will be given to applications as follows:

- Promote effective strategies by law enforcement to identify and reduce risk of harm for youth with MI or CMSIA.
- Promote effective strategies for identification and treatment of juvenile-involved female youth with MI and CMSIA.
- Promote effective strategies to expand the use of mental health courts, including use of pretrial services and related treatment programs for justice-involved youth.
- Propose interventions that have been shown by empirical evidence to reduce recidivism.
- When appropriate, use validated assessment tools to target justice-involved youth with a moderate or high risk of recidivism and a need for treatment services.

To receive priority consideration under the above priorities, applicants must identify in the program narrative the program-specific priority area or areas the applicant is seeking priority consideration for by describing the issue the program-specific area will address and how the applicant will implement the program-specific area.

OJP Policy Priority Areas

In FY 2020, and in addition to executing any program-specific prioritization that may be applicable, OJP will give priority consideration to applications as follows:

- Applications from federally-recognized tribes.
- Applications that address specific challenges that rural communities face.
- Applications that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.
- Applications that offer enhancements to public safety in economically distressed communities (Qualified Opportunity Zones).

- Where the application is from a State or local government entity that operates at least one correctional facility (as defined at 34 U.S.C. 10251(a)(7)), applications that go to enhancing criminal justice and public safety by indicating agreement to comply with award conditions related to cooperation with federal law enforcement, as set forth in Appendix B.

To receive priority consideration under the rural priority, applicants must describe what makes the geographic service area rural (using U.S. Census or other appropriate government data; for assistance, applicants may wish to refer to <https://www.census.gov/programs-surveys/geography/guidance/geo-areas/urban-rural.html>), how isolated the area is from needed services, and how they will address specific challenges in rural communities.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent poverty counties. For purposes of this priority consideration, the term “high-poverty area” means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term “persistent poverty counties” means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saipe.html>).

To receive priority consideration under the Qualified Opportunity Zones priority, applicants must include information that specifies how the project will enhance public safety in the specified QOZs. For resources on QOZs, and for a current list of designated QOZs, see the U.S. Department of the Treasury’s resource webpage, accessible at <https://www.cdfifund.gov/pages/opportunity-zones.aspx>.

To receive priority consideration for enhancing criminal justice and public safety by agreeing to comply with award conditions related to cooperation with federal law enforcement, applicants must sign and submit the certification provided in Appendix B.

OJP Policy priority consideration will consist of receiving additional points in the application scoring process. Receipt of priority consideration does not guarantee that an application will be funded; nor will the failure to receive priority consideration necessarily mean that an application will not be funded.

Applicants are required to submit a joint application, documenting that at least one juvenile justice agency (which can include a mental health court) and one mental health agency will participate in the administration of the collaboration program. Applications must include signed and dated letters of support, letters of intent, or memoranda of understanding for all key partners that include the following:

- Expression of support for the program and a statement of willingness to participate and collaborate with it.
- Description of the partner’s current role and responsibilities in the planning process and expected responsibilities when the program is operational.
- Estimate of the percentage of time that the partner will devote to the planning and operation of the project.

Letters of support may be addressed to the OJJDP Administrator. Only letters of support that are submitted by the due date and with the full application will be considered during the review process.

Budget narratives must demonstrate cost effectiveness in relation to potential alternatives and the goals of

the project.³ Federal funds awarded under this solicitation may not cover more than 80 percent of the total costs of the project for years 1 and 2, and 60 percent of the total costs of the project for project for year 3. An applicant must identify the source of the nonfederal portion of the total project costs and how it will use match funds. It is recommended that the budget clearly identify activities proposed in the Planning Phase and Implementation Phase.

Review Process

OJP is committed to ensuring a fair and open process for making awards. OJJDP reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

The following five paragraphs in this solicitation expressly modify the “Application Review Information” provisions in the OJP Grant Application Resource Guide. An applicant is to follow the guidance in these five paragraphs instead of the guidance stated under the “Application Review Information” heading in the Guide

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether an application meets basic minimum requirements and should proceed to further consideration, OJP screens applications for compliance with those requirements. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

For a list of the application elements that **MUST** be included in the application submission in order for an application to meet the basic minimum requirements, see “What an Application Should Include” under Section D. Application and Submission Information.

Peer review panels will evaluate, score, and rate applications that meet basic minimum requirements. OJJDP may use internal peer reviewers, external peer reviewers, or a combination, to assess applications on technical merit using the solicitation’s review criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. Peer reviewers’ ratings and any resulting recommendations are advisory only, although reviewer views are considered carefully.

Other important considerations for OJJDP include geographic diversity, strategic (programmatic and policy) priorities (specifically including, but not limited to, those mentioned above relating to addressing specific challenges that rural communities face, addressing specific challenges presented by poverty, demonstrable potential enhancement to public safety in one or more federally designated Qualified Opportunity Zones, and enhancing criminal justice and public safety through award conditions regarding cooperation with federal law enforcement), available funding, and the extent to which the Budget Detail Worksheet and Budget Narrative accurately

³ Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in the System for Award Management (SAM) as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.

Appendix B

Certification regarding Cooperation with Federal Law Enforcement

I am an authorized official of the State or local government applicant entity named below and I have the authority to make this certification on behalf of the applicant. I understand that the Department will rely upon this certification as a material representation in any decision regarding an award to the applicant. On behalf of the State or local government applicant named below, and in order to receive priority consideration for its application, I certify to the Office of Justice Programs ("OJP"), U.S. Department of Justice ("USDOJ"), the following:

1. The State or local government applicant entity named below operates at least one correctional facility (that is, operates at least one "*place for the confinement or rehabilitation of offenders or individuals charged with or convicted of criminal offenses*" (34 U.S.C. 10251(a)(7))).
2. The applicant agrees to comply with the following four award conditions (or conditions substantially to the same effect) if it is selected to receive an award made by OJP under this solicitation:

CONDITION 1: Noninterference (within the funded "program or activity") with federal law enforcement: Interrogation of certain aliens

SCOPE. This condition applies with respect to the "program or activity" that is funded (in whole or in part) by this award, as of the date the recipient accepts this award, and throughout the remainder of the period of performance for the award. Its provisions must be among those included in any subaward (at any tier).

1. Noninterference with statutory law enforcement access to correctional facilities

Consonant with federal law enforcement statutes and regulations -- including 8 U.S.C. 1357(a), under which certain federal officers and employees "have power without warrant ... to interrogate any alien or person believed to be an alien as to his right to be or to remain in the United States," and 8 C.F.R. 287.5(a), under which that power may be exercised "anywhere in or outside the United States" -- within the funded program or activity, no State or local government entity, -agency, or -official may interfere with the exercise of that power to interrogate "without warrant" (by agents of the United States acting under color of federal law) by impeding access to any State or local government (or government-contracted) correctional facility by such agents for the purpose of "interrogat[ing] any alien or person believed to be an alien as to his [or her] right to be or to remain in the United States."

2. Monitoring

The recipient's monitoring responsibilities include monitoring of subrecipient compliance with this condition.

3. Allowable costs

To the extent that such costs are not reimbursed under any other federal program, award funds may be obligated for the reasonable, necessary, and allocable costs (if any) of actions (e.g., training) designed to ensure compliance with this condition.

4. Rules of construction

A. For purposes of this condition:

(1) The term "alien" means what it means under section 101 of the Immigration and Nationality Act (INA) (see 8 U.S.C. 1101(a)(3)), except that, with respect to a juvenile offender, it means "criminal alien."

(2) The term "juvenile offender" means what it means under 28 C.F.R. 31.304(f) (as in effect on Jan. 1, 2020).

(3) The term "criminal alien" means, with respect to a juvenile offender, an alien who is deportable on the basis of—

(a) conviction described in section 237(a)(2) of the INA (see 8 U.S.C. 1227(a)(2)), or

(b) conduct described in section 237(a)(4) of the INA (see 8 U.S.C. 1227(a)(4)).

(4) The term "conviction" means what it means under section 101 of the INA (see 8 U.S.C. 1101(a)(48)). (Adjudication of a juvenile as having committed an offense does not constitute "conviction" for purposes of this condition.)

(5) The term "correctional facility" means what it means under the title I of the Omnibus Crime Control and Safe Streets Act of 1968 (see 34 U.S.C. 10251(a)(7)) as of January 1, 2020.

(6) The term "impede" includes taking or continuing any action, or implementing or maintaining any law, policy, rule, or practice, that—

(a) is designed to prevent or to significantly delay or complicate, or

(b) has the effect of preventing or of significantly delaying or complicating.

(7) "State" and "local government" include any agency or other entity thereof (including any public institution of higher education), but not any Indian tribe.

(8) A "public" institution of higher education is defined as one that is owned, controlled, or directly funded (in whole or in substantial part) by a State or local government. (Such a public institution is considered to be a "government entity," and its officials to be "government officials.")

(9) "Program or activity" means what it means under title VI of the Civil Rights Act of 1964 (see 42 U.S.C. 2000d-4a).

B. Nothing in this condition shall be understood to authorize or require any recipient, any subrecipient at any tier, any State or local government, any public institution of higher education, or any other entity (or individual) to violate any federal law, including any applicable civil rights or nondiscrimination law.

IMPORTANT NOTE: Any questions about the meaning or scope of this condition should be directed to OJP, before award acceptance.

CONDITION 2: No use of funds to interfere with federal law enforcement: Interrogation of certain aliens

SCOPE. This condition applies as of the date the recipient accepts this award, and throughout the remainder of the period of performance for the award. Its provisions must be among those included in any subaward (at any tier).

1. No use of funds to interfere with statutory law enforcement access to correctional facilities

Consonant with federal law enforcement statutes and regulations -- including 8 U.S.C. 1357(a), under which certain federal officers and employees "have power without warrant ... to interrogate any alien or person believed to be an alien as to his right to be or to remain in the United States," and 8 C.F.R. 287.5(a), under which that power may be exercised "anywhere in or outside the United States" -- no State or local government entity, -agency, or -official may use funds under this award to interfere with the exercise of that power to interrogate "without warrant" (by agents of the United States acting under color of federal law) by impeding access to any State or local government (or government-contracted) correctional facility by such agents for the purpose of "interrogat[ing] any alien or person believed to be an alien as to his [or her] right to be or to remain in the United States."

2. Monitoring

The recipient's monitoring responsibilities include monitoring of subrecipient compliance with this condition.

3. Allowable costs

To the extent that such costs are not reimbursed under any other federal program, award funds may be obligated for the reasonable, necessary, and allocable costs (if any) of actions (e.g., training) designed to ensure compliance with this condition.

4. Rules of construction

A. For purposes of this condition:

(1) The term "alien" means what it means under section 101 of the Immigration and Nationality Act (INA) (see 8 U.S.C. 1101(a)(3)), except that, with respect to a juvenile offender, it means "criminal alien."

(2) The term "juvenile offender" means what it means under 28 C.F.R. 31.304(f) (as in effect on Jan. 1, 2020).

(3) The term "criminal alien" means, with respect to a juvenile offender, an alien who is deportable on the basis of—

(a) conviction described in section 237(a)(2) of the INA (see 8 U.S.C. 1227(a)(2)), or

(b) conduct described in section 237(a)(4) of the INA (see 8 U.S.C. 1227(a)(4)).

(4) The term "conviction" means what it means under section 101 of the INA (see 8 U.S.C. 1101(a)(48)). (Adjudication of a juvenile as having committed an offense does not constitute "conviction" for purposes of this condition.)

(5) The term "correctional facility" means what it means under the title I of the Omnibus Crime Control and Safe Streets Act of 1968 (see 34 U.S.C. 10251(a)(7)).

(6) The term "impede" includes taking or continuing any action, or implementing or maintaining any law, policy, rule, or practice, that—

(a) is designed to prevent or to significantly delay or complicate, or

(b) has the effect of preventing or of significantly delaying or complicating.

(7) "State" and "local government" include any agency or other entity thereof (including any public institution of higher education), but not any Indian tribe.

(8) A "public" institution of higher education is defined as one that is owned, controlled, or directly funded (in whole or in substantial part) by a State or local government. (Such a public institution is considered to be a "government entity," and its officials to be "government officials.")

(9) "Program or activity" means what it means under title VI of the Civil Rights Act of 1964 (see 42 U.S.C. 2000d-4a).

B. Nothing in this condition shall be understood to authorize or require any recipient, any subrecipient at any tier, any State or local government, any public institution of higher education, or any other entity (or individual) to violate any federal law, including any applicable civil rights or nondiscrimination law.

IMPORTANT NOTE: Any questions about the meaning or scope of this condition should be directed to OJP, before award acceptance.

CONDITION 3: Noninterference (within the funded "program or activity") with federal law enforcement: Notice of scheduled release

SCOPE. This condition applies with respect to the "program or activity" that is funded (in whole or in part) by the award, as of the date the recipient accepts the award, and throughout the remainder of the period of performance. Its provisions must be among those included in any subaward at any tier.

1. Noninterference with "removal" process: Notice of scheduled release date and time

Consonant with federal law enforcement statutes -- including 8 U.S.C. 1231 (for an alien incarcerated by a State or local government, a 90-day "removal period" during which the federal government "shall" detain and then "shall" remove an alien from the U.S. "begins" no later than "the date the alien is released from ... confinement"; also, the federal government is expressly authorized to make payments to a "State or a political subdivision of the State ... with respect to the incarceration of [an] undocumented criminal alien"); 8 U.S.C. 1226 (the federal government "shall take into custody" certain criminal aliens "when the alien is released"); and 8 U.S.C. 1366 (requiring an annual report to Congress on "the number of illegal alien[felons] in Federal and State prisons" and programs underway "to ensure the prompt removal" from the U.S. of removable "criminal aliens") -- within the funded program or activity, no State or local government entity, -agency, or -official (including a government-contracted correctional facility) may interfere with the "removal" process by failing to provide -- as early as practicable (see para. 4.C. below) -- advance notice to DHS of the scheduled release date and time for a particular alien, if a State or local government (or government-contracted) correctional facility receives from DHS a formal written request pursuant to the INA that seeks such advance notice.

2. Monitoring

The recipient's monitoring responsibilities include monitoring of subrecipient compliance with this condition.

3. Allowable costs

To the extent that such costs are not reimbursed under any other federal program, award funds may be obligated for the reasonable, necessary, and allocable costs (if any) of actions (e.g., training) designed to ensure compliance with this condition.

4. Rules of construction

A. Nothing in this condition shall be understood to authorize or require any recipient, any subrecipient at any tier, any State or local government, or any other entity or individual to maintain (or detain) any individual in custody beyond the date and time the individual otherwise would have been released.

B. Applicability

(1) Current DHS practice is ordinarily to request advance notice of scheduled release "as early as practicable (at least 48 hours, if possible)." (See DHS Form I-247A (3/17)). If (e.g., in light of the date DHS made such request) the scheduled release date and time for an alien are such as not to allow for the advance notice that DHS has requested, it shall NOT be a violation of this condition to provide only as much advance notice as practicable.

(2) Current DHS practice is to use the same form for a second, distinct purpose -- to request that an individual be detained for up to 48 hours AFTER the scheduled release. This condition does NOT encompass such DHS requests for detention.

C. Both the "Rules of Construction" and the "Important Note" set out in the "Noninterference (within the funded "program or activity") with federal law enforcement: Interrogation of certain aliens" award condition are incorporated by reference as though set forth here in full.

CONDITION 4: No use of funds to interfere with federal law enforcement: Notice of scheduled release

SCOPE. This condition applies as of the date the recipient accepts the award, and throughout the remainder of the period of performance. Its provisions must be among those included in any subaward at any tier.

2. Monitoring

The recipient's monitoring responsibilities include monitoring of subrecipient compliance with this condition.

3. Allowable costs

To the extent that such costs are not reimbursed under any other federal program, award funds may be obligated for the reasonable, necessary, and allocable costs (if any) of actions (e.g., training) designed to ensure compliance with this condition.
