OJJDP FY 2020 Preventing Trafficking of Girls

CFDA #16.035

A. Program Description

Overview

This solicitation provides funding for organizations to support prevention and early intervention programs for girls who are at risk of or are victims of sex trafficking.

Statutory Authority

Department of Justice Appropriations Act, 2020, Pub. L. No. 116–93, 133 Stat. 2317, 2410.

Program-Specific Information

This program supports prevention and early intervention services, including mentoring and other direct support services, for girls who are at risk of or are victims of sex trafficking. Risk factors that make girls vulnerable to sex trafficking include a history of childhood sexual and physical abuse, witnessing domestic violence, involvement in the child welfare and juvenile justice systems, poverty, running away or being homeless, a lack of strong support networks (family, peers, community ties, etc.), school failure, and substance dependency.

Goals, Objectives, and Deliverables

The goal of this program is to prevent/reduce victimization of girls who are vulnerable to sex trafficking. The objectives and deliverables of this program include:

Category 1: Project Sites

- Replicate and scale-up prevention and early intervention programs (including mentoring programs) for girls who are at risk of or are victims of sex trafficking that have undergone rigorous evaluation and/or have a track record of success. Program models should include a plan to develop services and interventions for high-risk girls, including those with a history of trauma caused by physical and sexual abuse, commercial sexual exploitation, and domestic minor sex trafficking.
- Implement or enhance efforts to identify and provide services to girls who are at risk of or are victims of sexual exploitation or sex trafficking. This may include street outreach efforts, partnerships with organizations that serve the youth community, and/or collaboration with key stakeholders in the community.
- Participate in an annual peer-to-peer learning (cluster meeting) opportunity hosted by the OJJDP-funded training and technical assistance provider under Category 2 of this solicitation. (See Budget Information and Associated Documentation under Section D. Application and Submission Information for details).

OJJDP expects these programs to be based upon best practices, and they may include a variety of services (i.e., mentoring, educational, counseling, etc.). OJJDP expects successful applicants to work closely with the selected training and technical assistance provider.

Category 2: Training and Technical Assistance

This category will expand the skills of program providers and other stakeholders working to prevent trafficking of girls. This includes the development and provision of training and technical assistance to the OJJDP funded programs under Category 1 of this solicitation. Training can also be developed for non-OJJDP grantees working with girl victims of sex trafficking, including training for probation, detention center staff, law enforcement, judges and education professionals. The successful applicant is expected to develop and host an annual meeting for the grantees funded under Category 1 of this solicitation.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under [What an Application Should Include](#).

OJJDP training and technical assistance awardee standards. OJJDP has developed [Core Performance Standards for Training, Technical Assistance, and Evaluation](#) to promote consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training. Award recipients must coordinate with OJJDP's National Training and Technical Assistance Center (NTTAC) in the assessment and delivery of services to ensure the effective use of OJJDP grant funding.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with OJJDP NTTAC by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these protocols at any time with reasonable notice to the grantee prior to project completion.
- **OJJDP-funded webinars.** The award recipient must comply with OJJDP's Webinar Guidelines, as described in the core performance standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP NTTAC in advance of all events for the online calendar, use the approved OJJDP presentation template, and record events and provide the final files which are compliant with Section 508 of the Workforce Rehabilitation Act to OJJDP or OJJDP's representative. For more information on Section 508 of the Workforce Rehabilitation Act, visit <https://www.section.508.gov/>.

Training information sharing. OJP will collect information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP's standard electronic training request form, submit information to NTTAC on all training events (e.g., name of requestor, description of request, dates of event) 30 days in advance of the event date, and report additional data, as OJJDP requires.

OJP Priority Areas

In FY 2020, and in addition to executing any statutory prioritization that may be applicable, OJP will give priority consideration to applications as follows:

- Applications that address specific challenges that rural communities face.

- Applications that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.
- Applications that offer enhancements to public safety in economically distressed communities (Qualified Opportunity Zones (QOZs)).

To receive priority consideration under the rural priority, applicants must describe what makes the geographic service area rural (using U.S. Census or other appropriate government data; for assistance, applicants may refer to <https://www.census.gov/programs-surveys/geography/guidance/geo-areas/urban-rural.html>), how isolated the area is from needed services, and how they will address specific challenges in rural communities.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties. For purposes of this priority consideration, the term “high-poverty area” means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term “persistent-poverty counties” means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saie.html>).

To receive priority consideration under the QOZs priority, applicants must include information that specifies how the project will enhance public safety in the specified QOZs. For resources on QOZs, and for a current list of designated QOZs, see the U.S. Department of the Treasury’s resource webpage at <https://www.cdfifund.gov/pages/opportunity-zones.aspx>.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

Applicants should note that OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#).

See the “Application Elements and Formatting Instructions” section of the [OJP Grant Application Resource Guide](#) for information on what happens to an application that does not contain all of the specified elements or that is nonresponsive to the scope of the solicitation.

1. Application for Federal Assistance (Standard Form (SF)-424)

The SF-424 is a required standard form used as a cover sheet for submission of preapplications, applications, and related information. See the [OJP Grant Application Resource Guide](#) for additional information on completing the SF-424.

Intergovernmental Review: This solicitation (“funding opportunity”) is subject to [Executive Order 12372](#). An applicant may find the names and addresses of State Single Points of Contact (SPOCs) at the following website: https://www.whitehouse.gov/wp-content/uploads/2020/01/spoc_1_16_2020.pdf. If the applicant’s State appears on the SPOC list, the applicant must contact the State SPOC to find out about, and comply with, the State’s process under E.O. 12372. In completing the SF-424, an applicant whose State appears on the SPOC list is to make the appropriate selection in response to question 19, once the applicant has complied with its State E.O. 12372 process. (An applicant whose State does not appear on the SPOC list should answer question 19 by selecting the response that the: “Program is subject to E.O. 12372, but has not been selected by the State for review.”).

2. Project Abstract

Applications should include a project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be —

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point Times New Roman font. Material required under the Budget and Budget Narrative and Additional Attachments sections will not count toward the program narrative page count. Applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length restrictions, OJJDP may negatively consider such noncompliance in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) statement of the problem, (2) program design and implementation, (3) capabilities and competencies, and (4) plan for collecting the data required for this solicitation's performance measures. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program's structure and activities will accomplish the goals and objectives identified in the previous section.

The following sections should be included as part of the program narrative:

The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and/or a citation. Applicants should describe the target population and any previous or current attempts to address the problem.

Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP

expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

- b. **Project Design and Implementation.** Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section. OJJDP encourages applicants to select evidence-based practices for their programs.

Applicants under Category 2 should describe the types of technical assistance services they propose to provide and how that technical assistance would meet the needs identified in the statement of the problem. Applicants should demonstrate the cost effectiveness of their services and describe their experience providing training and technical assistance at the community and regional levels and in working to prevent trafficking of girls.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” [here](#)).

Applicants should submit the timeline as a separate attachment, as stipulated in Additional Attachments, page 13. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

- c. **Capabilities and Competencies.** This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program’s organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

Letters of Support/Memoranda of Understanding. If submitting a joint application, as described under Eligibility, page 1, applicants should provide signed and dated letters of support or memoranda of understanding for all key partners that include the following:

- Expression of support for the program and a statement of willingness to participate and collaborate with it.

- Description of the partner's current role and responsibilities in the planning process and expected responsibilities when the program is operational.
- Estimate of the percentage of time that the partner will devote to the planning and operation of the project.

Letters of support may be addressed to the OJJDP Administrator. Only letters of support that are submitted by the due date and with the full application will be considered during the review process.

- d. **Plan for Collecting the Data Required for This Solicitation's Performance Measures.** OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables."

Applicants should visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

Award recipients will be required to provide the relevant data by submitting semi-annual performance metrics through OJJDP's online Performance Measurement Tool (PMT), located at <https://ojpsso.ojp.gov/>. Applicants should review the complete list of performance measures for this solicitation here: [Discretionary Programs 2.0](#). Grantees will report data in the program category (Direct Service Prevention, Direct Service Intervention, and System Improvement) that fits their activities.

The application should demonstrate the applicant's understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

Please note that applicants are **not** required to submit performance data with the application. Performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations should follow the guidance under Note on Project Evaluations in the [OJP Grant Application Resource Guide](#).

Please see the [OJP Grant Application Resource Guide](#) for information on the following:

4. [Budget Information and Associated Documentation](#) in the Budget Preparation and Submission Information section.

Successful applicants under Category 1 are expected to participate in a 2-day peer learning collaborative meeting in the first year of the project and also in each subsequent year of the project, which they should include in their budget. Applicants should budget approximately \$2,000 per person (up to 3 people) to attend the meetings and record this as part of the travel line item in the budget. The Office of the Chief Financial Officer requires cost calculations for all line items in your budget, including this required travel. The cost breakdown should include airfare, per diem rate, lodging, number of travelers, number of days, etc. (for example, 3 people x airline ticket (\$500) = \$1,500, 3 people x 2 days per diem (\$76/day) = \$456, 2 people x lodging (\$251) x 2 nights = \$1,506). Use U.S. General Services Administration per diem rates.

An applicant is to follow the guidance in these five paragraphs instead of the guidance stated under the "Application Review Information" heading in the Guide.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether an application meets basic minimum requirements and should proceed to further consideration, OJP screens applications for compliance with those requirements. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

For a list of the application elements that **MUST** be included in the application submission in order for an application to meet the basic minimum requirements, see "What an Application Should Include" under Section D. Application and Submission Information.

Peer review panels will evaluate, score, and rate applications that meet basic minimum requirements. OJJDP may use internal peer reviewers, external peer reviewers, or a combination, to assess applications on technical merit using the solicitation's review criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. Peer reviewers' ratings and any resulting recommendations are advisory only, but are considered carefully.

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to addressing specific challenges that rural communities face, high-poverty areas or persistent-poverty counties, demonstrable potential enhancement to public safety in one or more federally designated QOZs), potential project sustainability factors such as voluntary committed cost sharing (or match), and available funding, as well as the extent to which the Budget Detail Worksheet and

⁴ Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

Budget Narrative accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in the System for Award Management (SAM) as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, the Assistant Attorney General will make all final award decisions and may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
