

Fiscal Year 2020 Addressing the Needs of Juvenile Prosecutors Program Performance Measures

The following pages outline performance measures for the **Fiscal Year 2020 Addressing the Needs of Juvenile Prosecutors Program** and list the data that grantees must report on to complete a Performance Data Report. The Office of Juvenile Justice and Delinquency Prevention’s (OJJDP) requires grantees to provide data for the performance measure in the column labeled “Data Grantee Reports.” Grantees enter their data in the Performance Measurement Tool (PMT), the OJJDP online system. The PMT automatically calculates simple statistics from the data entered, such as percentages and total amounts.

Grantees enter data in January and July of each calendar year and are responsible for creating their Performance Data Report. Grantees submit this report to OJJDP through the Grants Management System (GMS).

OJJDP groups performance measures for grantees performing similar grant-related activities, for example those who serve similar populations or who receive funding under the same program in the PMT under a shared program area. Grantees for this solicitation report their data under the Discretionary 2.0 Grant programs, “direct service intervention” subcategory. A full list of performance measures available in the Discretionary 2.0 Grant programs can be found at ojjdppmt.ojp.gov/help/Grids/PDF/DiscretionaryGrid2.0_508.pdf.

If you have questions about the PMT or performance measures, please call the **OJJDP PMT Helpdesk at 866-487-0512** or send an e-mail to: OJJDPMT@ojp.usdoj.gov.
