

Fiscal Year 2020 Prison Rape Elimination Act Reallocation (PREA) Funds Performance Measures

The following pages outline performance measures for the **Fiscal Year 2020 Prison Rape Elimination Act Reallocation Funds** and list the data that grantees must report on to complete a Performance Data Report. The Office of Juvenile Justice and Delinquency Prevention’s (OJJDP) requires grantees to provide data for the performance measure in the column labeled “Data Grantee Reports.” Grantees enter their data in the Performance Measurement Tool (PMT), the OJJDP online system. The PMT automatically calculates simple statistics from the data entered, such as percentages and total amounts.

Grantees enter data in January and July of each calendar year and are responsible for creating their Performance Data Report. Grantees submit this report to OJJDP through the Grants Management System (GMS).

OJJDP groups performance measures for grantees performing similar grant-related activities, for example those who serve similar populations or who receive funding under the same program in the PMT under a shared program area. Grantees for this solicitation report their data under the Discretionary 2.0 Grant programs, “systems improvement” subcategory. A full list of performance measures available in the Discretionary 2.0 Grant programs can be found at ojjdpmt.ojp.gov/help/Grids/PDF/DiscretionaryGrid2.0_508.pdf.

If you have questions about the PMT or performance measures, please call the **OJJDP PMT Helpdesk at 866-487-0512** or send an e-mail to: OJJDPMT@ojp.usdoj.gov.

Performance Measure	Definition	Data Grantee Reports	Record Data Here
Number of training requests received.	Number of training requests received during the reporting period. Requests can come from individuals or organizations served.	A. Number of training requests received during the reporting period.	
Number of technical assistance requests received.	Number of technical assistance requests received during the reporting period. Requests can come from individuals or organizations served.	A. Number of technical assistance requests received during the reporting period.	
Number of program materials developed.	Number of program materials developed during the reporting period. Include only substantive materials such as program overviews, client workbooks, and lists of local service providers.	A. Number of program materials developed during the reporting period.

	Program records are the preferred data source.		
Number of program policies changed, improved, or rescinded.	Number of cross-program or agency policies or procedures changed, improved, or rescinded during the reporting period. A policy is a plan or specific course of action that guides the general goals and directives of programs and/or agencies. Include policies that are relevant to the topic area of the program or that affect program operations. Program records are the preferred data source.	A. Number of program policies changed during the reporting period. B. Number of program policies rescinded during the reporting period.	
Percent of people exhibiting an increased knowledge of the program area.	Number of people who exhibit an increased knowledge of the program area after participating in training. Use of pre- and post-tests is preferred.	A. Number of people exhibiting an increase in knowledge post-training. B. Number of people trained during the reporting period. C. Percent of people trained who exhibited increased knowledge (A/B).	
Percent of organizations reporting improvements in operations based on training and technical assistance (TTA).	Number and percent of organizations reporting improvements in operations as a result of TTA 1 to 6 months post-service.	A. Number of organizations reporting improvements in operations based on TTA during the reporting period. B. Number of organizations served by TTA during the reporting period.
